**GOODRIDGE CUSTOM CLEAR COAT HYDRAULIC CLUTCH LINES**

3 in. hydraulic clutch lines feature clear PVC-coated, PTFE-lined, premium stainless steel braided hose. PVC hose-coating is extruded to the stainless braiding, adding great looks and abrasion protection to expensive parts, while offering resistance to damaging UV rays. PTFE liner is an inert material, which is compatible with all hydraulic and brake fluids; has a heat range of 158° F to 500° F. Stainless steel braid is superior in pressure rating, flame resistance and volumetric expansion to all other materials, including Kevlar®.

- Chrome ends with 10 mm Banjo

## GOODRIDGE HYDRAULIC BUILD-A-CLUTCH LINE APPLICATION GUIDE

Available to fit Harley-Davidson® Big Twin models with H-D® stock hydraulic clutch systems. Using Goodridge universal adaptors, clutch actuator and universal line quickly and easily build a hydraulic clutch line in O.E. or custom lengths. The PVC line coating is extruded to the stainless braiding, adding great looks and abrasion protection to expensive parts, while offering resistance to damaging UV rays. The PTFE liner is an inert material, which is compatible with all hydraulic and brake fluids, has a heat range of -158° to 500°, and shields your brake system from moisture, unlike other materials like nylon. The stainless steel braid is superior in pressure rating, flame resistance, and volumetric expansion than all other materials, including Kevlar®.

<sup>1</sup> Use with Goodridge Universal Hoses

## BIKER'S CHOICE® THROTTLE CABLES & CABLES FOR S&S® AND MIKUNI CARBS

Harley-Davidson® throttle cables for 1996 and later models require the new press-in fitting on the cables unlike the pre-1996 models which have the screw-in cable ends. Although the measurement specifications for both types of cables are identical, please make sure to order the correct cable for your specific year and model.

<sup>1</sup> Cable housing length is measured from end to end (including fittings) if equipped with straight fittings, otherwise cable length is measured by total housing length including crimp collars (fittings excluded). Cable free length is measured by pulling the inner wire either direction and measuring exposed inner wire.

## BIKER'S CHOICE® CLUTCH CABLES

<sup>1</sup> Cable housing length is measured from end to end (including fittings) if equipped with straight fittings, otherwise cable length is measured by total housing length including crimp collars (fittings excluded). Cable free length is measured by pulling inner cable either direction and measuring exposed cable.

## EXCLUSIVE

**BIKER'S CHOICE® VINYL THROTTLE AND IDLE CABLES**

Meets or exceeds O.E. quality. Rolled tempered-steel wire coil-wound housing. Each cable features an inner nylon sleeve for long life and smooth operation. Biker's Choice® header cards prevent cables from falling through the bag and allows for easier display. With Biker's Choice® cables you can stock more for less than O.E. and cover more models.

- O.E. cables will fit later S&S® and Mikuni carbs

\* For use with cruise control.

## EXCLUSIVE

**BIKER'S CHOICE® VINYL CLUTCH CABLES**

Meets or exceeds O.E. quality. Rolled tempered-steel wire coil-wound housing. Hi-Performance cable features an inner nylon sleeve for long life and smooth operation. Biker's Choice® header cards prevent cables from falling through the bag and allows for easier display. With Biker's Choice® cables you can stock more for less than O.E. and cover more models.

- Available in plus lengths for most of your custom applications

### EXCLUSIVE

### BIKER'S CHOICE® ARMOR COAT THROTTLE AND IDLE CABLES

Attractive stainless steel weave with performance and attitude. Clear Armor Coat™ protects chrome and painted surfaces. Premium chrome fittings. Each cable features an inner nylon sleeve for long life and smooth operation. Biker's Choice® header cards prevent cables from falling through the bag and allows for easier display. With Biker's Choice® cables you can stock more for less than O.E. and cover more models. O.E. cables will fit later S&S® and Mikuni carbs.

\* For use with cruise control

## EXCLUSIVE

## BIKER'S CHOICE® ARMOR COAT CLUTCH CABLES

Attractive stainless steel weave with performance and attitude. Clear Armor Coat™ protects chrome and painted surfaces. Premium chrome fittings. Coil wound or longitudinally wound housing. Features top to bottom stainless steel weave—an industry first. Each cable features an inner nylon sleeve for long life and smooth operation. Biker's Choice® header cards prevent cables from falling through the bag and allows for easier display. With Biker's Choice® cables you can stock more for less than O.E. and cover more models.

- Available in plus lengths for most of your custom applications

### BARNETT CLEAR COAT THROTTLE AND IDLE CABLES

Stainless steel cables with clear coating offer that custom look without fear of damaging areas that the cables contact. The exterior Clear Coat™ is extruded Teflon® so it won't yellow.

- Available in stock or custom lengths
- Measurements provided are casing length only
- Made in USA

### BARNETT PLATINUM SERIES THROTTLE AND IDLE CABLES

Barnett Platinum Series braided cables feature our clear-coat protective finish and chrome or polished hardware and elbows where applicable. Clear-coat finish helps to protect painted surfaces and is guaranteed not to discolor from sun exposure. High-efficiency inner wire for longer life, smoother cable action, and reduced lever effort.

- Made in USA

## BARNETT CLEAR COAT STAINLESS STEEL CLUTCH CABLES

Stainless steel cables with clear coating offer that custom look without fear of damaging areas that the cables contact.

- The exterior Clear Coat™ is extruded Teflon® so it won't yellow.
- Available in stock or custom lengths
- Measurements provided are casing length only
- Made in USA
