Deep Saddlebags

- Injection molded for smooth inside and outside surfaces.
- Full set includes left and right sides, lids and bottoms.
- Bottoms have indents for muffler body on the under side with a slight curve down towards the rear.

VT No.	Item	Fits
49-3505	Full Set, Tops & Bottoms	FLT 1993-2013
49-2667	Bottom Set	FLT 1993-2013
49-0723	Liner Kit For Bags	FLT 1993-2013

49-1135

Stretched Saddlebag Bottom Set

- Includes right and left side with black unfinished surface.
- This saddlebag set is a perfect fit with all mounting holes that match stock locations, may re-use stock hardware for a true bolt-on experience. All mount holes are pre-drilled in stock location and pre-fit for the ease of installation.
- The bottoms are 2" deeper in the front than stock and 3" deeper in the rear, which gives these the stretched look.
- Designed for models with dual exhaust.
- Complete hinge, latch, and hardware kit is available separately for Road King riders looking to keep stock bags complete or for converting from leather covered bags. Order lids separately.

VT No.	Item	Fits
49-1135	Black Stretched Bottoms	FLT 2014-up

49-3500

Replica Saddlebags

- Plastic with a primed finish, ready for paint.
- Saddlebags for newer models are injection molded plastic.

42-9996 Inner fairing trim kit 61400296

12" Wind Splitter Windshield

• A great look for all Touring models and is shaped for the perfect combination of effective air flow management and style. The sweeping design complements the shape of the fairing and the inner dash panel and adds height over a traditional low-profile wind-deflector in the center where it counts. The shape decreases wind noise and improves the ability to hear the motorcycle's sound system.

51-0403

The typical airflow pattern of the wake from most windscreens is called a van Karman vortex. At speeds of 50-90 mph, the air swirls off the windscreen in an approximate 90-degree segment of rotation, hits the bottom of the rider's neck on the way up, and curves off the shoulder at approximately 45 degrees.

The patented "V" shape is so quiet because it pushes this vortex out and away from the side of the rider's head. The rider's helmet then resides in still air, and the passenger's environment is greatly improved as well.

Reduced wind noise... less turbulence... superior strength... perfect style. The VStream revolution is here!

51-1601

51-1602

The Touring Torque Linkage System

• No modifications are necessary to install this unit. After the unit is installed it will eliminate the lateral movement while still allowing the Iso mounted factory design of the "floating" drive train to move vertically as designed through connecting the rear of the transmission case to the frame. The kit utilizes an isolation link with a urethane plunger so there is no contact between the frame and engine transmission assembly, therefore reducing vibration.

• Fits 1993-08. 51-1602 includes outer mount bracket in chrome.

VT No.	Finish	Fits
51-1607	Chrome	FLT 1993-2008
51-1609	Black	FLT 1991-2008
51-1601	Black	FLT 1993-2008
51-1602	Chrome	FLT 1993-2008

Note: Installation on 1993-2001 models require 27-1235 foot peg spacer set as shown. Purchase 27-1235 separately.

Touring Wide Swingarm Kit

- This new wide swingarm kit come complete with all bolt-on parts necessary to install without modification.
- Kits include new wide rear swingarm with a 1" axle, custom 14 gauge rear OE style fender, saddle bag support kit, drive components, billet primary spacers and all brackets and hardware necessary.
- Allows use of OE stock tail lamp, saddle bags and exhaust.
- Accepts 16" x 5.5" x 17" x 5.5" x 18" x 5.5" rear wheels and most tires up to 200mm wide.
- Requires a 20mm rear belt and pulley.
- Models with 18" rear tire, use OE brake caliper, models with 16" rear tire require a smaller custom brake caliper.
- Installation of a tour pak or backrest will require OEM detachable docking hardware.
- Fits 2002-06 FLHT, FLHR and FLTR touring models.

VT No. 51-1252

1998-08 Frame for FLHR

• Accepts stock components for these years. Frame shipped in raw finish without swingarm.
