EXCLUSIVE
TWIN POWER 20W50 SYNTHETIC ENGINE OIL

Our SAE 20W50 oil is specially formulated to protect American V-Twin motorcycle engines. This fully synthetic-based oil provides higher film strength, better low-temperature performance, superior wear protection and exceptional performance over a wider range of temperatures. If you are looking for something that protects against corrosion, sludge and varnish build-up, this is the oil for you. It meets or exceeds all manufacturer's warranty criteria and will not void new vehicle warranty, and meets or exceeds API CI-4/SL Service Classification.

- Made in USA

EXCLUSIVE
TWIN POWER PREMIUM ENGINE OIL

Specially formulated for American V-Twins, meets or exceeds all O.E.M. specifications. Twin Power™ Premium Engine Oil is specially formulated to protect American V-Twin motorcycle engines operating under extreme conditions. It has a special additive package that extends engine life and boosts performance by allowing the engine to run cooler. Protect your ride against corrosion, sludge and varnish build-up. Meets or exceeds all manufacturer's warranty criteria and will not void your new vehicle warranty.

- Made in USA

Note: See your owner's manual for the proper SAE grade oil for your riding conditions.

EXCLUSIVE
TWIN POWER OIL CHANGE-IN-A-BOX

Everything needed for a complete oil change (engine oil, transmission oil, and primary oil) featuring quality Twin Power lubricants and filter. The Twin Power™ Oil Change-In-A-Box gives you everything you need to give your bike some fresh lube. The Sportster kits include one gallon 20W50 Twin Power™ oil, one quart of Twin Power™ Sportlube and one Twin Power™ chrome oil filter. The Big Twin kits include one gallon of 20W50 Twin Power™ oil, one quart of Twin Power™ primary fluid, one quart of Twin Power™ semi-synthetic transmission fluid and one Twin Power™ chrome oil filter.

MAXIMA® V-TWIN FULL SYNTHETIC OIL

Full synthetic, ester-based motorcycle oil specifically formulated for V-Twin engines. Advanced technology lowers operating temperatures, reduces wear, increases film strength and offers extended protection. Regenerative polymer system resists mechanical shearing and heat breakdown of the oil, offering exceptional viscosity retention in severe climates. Superior additive package keeps engines clean, protects against sludge and allows for trouble free operation. Engineered and approved to be used as multicompartiment oil for all Harley-Davidson® V-Twin engines, transmissions and primaries.

- Meets all warranty requirements for Harley-Davidson® engines; does not void new motorcycle warranties
- Made in USA

MAXIMA® TWIN CAM SYNTHETIC 20W-50 FILTER KIT

Maxima V-Twin 100% Synthetic Engine Oil is an ester based motorcycle oil engineered and approved to be used as a multi-compartment oil for H-D V-Twin engines, transmissions and primaries. Surface-active ester technology lowers operating temperatures, reduces wear, increases film strength and offers extended protection. Maxima V-Twin Transmission 80W-90 Oil is a high-quality, mineral based motorcycle gear oil. Recommended for use in 4-, 5- and 6-speed high performance gear boxes. High film strength gear oil provides excellent protection against shock loads, viscosity loss and wear. Extreme pressure additives and surface active chemistry allow smooth shifting under peak loads and RPMs. Maxima V-Twin Primary Oil is a high-quality, mineral based motorcycle gear oil formulated for high-performance transmissions and primary chaincases. Robust formula resists mechanical shearing and heat breakdown of the oil. Ultra-clean detergents protect gears from wear, deposits and allow for trouble-free operation.

- Fits '99-present Twin Cam engines
- Meets or exceeds all manufacturers' specifications and will not void your new vehicle warranty

Includes:

- 4 quarts of Maxima V-Twin 100% Synthetic 20W-50 Engine Oil
- 1 quart of Maxima V-Twin Mineral Transmission 80W-90 Oil
- 1 quart of Maxima V-Twin Mineral Primary Oil
- 1 K&N Wrench-Off Oil Filter™

SILKOLENE® PRO 4 XP OIL

Using electrostatic forces to bond low-friction molecules to stressed metal surfaces, Pro 4 releases hidden power and ensures long-term performance retention; exceptional stay-in-grade characteristics makes it ideal for all highly tuned, high-output engine transmission units. Fully synthetic and race-proven to provide exceptional anti-wear and anti-friction performance under all temperature extremes. Utilizes ester synthetics, derived from aerospace lubrication technology, to impart excellent anti-wear properties throughout a wide operating temperature range. Advanced surface chemistry provides vital protection to pistons and bores, cam lobes and bearings, even during the cold start period before full lubricant flow is achieved.

- API SG/SH, SJ/SL, CCMC G5 and JASO MA2 certified

SILKOLENE® SUPER 4 OIL

Using MC-Syn semi-synthetic technology, the Fuchs Silkolene Super 4 range is better than conventional mineral oils. Protects the engine and transmission with advanced additive chemistry from start-up to full power. Detergents, dispersants and load carrying agents are incorporated to give excellent engine cleanliness and minimum wear of moving parts. A balanced blend of inhibitors and anti-wear agents ensure correct operation of oil immersed clutches and other drive line components.

LUCAS OIL® SYNTHETIC MOTORCYCLE ENGINE OIL

True racing oils that far exceed all manufacturer specifications and can outlast other oils up to 4x on the track or on the street. Delivers lower oil temperatures, longer oil life and longer component life. Formulated to lower engine temperatures and raise oil pressure. Increases performance and reduces noise. Synthetic motorcycle oils contain a high level of detergents and dispersants to resist sludge and varnish formation, offering maximum protection with minimum drag.

- Proven to cool and quiet engines and gear boxes
- Use SAE 20W50 in all air-cooled and water-cooled 4-Stroke engines, primaries and transmissions that call for SAE 20W50 motor oil
- Made in USA

LUCAS OIL® HIGH-PERFORMANCE SYNTHETIC 4T MOTORCYCLE OIL WITH MOLY

A TRUE racing oil that far exceeds all manufacturer specifications. The unique moly chemistry provides maximum friction reducing properties in severe racing applications and is the result of technology gained through years of blending motor oils and gear oils for the racing industry. Can outlast other oils up to 4x on the track or on the street. Use in all air-cooled and water-cooled 4-Stroke engines calling for SAE 10W40 motor oil (JASO MB).

- Excellent wear protection at startup
- Meets or exceeds API SJ / JASO MB
- Made in USA

Note: Engine oil only. Not suitable for wet clutch applications.

ROYAL PURPLE® MAX-CYCLE ENGINE OIL

Formulated with select synthetic base oils and Royal Purple's proprietary Synerlec® additive technology. Provides film strength that is up to 400% stronger than the leading synthetic and mineral oil. Synerlec® greatly reduces engine wear. Continually adheres to metal surfaces, even after shut-down to provide instant protection at start-up.

- For use in both air-cooled and liquid-cooled 4-Cycle engines
- Compatible with wet-clutch transmissions
- Exceeds API/JASO new warranty requirements and is compatible with other motor oils
- No flushing is necessary prior to use
- Made in USA

TWIN POWER PRIMARY CHAIN CASE LUBE

Specially formulated for use in 1984 and later Harley-Davidson® Big Twin models with "wet" diaphragm spring clutches. This is a high-quality, mineral-based lubricant with additives to reduce clutch drag and maximize the life of chains and sprockets on your favorite ride.

- Made in USA

Size	For Case Order	P/N	Retail
1 qt.	12	531918	7.50

NEW!

MAXIMA® V-TWIN SYNTHETIC PRIMARY OIL

A high-quality, synthetic based motorcycle gear oil formulated for high-performance transmissions and primary chaincases. Designed for use in all 1984 and newer H-D models with wet diaphragm spring clutches. Extreme pressure additives and surface active chemistry protect against shock loads and allow smooth shifting under peak loads and RPMs. Robust formula resists mechanical shearing and heat breakdown of the oil. Ultra-clean detergents protect gears from wear, deposits and allow for trouble-free operation.

Size	For Case Order	P/N	Retail
1 qt.	12	531849	10.95

BEL-RAY® V-TWIN PRIMARY CHAINCASE LUBRICANT

Formulated for primary chains and wet clutches. Wear protection extends transmission life. Prevents clutch slipping and chatter for consistent engagement.

- Distinctive red color for leak detection
- 80W viscosity
- Made in USA

5W30	1 qt.	12	VH7102	12.99 ea

LUCAS OIL® PRIMARY CHAINCASE OIL

Cools and quiets. Designed for heavy-duty, high-performance situations.

- Meets or exceeds all O.E.M. requirements
 - Made in USA
 - Sold in case quantity only, retail priced individually
- Note: Primary chaincase oil is a coolant for the clutch, as well as a lubricant for the chain and sprockets.

Size	For Case Order	P/N	Retail
1 qt.	6	532158	10.49 ea

RED LINE® V-TWIN PRIMARY CASE OIL

Where most synthetics are too slippery for clutch operation, this friction-balanced product is balanced to provide less slip, smoother operation and helps to apply more power in modified engines. Same fluid as our famous MTL gear oil. Improves clutch operation while reducing wear and temperature.

- This product is for use in the primary chaincase with wet-diaphragm spring clutches
- For 1984 to present V-Twin American motorcycle engines, including Evolution, Twin Cam and aftermarket engines of similar design
- Made in USA

Size	For Case Order	P/N	Retail

RED LINE® 80W GEAR OIL WITH SHOCKPROOF

ShockProof® features microscopic solid medium to provide cushioning between gear teeth, while maintaining lower drag. Provides consistent shifting and wet-clutch operation. Popular for 65cc, 85cc, 125cc and 250cc 2-Stroke motocross transmissions as well as shifter kart gearboxes and CRF transmission cases.

- Made in USA

Grade	Size	For Case Order	P/N	Retail
80W	1 qt.	12	531194	19.95 ea

RED LINE® V-TWIN TRANSMISSION OIL WITH SHOCKPROOF

ShockProof® features microscopic solid medium to provide cushioning between gear teeth, while maintaining lower drag. Provides consistent shifting and wet-clutch operation. Popular for 65cc, 85cc, 125cc and 250cc 2-Stroke motocross transmi

- For all H-D® and aftermarket transmissions
- Made in USA

Size	For Case Order	P/N	Retail
1 qt.	12	531183	19.95 ea

CASTROL® MTX SYNTHETIC GEAR OIL

Premium part synthetic motorcycle gear oil, designed to enhance performance of the latest generation of on/offroad 2-Stroke bikes.

- Suitable for motorcycles where a dedicated transmission oil is required
- Suitable for wet clutch systems

Grade	Size	For Case Order	P/N	Retail
80W	1 liter	12	430335	13.95 ea

CASTROL® SYNTRAX LIMITED SLIP 75W-90 GEAR OIL

Premium, full-synthetic gear oil. Provides maximum wear protection under severe service conditions and during extended drains. Improved thermal stability and excellent shear stability for superior wear protection.

- Meets or exceeds API GL-5 and MT-1 requirements

Grade	Size	For Case Order	P/N	Retail
75W90	1 liter	6	430336	19.95 ea

CASTROL® AXLE LIMITED SLIP 80W-90 GEAR OIL

Recommended for service fill of conventional and limited slip differentials in passenger cars, motorcycles and light trucks.

- Meets or exceeds API GL-5 and MT-1 requirements

Grade	Size	For Case Order	P/N	Retail
80W90	1 liter	12	430337	9.49 ea

ROYAL PURPLE® MAX-GEAR LUBRICANT

Gears run smoother, quieter, cooler and longer without overhauls. Recommended for use in differentials, manual transmissions and lower gear units. Superior corrosion protection. Separates rapidly from water.

- Made in USA

MOBIL 1 SYNTHETIC GEAR LUBRICANT 75W-90

Minimizes wear to prolong gear life. Offers the highest resistance to breakdown from heat and high-speed operation. Improves fuel economy.

- Exceeds API GL-4 and GL-5 specifications

Grade	Size	For Case Order	P/N	Retail
75W90	1 qt.	12	533102	17.69 ea

EXCLUSIVE

TWIN POWER SPORTLUBE SPORTSTER TRANSMISSION FLUID

Specially formulated for 71 and later XL models for smooth shifting and clutch action. This SAE 80W90 oil has been specially formulated for use in 1971 and later Harley-Davidson® Sportster® models with common primary and transmission chain cases. It contains friction modifiers to reduce transmission drag and protect chains, sprockets and gears.

Size	For Case Order	P/N	Retail
1 qt.	12	531915	7.49

BEL-RAY® V-TWIN SPORT TRANSMISSION FLUID

Formulated for the transmission and primary of Sportster® motorcycles. Wear protection extends transmission life. Prevents clutch slipping and chatter for consistent engagement.

- Distinctive red color for leak detection
- 85W viscosity
- Made in USA

Grade	Size	For Case Order	P/N	Retail
85W	1 liter	12	444149	11.49 ea
85W	60 liter		440103 ¹	539.95 ea

¹ Special order

MAXIMA® V-TWIN SPORTSTER GEAR AND CHAIN CASE OIL

Formulated for high-performance transmissions and primary chain cases. Recommended for use in 1971 and newer XR and XL Harley-Davidson® motorcycles. Unsurpassed extreme pressure additives and surface active chemistry allow smooth shifting under peak loads and RPMs. High film strength provides excellent wear protection and durability.

- Made in USA

Size	For Case Order	P/N	Retail
1 qt.	12	531844	7.95 ea

BEL-RAY® MOTO CHILL RACING COOLANT

Non-toxic, Propylene Glycol antifreeze protects aluminum and magnesium components from corrosion.

- Premixed, ready-to-use
- Compatible with all common coolants
- Made in USA

Size	For Case Order	P/N	Retail
1 liter	12	444164	11.99 ea
4 liter	4	444165	42.99 ea

MAXIMA® COOLANOL

50/50 blend of premium antifreeze and deionized water delivers an unsurpassed 265° F+ boil point and -34° F freeze point. Special additives protect against cavitation, foaming, rust and corrosion, lubricates water pump and conditions seals.

- Pre-mixed, ready-to-use, increases boiling point
- Made in USA

Size	For Case Order	P/N	Retail
64 oz.	6	530546	16.95 ea

¹ Item will be drop-shipped

CYCLELOGIC ENGINE ICE

High-performance coolant, non-toxic and biodegradable formulation proven to reduce operating temperatures by as much as 50°F. Tested and proven non-corrosive on even the most exotic metals.

- Road-race legal in CCS, ASRA and other road-racing sanctions
- Antifreeze product with freeze protection down to -26° F
- For use in all types of liquid-cooled engines

Size	For Case Order	P/N	Retail
1/2 gal.	4	721169	21.95 ea
5 gal.		721168	188.95 ea

EVANS® POWERSPORTS COOLANT

Coolant is ready-to-use: no water required. Will not build vapor pressure: safe for pump seals and bearings. No corrosion or electrolysis. This is a lifetime coolant: no need to change out.

- For use in all types of liquid-cooled engines
- Will not boil over: boiling point +375°F
- Freeze protection below -40°F
- Made in USA

Size	For Case Order	P/N	Retail
1/2 gal.	8	510040	29.95 ea

EVANS® ORIGINAL NPG COOLANT

Waterless propylene glycol formula for venues with "no ethylene glycol" rule. Will not build vapor pressure: safe for pump seals and bearings. No corrosion or electrolysis.

- Legal in AMA Pro Flat Track, CCS, ASRA, MotoGP and other race series
- Non-toxic, biodegradable
- Lifetime coolant: no need to change out
- Will not boil over: boiling point +375°F
- Freeze protection below -40°F
- Made in USA

Note: Use powersports coolant unless rules require NPG Coolant.

Size	For Case Order	P/N	Retail
1/2 gal.	8	510041	29.99 ea

NEW! EVANS® PREP FLUID

A waterless cooling system flush, engineered specifically to purge the cooling system of water-based antifreeze after draining and before installing Evans Waterless Coolant.

- Hygroscopically absorbs water
- Ensures all residual water is removed from the system
- Ensures that Evans coolants will meet the water content limits and provide peak performance
- Protects cooling system metals during flush

Note: Prep Fluid should be used when block drains are unavailable or cannot be removed. It is not a substitute for thoroughly draining the cooling system and related components. Prep Fluid is NOT intended to be a stand-alone operating coolant, but as a flush only.

Size	P/N	Retail
.5 gal.	510051	23.95

SILKOLENE® PRO CCA ULTRA

Corrosion protection for all metals normally found in cooling systems. Harmless to seals, elastomers and all other non-metals used in the cooling circuit.

- Suitable for many racing applications

Size	For Case Order	P/N	Retail
1 liter	10	430398	27.00 ea

SILKOLENE® MAG COOL COOLANT

Mag Cool is ready to use, no diluting necessary. Based on monoethylene glycol and free from nitrates.

- OAT technology
- Suitable for all engines, including those containing magnesium alloys
- -40°C freeze protection
- Prevents cavitation, excellent corrosion resistance and deposit control
- Contains a bittering agent

Size	For Case Order	P/N	Retail
1 liter	10	430387	10.95 ea

SILKOLENE® PRO-COOL

A superior 50% propylene glycol/water engine coolant with an advanced non-toxic formulation. Designed to give optimum cooling and extra protection against cavitation, erosion and corrosion.

- Compatible with ethylene glycol-based antifreeze
- Protects down to -35° C and is EPA safe
- Does not contain harmful silicates

Size	For Case Order	P/N	Retail
1 liter	10	430259	10.95

MOTOREX® COOLANT M3.0

Ready-to-use, silicate-free ethylene glycol formula protects aluminum engines against corrosion, deposits, overheating and freezing.

- Silicate-, phosphate- and nitrate-free
- Ideal for 2015 KTM Street/2016 Offroad applications
- Compatible with all seals, hoses and plastics
- Freeze protection down to -33°C/-27°F

Size	For Case Order	P/N	Retail
1 liter	12	981512	19.95 ea

MOTOREX® COOLANT M5.0

Ready-to-use ethylene glycol formula protects all metal and alloy engine and cooling system components against corrosion, deposits, overheating and freezing.

- Phosphate- and nitrate-free
- Compatible with all seals, hoses and plastics with three-year service life
- Ideal for 2015 KTM Street/2016 Offroad applications
- Freeze protection down to -33° C/-27° F

Size	For Case Order	P/N	Retail

COOLANT

LIQUID PERFORMANCE® ICE WATER RACING COOLANT

Water-based coolant designed for racing engines of all types formulated with a broad spectrum corrosion inhibitor package that will protect your motor from both ferrous and nonferrous degradation. Proprietary ingredients that are designed to provide maximum heat transfer in the most extreme temperatures and operating conditions allowing for greater horsepower without overheating. Meets the most stringent racing specifications and is AMA Pro Racing, WERA, CCS and ASRA track approved for all race classes.

- Contains no glycols or polyglycols
- Environmentally friendly green product

Size	For Case Order	P/N	Retail
1/2 gal.	4	531095	18.99 ea

LIQUID PERFORMANCE® RACING COOLANT AND ANTIFREEZE

Coolant and antifreeze has the added benefits of LP3 to reduce heat, friction and internal engine wear. Premixed with deionized water so it is ready-to-use.

- Non-toxic and biodegradable

NEW!

PROGRESSIVE SUSPENSION® FORK OIL

Recommended for use with Progressive Suspension® fork suspension products. Available in a Standard 10wt Type E and Heavy Duty 20wt. Our special blend formula helps provide superior damping and long lasting lubrication along with anti-foaming, anti-rust and anti-corrosion attributes. It also maintains temperature stability, minimizes fluid leakage, resists fading while preserving fork seals.

- Exceeds all known O.E.M. and Harley-Davidson® warranty requirements
- Made in USA

Grade	Size	For Case Order	P/N	Retail
10W	1 qt.	12	778577	11.99
20W	1 qt.	12	778578	11.99

MAXIMA® V-TWIN FORK OIL

V-Twin fork oil with Lubricol, reduces stiction and provides uniform fork action over a wide temperature range. Regenerative synthetic polymer system resists viscosity loss offering ultra-smooth, consistent suspension operation. High-viscosity index fluid contains special additives to condition seals, control foaming, oxidation, rust and corrosion.

- 5wt.-Type B, 10 wt.-Type E and 20 wt.-Type H/D

SILKOLENE® SYNTHETIC RACING FORK FLUIDS

Integrated with race-developed foam- and water-resistant chemistry, these fluids provide exceptional performance in the latest front forks and suspension systems. Due to their outstanding resistance to shear forces and high temps, the fluids are ideally suited to long-distance events and severe conditions; the 100% synthetic formulation is optimized to combat fluid volatility even at high temps, ensuring predictable dampening characteristics. Extensively used by factory teams and suspension specialists in offroad and road-racing competition.

Grade	Size	For Case Order	P/N	Retail
02 Synthetic	1 liter	10	430382	27.95
05 Synthetic	1 liter	10	430383	27.95

RED LINE® SUSPENSION FLUID

Superior shear stability over most popular shock oils. Allows use of lower viscosities. Far less shock fade, provides lower operating temps for same viscosity when compared to conventional fluids. Eliminates most foaming and provides excellent seal lubricity.

- Made in USA

LUCAS OIL® FUEL STABILIZER

A better solution to prevent gasoline break-down during storage. Safe to use in all grades of gasoline and in all 2- and 4-Cycle engines, and easy-to-use.

- Application rate: 1 oz. to treat 1 gal.
- Made in USA

Size	For Case Order	P/N	Retail
8 oz.	12	532174	5.21 ea
15 oz.	12	532175	7.99 ea

MAXIMA® HI-TEST OCTANE BOOSTER

Booster helps prevent pinging and knocking. Will not dye color of plastic gas tanks.

- Legal for all racing
- 1 oz. per gallon raises octane level up to four points
- Made in USA

Size	For Case Order	P/N	Retail
16 oz.	12	530530	6.49 ea

MAXIMA® CONCENTRATED FUEL STABILIZER

Keeps stored gas fresh indefinitely. Protects carbs and gas tanks in storage and protects against corrosion due to ethanol-based fuels.

- Use 1 oz. per 2-1/2 gal.
- Made in USA

Size	For Case Order	P/N	Retail
8 oz.	12	530585	4.99 ea
1 liter	12	530905	13.95 ea

NEW!

LUCAS OIL® DEEP CLEAN FUEL SYSTEM CLEANER

Blended with an exclusive Lucas additive package and specific carrier fluid that contains no diesel fuel, kerosene or anything else that can be harmful or useless to an engine.

- Greatly reduced NOx emissions, eliminates the need for higher octane fuel and deep cleans the entire fuel system and combustion chamber
- Removes carbon deposits
- Totally eliminates knocking and pinging
- Raises MPG and performance
- Made in USA

Size	For Case Order	P/N	Retail
5.25 oz.	12	532168	8.29 ea
16 oz.	12	532169	11.49 ea

NEW!

LUCAS OIL® SAFEGUARD ETHANOL FUEL CONDITIONER WITH STABILIZERS

Developed to specifically address issues associated with using ethanol-based fuels; this applies to E-10, E-15, E-85, pure ethanol and any mixtures in between, including gasoline. Completely soluble in all ethanol fuels and will not harm filters. Contains effective additives to prevent rust and corrosion associated with the use of ethanol fuels. Cleans injectors, valve seats, combustion chambers and other critical fuel components. Stabilizes fuel and prevents varnish and gum formation in ethanol and gasoline. Combats deposits and protects your engine oil lubricants from the harmful effects of alcohol combustion.

- One ounce treats 5 gal. of ethanol fuel; 5.25 oz. bottle treats up to 25 gal. of ethanol fuel
- Made in USA

Size	For Case Order	P/N	Retail
5.25 oz.	24	532170	6.63 ea

STA-BIL® STORAGE

Keeps fuel fresh for up to 24 months so eliminates the need to drain fuel prior to storage. Ensures quick, easy starts and prevents gum and varnish build-up.

- Effective in all gasoline, including ethanol blends
- For all gasoline engines, including 2-Cycle

Type	Size	For Case Order	P/N	Retail
Treats 5 gal.	4 oz.	24	530050	5.49 ea
Treats 20 gal.	8 oz.	12	530051	8.49 ea
Treats 80 gal.	32 oz.	12	530052	19.95 ea

STA-BIL® 360 DEGREE PERFORMANCE WITH VAPOR TECHNOLOGY

For everyday, optimal performance and protection. Prevents corrosion and white rust formation caused by today's ethanol blended fuels. Cleans carburetors, fuel injectors and intake valves. Keeps engine running smoothly with every use and helps remove water from fuel.

Size	Sold as Case of	P/N	Retail
4 oz.	8	530047	5.99 ea
10 oz.	12	530048	9.29 ea

STA-BIL® 104+ OCTANE BOOST AND COMPLETE FUEL SYSTEM CLEANER

Cleaner boosts power, improves gas mileage, cleans fuel injectors, reduces knocks, pings and hesitation. Safe for catalytic converters and oxygen sensors.

Size	Sold as Case of	P/N	Retail
4 oz.	8	530059	5.99 ea

STA-BIL® FOGGING OIL

Fogging oil prevents corrosion of internal engine parts during storage.

- No CFCs

Size	For Case Order	P/N	Retail
10 oz.	6	530049	6.95 ea

STA-BIL® MARINE ETHANOL TREATMENT AND PERFORMANCE IMPROVER

Prevents ethanol fuel related damage in marine engines. Specially formulated for use in high-moisture environments. Removes water from fuel to help prevent phase separation. Prevents corrosion caused by ethanol and moisture. Cleans fuel system for improved in-season performance. Stabilizes fuel to keep it fresh during storage.

- For use at every fill up

Size	For Case Order	P/N	Retail
8 oz.	12	530055	11.49 ea
32 oz.	6	530056	30.95 ea

RED LINE® COMPLETE FUEL SYSTEM CLEANER

Pour one bottle into a street bike, dirt bike, ATV or PWC for quick clean-up. Improves fuel economy, throttle response, hesitation and stalling. Concentrated, high-temp detergents clean your carburetors or fuel injectors, fuel lines, tank, intake valves, combustion chambers, fouled plugs. Compatible with both pump gas and race fuel, premixed or injected 2-Stroke. Cleans deposits on intake valves and combustion chambers, lubricates upper cylinder. Reduces octane demand and regain lost power and improves fuel economy. Cleans emission control systems (safe for the latest catalytic converters and sensors).

- Made in USA

Size	For Case Order	P/N	Retail
4 oz.	12	531190	5.95 ea

PJ1® OCTANE PLUS WITH LEAD SUBSTITUTE

Increases octane rating and stabilizes fuel. Reduces detonation, improves performance, and prevents gas freeze-up.

- Made in USA

Size	For Case Order	P/N	Retail
1/2 liter	6	536017	14.99 ea

PJ1® FUEL INJECTOR AND CARB CLEANER

Cleans fuel systems quickly and efficiently. Improves fuel economy. Dissolves and removes deposits and varnish build-up.

- Made in USA

Size	For Case Order	P/N	Retail
12 oz.	6	536045	11.49 ea

SEAFOAM® SPRAY

Top engine cleaner and lube.

Petroleum-based product for use in cleaning harmful gum varnish and deposit build-up from air induction systems and combustion chambers in all 2-Cycle and 4-Cycle gasoline engines. Cleaner engines generally produce fewer emissions, EPA registered. Helps reduce hesitation, stalls, pings, flat spots and rough idle due to deposit build-up. Use to store and fog 2-Cycle and 4-Cycle engines. Helps clean deposits from intake valves and combustion chambers. Helps reduce catalytic converter odors, and restore power and performance.

- Oxygen sensor safe

Size	For Case Order	P/N	Retail
12 oz.	12	530172	9.99 ea

SEAFOAM® MOTOR TREATMENT

For gas and diesel engines to help clean fuel injectors and clean carb jets. Cleaner engines reduce emissions. Stabilize fuels, control moisture in fuels, quiet noisy lifters, add lubricity to fuel, lube upper cylinders, de-ice and anti-gel, reduce hesitation and rough idle and clean deposits.

Size	For Case Order	P/N	Retail
16 oz.	24	530170	9.99 ea
128 oz.	4	530171	69.99 ea

LIQUID PERFORMANCE® COMPLETE FUEL SYSTEM CLEANER

Advanced combustion chamber detergent that is highly effective for all types of fuel system deposits. Provides intake valve deposit control, port fuel injection and carburetor detergency. Reduces combustion chamber deposits and eliminates the cause of pre-ignition. Reduces run-on and rapidly cleans up carburetors, fuel injectors, intake valves and manifolds.

- Sold in display quantity only, retail priced individually

Size	For Case Order	P/N	Retail
1 oz.	24	531643	2.99 ea
4 oz.	12	531642	6.99 ea

LIQUID PERFORMANCE® ETHANOL EQUALIZER COUNTERTOP DISPLAY

- 1 oz. treats up to 10 gal.
- 4 oz. treats up to 40 gal.
- Stops all ethanol fuel problems
- Removes water from fuel
- Increases fuel mileage
- Increases horsepower
- Stabilizes fuel
- Boosts octane
- EPA registered
- Sold in display quantity only, retail priced individually

Size	Display Quantity of	P/N	Retail
4 oz.	Display of 12	531097	7.99

LIQUID PERFORMANCE® ETHANOL EQUALIZER

Stabilizer that removes water from fuel, increases fuel mileage, increases horsepower, stabilizes fuel and boosts octane. Stops all ethanol fuel problems.

- 1 oz. treats up to 10 gal.
- EPA registered

Size	For Case Order	P/N	Retail
16 oz.	10	531654	24.99
1 oz.	24	531059	2.99
4 oz.	12	531061	7.99

VP RACING FUELS® OCTANIUM

Increases horsepower and increases octane up to eight numbers. Improves throttle response and acceleration.

- Lead substitute
- 32 oz. treats up to 10 gallons.

Size	For Case Order	P/N	Retail
32 oz.	8	152297	18.95

VP RACING FUELS® POWERBOOST

Cleans fuel system, removes deposits from combustion chamber. Increases horsepower, improves vaporization and enhances combustion, and reduces need for higher octane.

- For use in all 4-cycle and 2-cycle gasoline engines
- 16 oz. treats up to 18 gallons.

Size	For Case Order	P/N	Retail
16 oz.	9	152299	9.95

VP RACING FUELS® FUEL SYSTEM CLEANER

Fuel system cleaner with RP21™. Cleans pistons, rings, valves and restores performance. Provides 5,000 mile protection. Reduces engines need for higher octane.

- For use in all 4-cycle and 2-cycle gasoline engines
- 16 oz. treats up to 20 gallons.

Size	For Case Order	P/N	Retail
16 oz.	9	152296	11.95

VP RACING FUELS® FUEL STABILIZER WITH ETHANOL SHIELD

Three-year fuel stabilizer. Eliminates ethanol fuel problems. Protects and prevents need for repairs. Extends engine life and reduces heat.

- For use in all four cycle and two cycle engines
- ETHANOL SHIELD™ is a registered trademark of B3C, Inc.
- Up to three years-1 oz. per 1 gal. of fuel
- 8 oz. treats up to 80 gallons.

Size	For Case Order	P/N	Retail
8 oz.	9	152295	8.95

VP RACING FUELS® CENTANIUM

Increases horsepower and cetane, increases fuel mileage, and prevents sludge and deposits. Cleans injectors and pumps. Provides protection for Biodiesel applications.

- 32 oz. treats up to 10 gallons.

Size	For Case Order	P/N	Retail
32 oz.	8	152298	18.95

CAL-PRODUCTS ROCKET FUEL

Smoke suppressant, helps with valve and seal lubrication and protects pistons and heads. Comes in new clean and convenient disposable tube. Mix one package with 2 to 5 gal. of gasoline.

- Safe for fuel injected engines and carbureted engines
- For use in over 100 years of Harley® motors
- 55 single-use tubes
- Not for continuous use on bikes with oxygen sensor or catalytic converter
- Sold only in case quantity of 55 with display, retail priced individually

Size	Sold as Case of	P/N	Retail
1 oz.	55	599325	1.95

BikeMaster

EXCLUSIVE

BIKEMASTER® CONTACT CLEANER

Contact cleaner cuts through and removes dirt, grease and oil quickly. Dries fast with no residue left behind. Safe on most surfaces and finishes.

- Made in USA
- Legal in all 50 states

Size	For Case Order	P/N	Retail
13 oz.	12	531850	6.99 ea

SILKOLENE® CONTACT CLEANER

A combination of powerful solvents, designed to clean components leaving no residual film. Used as final cleaner before assembly of all suspension components and engine cylinders. Removes grease, oil and other contaminants. Ideal for cleaning spark plugs, contact points, carbs, brake components and other vital parts. Great as a pre-prep prior to installing graphics and also works well for removing old sticky adhesives from old graphics and stickers.

Size	For Case Order	P/N	Retail
15 oz.	12	430286	10.95 ea

BEL-RAY® CONTACT CLEANER

Easy-to-use aerosol permits pinpoint precision for best results in difficult to reach areas and leaves no mess to clean.

- Made in USA

Size	For Case Order	P/N	Retail
400 ml	12	440033	7.95 ea

MOTOREX® CARBURETOR CLEAN SPRAY

- Suited for all carburetor types
- Tested with catalytic converters
- Legal in all 50 states

Size	For Case Order	P/N	Retail
500 ml	12	980151	13.95 ea

MAXIMA® ELECTRICAL CONTACT CLEANER

Contact cleaner removes grease, oil and other contaminants while it displaces moisture, cleans brakes, ignitions and carbs.

- Citrus-scented, user-friendly formula
- Ozone safe formula
- Made in USA

Size	For Case Order	P/N	Retail
13 oz.	12	530525	6.99

PJ1® PRO-ENVIRO CARB CLEANER

Ideal for quick cleaning injectors, carb jets and other moving parts.

- Environmentally friendly
- No chlorinated solvents
- Made in USA
- Legal in all 50 states

Size	For Case Order	P/N	Retail
16 oz.	6	536070	11.49 ea

CONTACT AND CARB CLEANER

PJ1® PRO-ENVIRO CONTACT CLEANER

Removes carbon and other contaminants from plugs, ignition points and other electrical components.

- Environmentally friendly
- No chlorinated solvents
- Made in USA

Type	Size	For Case Order	P/N	Retail
Standard	19 oz.	6	536072	11.49 ea
C.A.R.B.	19 oz.	6	536135 ¹	11.49 ea

¹ California compliant

ORIGINAL BIKE SPIRITS® CARBURETOR CLEANER

High-pressure blast spray eliminates stalling and rough idling to clean inside and out.

- For gasoline engines only
- Cleans carb, choke and throttle bodies
- VOC compliant in all 50 States
- Sold in case quantity only, retail priced individually

Size	Sold as Case of	P/N	Retail
11.3 oz.	12	530398	6.99 ea

PJ1® SUPER CLEANER

Cleans, degreases and removes moisture from all electrical connections, plugs and carburetors.

- Harmless to most plastics and paint
- Fast drying, leaves no residue
- Made in USA

BRAKE FLUID & CLEANERS

BEL-RAY® RACING BRAKE FLUID

Suitable for all types of hydraulic brake systems requiring DOT 3, DOT 4 or DOT 5.1 brake fluid.

- Dry Boiling Point: 304 degrees C (580 degrees F)
- Wet Boiling Point: 210 degrees C (410 degrees F)
- Made in USA
- Racing Brake Fluid exceeds FMVSS Sec.571.116 DOT 4, SAE J1703 and ISO 4925
- Not compatible with systems requiring mineral-based fluids (LHM)
- Made in USA

Size	For Case Order	P/N	Retail
355 ml	12	440039	15.99 ea

BEL-RAY® SUPER DOT 4 BRAKE FLUID

Brake fluid formulated for hydraulic brake systems.

- Mixes with all fluids meeting DOT 3 and DOT 4 specifications
- Boiling point: dry 522° F, wet 336° F
- Made in USA
- Exceeds SAE Spec J-1703, FMVSS-116
- For brake systems and hydraulic clutches, except systems using mineral base fluids
- Made in USA

Size	For Case Order	P/N	Retail
355 ml	12	440024	8.99 ea

BEL-RAY® SILICONE DOT 5 BRAKE FLUID

Brake fluid formulated for hydraulic brake systems that will not damage paint or absorb moisture.

- Mixes with all fluids meeting DOT 5 specifications (not compatible with DOT 3 or DOT 4)
- Boiling point: dry 500° F, wet 365° F
- Made in USA
- For brake systems and hydraulic clutches, except systems using mineral base fluids
- Made in USA

Size	For Case Order	P/N	Retail
355 ml	12	440025	16.49 ea

MAXIMA® DOT 4 HI-TEMP RACING BRAKE FLUID

Synthetic DOT 4, Hi-Temp formula - 600°F. Safe for use with magnesium components.

- Recommended for all US, UK, Japanese and European motorcycles
- Mixes safely with DOT 3 and DOT 4 brake fluids
- Made in USA

Size	For Case Order	P/N	Retail
12 oz.	24	530931	15.49

MAXIMA® DOT 4 BRAKE FLUID

- Exceeds O.E.M. specifications
- Recommended for all US, UK, Japanese and European Motorcycles
- Mixes safely with DOT 3 and DOT 4 brake fluids
- Made in USA

Size	For Case Order	P/N	Retail
12 oz.	12	530930	6.99

MAXIMA® DOT 5 SILICONE BRAKE FLUID

- Silicone-based brake fluid
- Use only where DOT 5 brake fluid is specified
- Purple color
- Made in USA

Note: Do not mix with DOT 3, DOT 4 or DOT 5.1 brake fluids

Size	For Case Order	P/N	Retail
11 oz.	12	530932	12.99

SILKOLENE® UNIVERSAL BRAKE AND CLUTCH FLUID DOT 3 AND 4

Brake and clutch fluid suitable for UK, US, most European and Japanese machines.

Meets requirements of earlier specifications.

- SAE 70RI, SAE J70C and SAE J1703 A to F
- Wet boiling point 155° C (311° F)
- Initial boiling point exceeds 230° C (446° F)

Size	For Case Order	P/N	Retail
500 ml	12	430258	9.49

MOTOREX® DOT 5.1 BRAKE FLUID

High-performance brake fluid with a dry boiling point of more than 180° C (356° F) that prevents the formation of vapor bubbles even at extreme braking loads and provides powerful and responsive braking.

- Great ABS application

Size	For Case Order	P/N	Retail
250 ml	12	980115	12.95 ea

MOTOREX® DOT 4 BRAKE FLUID

High-performance brake fluid with a wet boiling of more than 165° C (329° F) that prevents the formation of vapor even at extreme braking loads.

- Optimum braking performance and responsive braking

Size	For Case Order	P/N	Retail
250 ml	12	980114	10.80 ea

MOTOREX® POWER BRAKE CLEAN SPRAY

Powerful, high-pressure spray that removes oil, grease, brake fluid and tar and does not harm rubber, plastic or paint.

- Legal in all 50 states

Size	For Case Order	P/N	Retail
750 ml	12	980152	15.95 ea

EBC® BRAKES

EBC® BRAKE FLUIDS

DOT 4: a refined specification polyglycol fluid as fitted to most faster street bikes now produced. DOT 5: silicone fluid as used in Harley-Davidson® motorcycles and many special high-performance brake systems. BF307: highly refined DOT 3 Brake Fluid, ideal for racing or high-performance road bikes; can be used in all systems specifying DOT 3, but not with silicone.

Type	Size	For Case Order	P/N	Retail
DOT 4	250 ml	6	612460	5.00
DOT 5	250 ml	6	612560	24.00
BF307	500 ml	6	612572	18.00

MOTOREX® RACING BRAKE FLUID

Developed especially for use in extremely harsh conditions encountered under the highest level of motorsports racing. Helps prevent vapor lock in the harshest environments.

- Extremely high dry and wet boiling points (min. 295° C/195° F – 563° F/383° F)
- Made for use under extreme racing conditions
- Can be mixed with all brake fluids of the same specification
- Far exceeds DOT 4 and higher specifications

Size	For Case Order	P/N	Retail
500 ml	12	981501	35.95 ea

NEW! RED LINE® RL-600 RACING BRAKE FLUID

Perfect for street or track use.

- Formulated with a precise mixture of borate esters and glycol ethers plus moisture and corrosion inhibitors
- Maintains viscosity, lubricity and compressibility at extreme temperatures
- Safeguards against brake fade and vapor lock

Size	For Case Order	P/N	Retail
16 oz.	6	531241	16.95

CASTROL® SRF REACT RACING BRAKE FLUID

An exclusive European formula with an exceptionally high boiling point and superior anti-vapor lock characteristics. Superior braking during arduous conditions like racing and rallying.

- Typical wet boiling point is 270° C (518° F)
- Typical dry boiling point is 310° C (590° F)
- Exceeds DOT 3 and DOT 4 specifications

Size	For Case Order	P/N	Retail
1 liter	12	430191	91.99 ea

LIQUID PERFORMANCE® PREMIUM BRAKE AND PARTS CONTACT CLEANER

Concentrated blend of solvents with a powerful blasting spray that effectively removes grease, grime, brake fluid and other contaminants from brake components and other metal parts without the need for disassembly. Evaporates instantly and completely leaving no residue to hinder performance.

- Contains no ozone depleters
- Sold in case quantity only, retail priced individually

Size	Sold as Case of	P/N	Retail
14 oz.	12	531647	6.99 ea

ORIGINAL BIKE SPIRITS® CONTACT BRAKE CLEANER

Non-chlorinated cleaner removes grease, oil, road grime, brake fluid and chain lube over spray.

- Instant evaporation
- OTC/LADCO compliant
- Sold in case quantity only, retail priced individually

Size	Sold as Case of	P/N	Retail
14 oz.	12	530399	6.99 ea

CASTROL® GT LMA BRAKE FLUID

Unique brake fluid formula engineered to provide outstanding performance in today's high-temperature braking systems. Provides optimum braking response.

- Exceeds DOT 3 and DOT 4 specifications
- Mixes with other conventional brake fluids

Size	For Case Order	P/N	Retail
12 oz.	12	430189	5.49 ea
32 oz.	12	430190	13.95 ea

LUCAS OIL® NON-CHLORINATED BRAKE PARTS CLEANER

High-quality components that provide excellent performance. Effectively removes brake fluid, grease, dust and more from all ABS, disc and drum brakes.

- Reduces noise associated with excessive brake dust
- Made in USA

Size	For Case Order	P/N	Retail
14 oz.	12	531033	4.99 ea

PJ1® PRO-ENVIRO BRAKE CLEANER

Brake cleaner cleans and degreases brake units to improve brake performance.

- Environmentally friendly
- No chlorinated solvents
- Made in USA

Size	For Case Order	P/N	Retail
19 oz.	6	536071	11.49 ea
19 oz.	6	536136 ¹	11.49 ea

¹ California compliance

BEL-RAY® SUPER CLEAN CHAIN LUBE

Designed to resist fling-off (even on high-speed applications). Protective coating dries white to ensure complete coverage and will not attract dirt, sand or grit. Wear and corrosion protection for long chain and sprocket life.

- For use with O-, X-, Z-ring and standard chains
- 175 ml aerosol not available in Canada
- Made in USA
- Legal in all 50 states

Size	For Case Order	P/N	Retail
175 ml	12	443019	8.99 ea
400 ml	12	443015	14.99 ea

BEL-RAY® BLUE TAC CHAIN LUBE

Lube designed to resist fling-off (even high-speed applications) offers wear and corrosion protection for long lasting chain and sprocket life.

- Sprays on blue, dries clear
- For use with O-, X-, Z-ring and standard chains
- 175 ml aerosol not available in Canada
- Made in USA
- Legal in all 50 states

Size	For Case Order	P/N	Retail
175 ml	12	443000	8.99 ea
400 ml	12	443001	11.95 ea

BEL-RAY® CHAIN CLEANER

For fast and economical removal of grease, grime and dirt from chains. No residue ensures optimum performance of chains: can apply new chain lube directly after use. Easy-to-use aerosol spray applicator for best results in difficult to reach areas.

- O-ring safe for all common O-ring materials found in chains
- Made in USA

Size	For Case Order	P/N	Retail
400 ml	12	440032	9.95 ea

MAXIMA® CHAIN WAX

Exclusive Parafilm formula penetrates deep into the chain and sets up as a soft wax protecting the chain from rust and corrosion. Lubricates from the inside out by drip feeding the pins and rollers. Will not fling or attract dirt.

- For street and offroad chains
- Safe for use on X-ring and O-ring chains
- Made in USA

Size	For Case Order	P/N	Retail
5.5 oz.	20	530558	7.50 ea
13.5 oz.	12	530559	11.50 ea

MAXIMA® CLEAN UP

Multiuse, heavy-duty cleaner/degreaser. Highly effective emulsion formula is also excellent for use on foam air filters. Use for chain and sprocket detail, this is the best hands free cleaner on the market.

- Safe for all surfaces
- Made in USA

Size	For Case Order	P/N	Retail
15.5 oz.	12	530516	9.95 ea

BikeMaster

EXCLUSIVE

BIKEMASTER® CHAIN LUBE

Clear formula lubricates and protects the chain from corrosion but will not attract dirt or fling off.

- For O-ring and non-O-ring chains
- Made in USA
- Legal in all 50 states

Type	Size	For Case Order	P/N	Retail
Aerosol	13 oz.	12	531853	10.99 ea

MOTOREX® ROAD STRONG CARE KIT

Includes 622 Strong Street Bike Chain Lube in both the large 500 ml, and the easy-to-carry, refillable 56 ml spray and the 611 Chain Clean along with a large green cotton cloth to help dry the chain after spraying the 611 Chain Clean on the chain.

- Legal in all 50 states

Type	For Case Order	P/N	Retail
Kit	6	980163	34.50 kt

MOTOREX® CHAIN LUBE ROAD STRONG

Special white, wear-reducing lubricant with excellent adhesion for all, especially X-ring and O-ring motorcycle chains that is waterproof and absolutely resistant to spin and high-pressure.

- Best suited for road use
- Also available in refillable mini-pack
- Legal in all 50 states

Size	For Case Order	P/N	Retail
500 ml	12	980156	12.95 ea
56 ml	12	980970	8.95 ea

MOTOREX® CHAIN CLEAN DEGREASER

Highly effective cleaner for all drive chains. Effectively removes caked-on residue. An excellent basis for optimum chain maintenance.

- Tested with X-rings and O-rings
- Legal in all 50 states

Size	For Case Order	P/N	Retail
500 ml	12	980158	12.95 ea

SILKOLENE® PRO-CHAIN

First fully synthetic racing chain lubricant for motorcycles and ATVs. Incorporates a micronized laminar solid lubricant, combined with advanced synthetics for resistance to shock loads. Developed for use in road and offroad competition but is equally suitable for street bike applications. Clear, clean, thin film of lubricant will not fling off. Outstanding lubrication and corrosion protection.

- Suitable for all types of O-ring and non O-ring chains

Size	For Case Order	P/N	Retail
13 oz.	12	430274	14.49 ea

SILKOLENE® CHAIN LUBE

An advanced semi-synthetic chain lubricant for motorcycles and ATVs. Extreme pressure formula resists shock-loading and fling-off. Excellent film forming properties and corrosion protection. Thin, yet durable, film penetrates internal chain components to lubricate and protect from water and other contaminants.

- Suitable for all types of chain including O-ring

Size	For Case Order	P/N	Retail
13 oz.	12	430271	10.49 ea

LUCAS OIL® CHAIN LUBE AEROSOL

Semi-synthetic spray lubricant designed to meet the demands of today's high-performance motorcycle chains and sprockets. Designed to penetrate deeply into pins and bushing of the chains. Excellent rust and corrosion inhibitor as well as water-resistant. Leaves protective film to ensure minimum wear and drag.

- Suitable for use on all chains including O-ring types
- Minimizes sling off
- Made in USA

Size	For Case Order	P/N	Retail
11 oz.	12	532187	9.49

PJ1® BLUE LABEL CHAIN LUBE

Chain lube gives O-ring chains longer life and keeps O-rings moist and pliable with no messy fly-off.

- Made in USA

Size	For Case Order	P/N	Retail
5 oz.	12	536012	9.49 ea
13 oz.	6	536016	15.99 ea

PJ1® BLACK LABEL CHAIN LUBE

Heavy-duty, thin-bodied lubricant penetrates chain rollers.

- Molybdenum disulfide and synthetic sperm oil added
- For standard and O-ring offroad chain
- Made in USA

Size	For Case Order	P/N	Retail
5 oz.	12	536002	9.49 ea
13 oz.	6	536001	15.49 ea

ROYAL PURPLE® MAX-CHAIN CHAIN LUBRICANT

Easily applied and long lasting, this lubricant is excellent for dusty environments. It protects heavily loaded surfaces and provides excellent corrosion protection.

- Environmentally responsible

Size	For Case Order	P/N	Retail
4 oz.	12	531166	9.99 ea

DUPONT® CHAIN-SAVER WAX-BASED LUBE WITH TEFLON FLOUROPOLYMER

Ideal for high RPM chains. Features patented "self-cleaning" technology, so parts stay clean, work better and last longer. Water-repelling, three-dimensional lubricant utilizing advanced Teflon® fluoropolymers, organic molybdenum and a polymerized wax structure. Goes on wet to deeply penetrate and loosen frozen or rusted parts. Sets up with a clean, dry, long-lasting film, which will not attract and absorb dirt and grime.

- O-ring safe, silicone-free

Size	Sold as Case of	P/N	Retail
11 oz.	6	440092	9.49 ea

DUPONT® CHAIN AND SPROCKET DEGREASER

Quickly cleans grease, dirt, wax and grime without need for water rinsing.

- Independently tested to be safe for all sealed chains, including O-rings, X-rings and Z-rings
- Made with 100% readily biodegradable ingredients
- Low odor, non-toxic formula
- Sold in case quantity only, retail priced individually

Size	Sold as Case of	P/N	Retail
11 oz.	6	440093	9.59 ea

BikeMaster

EXCLUSIVE

BIKEMASTER® CABLE LUBER

Made of aluminum, this tool is used to inject lubricant into cable housing.

- Sold individually

P/N	Retail
151413	8.95

PROTECT ALL®

CHAMPIONS CHOICE CABLE CARE KIT

Combines cable luber and one 6.25 oz. can of Cable Life on an attractive display card.

- Combines cable luber and one 6.25 oz. can of Cable Life on an attractive display card

Size	For Case Order	P/N	Retail
6.25 oz.	12	530305	24.57 ea

MOTION PRO® CABLE LUBER

Used to inject lubricant into cable housing. Clamps over housing and wire allowing an aerosol can to be connected. Once lube runs out the far end, the cable is lubricated.

P/N	Retail
158182	9.99

PROTECT ALL®

CHAMPIONS CHOICE CABLE LUBER

Lubricates between cable and housing without removing cable.

P/N	Retail
530312	20.46

PJ1® CABLE LUBE

Cleans, lubes and extends cable life.

- Made in USA

Size	For Case Order	P/N	Retail
11 oz.	6	536074	13.49 ea

PROTECT ALL®

CHAMPIONS CHOICE CABLE LIFE

Lubricates and rustproofs moving parts even at temperatures below zero.

Size	For Case Order	P/N	Retail
6.25 oz.	24	530304	7.39 ea

DRI-SLIDE®

BIKE AID MOLY FILM LUBRICANT

Lubricant forms a moly film plate that lubricates, protects and inhibits rust. Dry film never attracts dust or dirt. Ideal for use on control cables and lever pivots.

- 4 oz. bottle with needle

Type	Size	For Case Order	P/N	Retail
Film Lubricant	4 oz.	12	537001	21.99 ea
Replacement Applicator Needle			537002	6.99 ea

EXCLUSIVE

BIKEMASTER® MULTIPURPOSE LUBE

Penetrating lubricant that leaves behind a superior lubricating film. Displaces moisture, lubricates and has excellent solvent capabilities. Great for lubing cables, pivot points and other areas without disassembly.

- Made in USA
- Legal in all 50 states

Size	For Case Order	P/N	Retail
16 oz.	12	531851	8.49 ea

BEL-RAY® 6-IN-1

Multipurpose lubricant that cleans, lubricates, protects, displaces water, reduces friction, and penetrates rust.

- Safe for use on electrical contacts, vinyl, wood and paint
- Made in USA
- Legal in all 50 states

Size	For Case Order	P/N	Retail
400 ml	12	440023	8.99 ea

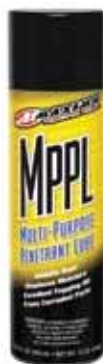

MAXIMA® MULTIPURPOSE PENETRANT LUBE

Inhibits rust, displaces moisture and reduces friction. Light lubricant for clutch, brake and throttle cables. Excellent fogging oil and starting fluid for watercraft.

- Made in USA

Size	For Case Order	P/N	Retail
12 oz.	12	530526	8.99 ea

SILKOLENE® ALL-IN-ONE

Multipurpose penetrating lubricant spray that protects against corrosion and displaces water from electrical systems. Penetrates corroded threads to help free rusted fasteners. An excellent cable cleaner and lubricant that restores and maintains the shine on polished alloys.

Size	For Case Order	P/N	Retail
12 oz.	12	430291	10.95 ea

MOTOREX® GREASE SPRAY

Viscous grease spray with good adhesion, as an alternative to brushing application. Resistant to water and saline solution. Good protection against corrosion and wear.

Size	For Case Order	P/N	Retail
500 ml	12	980150	18.95 ea

MOTOREX® ANTI-RUST SPRAY

Rust remover and screw releasing agent with outstanding penetration. Releases metal parts that are seized with rust. Protects against corrosion and keeps out moisture. Removes rust, repels water, lubricates.

Size	For Case Order	P/N	Retail
500 ml	12	980074	13.95 ea

MOTOREX® COPPER ANTI-SEIZE SPRAY

Special copper spray to prevent mechanical parts exposed to high temperatures, such as exhaust manifold bolts, spark plugs, brake pads and heat exchangers from seizing as a result of heat. Silencing properties, resists oxidation, protection against corrosion, good adhesion, resistant to saltwater, extremely good thermal stability.

- Suitable for use between -40° C (-40° F) and +1200° C (+2192° F)

Size	For Case Order	P/N	Retail
300 ml	12	980076	17.95 ea

MOTOREX® SPRAY 2000 LUBRICANT

Fully synthetic, high pressure-resistant lubricant with long term effect for universal application. Penetrates rapidly and protects from corrosion.

- Thermally stable from -30° C (-22° F) to +200° C (+392° F)
- Adhesive, water-resistant, silicone-free, pressure- and impact- resistant, colorless

Size	For Case Order	P/N	Retail
500 ml	12	980078	13.95 ea

MOTOREX® COPPER ANTI-SEIZE PASTE

Copper compound for use at temperatures from -40° C (-40° F) and +1200° C (+2192° F). Prevents threaded studs and nuts from seizing. Resistant to fretting, corrosion and vibration.

- NLGI 2

Size	For Case Order	P/N	Retail
100 g	18	980094	16.50 ea

MOTOREX® SILICONE SPRAY

Lubricates, cares for and protects rubber, plastic and all metal parts. Plastic components are given a high gloss; rubber items receive care and protection.

- Thermal stability from -50° C (-58° F) to +200°C (+392° F)
- Anti-static, water-repellent, guards against oxidation
- Legal in all 50 states

Size	For Case Order	P/N	Retail
500 ml	12	980161	13.95 ea

MOTOREX® JOKER 440 PENETRANT SPRAY

Fully synthetic, all-purpose lubricant spray that displaces and undermines water and moisture. Protects against corrosion and lubricates against wear.

- Dielectric effect
- Legal in all 50 states

Size	For Case Order	P/N	Retail
500 ml	12	980160	14.19 ea

LUCAS OIL® TOOL BOX BUDDY

Use on nuts, bolts, hinges, bearings, motorcycle chains, guns, fishing reels, sliding doors or a million other home and shop uses where other products just aren't good enough. Designed to dissolve corrosion and rust without drying. Provides a microscopic rustproof film that lasts for up to a year, inside or out. Excellent protection against water, even salt water.

- Fortified with anti-seize agents
- Easy-to-use can; sprays anywhere, even upside down
- Contains no chlorine or fluorocarbons
- Made in USA

Size	For Case Order	P/N	Retail
11 oz.	12	532189	7.49

PJ1® LP-3 PENETRANT/LUBRICANT

Unlocks frozen threads, lubricates moving parts. Prevents rust and corrosion. Great for pivot points such as footpegs and kick starters.

- Made in USA

Size	For Case Order	P/N	Retail
11 oz.	6	536075	13.99 ea

DUPONT® MULTI-USE LUBRICANT WITH TEFLON FLUOROPOLYMER

Features Teflon® fluoropolymers for enhanced lubricity and wear protection. Contains calcium sulfonate for improved corrosion protection. Designed for general purpose use. Water-repelling formula protects against rust. Resists extreme cold temperatures to -30°F.

- Provides extreme pressure wear protection
- Temp range -30°F to +300°F
- Sold in case quantity only, retail priced individually

Type	Size	Sold as Case of	P/N	Retail
Squeeze Bottle	4 oz.	6	440091	4.99 ea
Spray	11 oz.	6	440088	8.89 ea

DUPONT® SILICONE LUBRICANT WITH TEFLON FLUOROPOLYMER

Lubricates, waterproofs, preserves and protects rubber, plastic, vinyl, leather, metal and wood. Specially formulated with DuPont® Teflon® Fluoropolymers for added lubricity, water resistance and lubricant life.

- Safe for rubbers, plastics and most other surfaces
- Clean, odorless and non-staining
- Sold in case quantity of six only, retail priced individually

Size	Sold as Case of	P/N	Retail
10 oz.	6	440089	7.99 ea

DUPONT® WHITE LITHIUM GREASE WITH TEFLON FLUOROPOLYMER

Industrial-strength general purpose white lithium grease. Formulated with Teflon® fluoropolymers and lithium complex for superior performance and extreme pressure protection. Excellent for water and corrosion resistance. Will not run, melt, wash off, freeze or break down under high speeds, extreme heat or heavy loads.

- Temp range -40°F to +325°F
- Sold in case quantity only, retail priced individually

Size	Sold as Case of	P/N	Retail
10 oz.	6	440090	8.19 ea

SEAFOAM® DEEP CREEP SPRAY

Multiuse penetrating lubricant. Hundreds of shop and household uses.

- VOC compliant
- Penetrating and lubricating
- Throttle plate cleaner and lubricant
- Gun cleaner and lubricant
- Moisture dispersant
- Metal surface protector
- Carbon and rust inhibitor
- Road tar remover
- Lock lubricant and de-icer
- Nut and bolt lubricant and loosener
- Tool lubricant and cleaner
- Hinge lubricant and cleaner
- Air tool lubricant and cleaner

Size	For Case Order	P/N	Retail
12 oz.	12	530174	9.99 ea

BikeMaster

EXCLUSIVE

BIKEMASTER® ALL PURPOSE GREASE

100% waterproof. Excellent adhesion properties keeps the grease in place. Provides maximum protection against heat and pressure.

- Made in USA

Size	For Case Order	P/N	Retail
16 oz.	12	531852	9.99 ea

BEL-RAY® WATERPROOF GREASE

Waterproof grease for all bearing and bushing applications. Corrosion protection (even in saltwater). Wear protection extends bearing life.

- Will not melt or run
- Made in USA

Type	Size	For Case Order	P/N	Retail
Cartridge	14 oz.	12	440012	9.49 ea
Tub	16 oz.	12	440011	10.49 ea

MAXIMA® HI-TEMP WATERPROOF GREASE

Waterproof grease designed for use in bearings, bushings and disc brake applications. Hi-temp formula stays in place and will not melt or migrate. Offers elevated levels of anti-wear, EP and corrosion protection.

- Lithium complex NLGI 2
- Made in USA

Size	For Case Order	P/N	Retail
16 oz.	12	530527	8.99 ea

SILKOLENE® PRO RG2 GREASE

A high-temperature, waterproof racing grease designed to meet the exacting requirements of competition use. High-stress, high-cling formula is ideal for protecting wheel bearings and other similar components.

- Lithium complex base formula is GC-LB approved
- 500 g tub with exclusive dispensing feature

Size	For Case Order	P/N	Retail
500 g	12	430386	16.95 ea

MOTOREX® LONG-TERM GREASE 2000

Ultimate-performance long-life grease for optimum lubrication. Maximum adhesion and total resistance to water. Optimum protection against corrosion and wear, even under extreme conditions. Excellent pressure bearing capacity. Extends lubrication intervals.

- Calcium grease NLGI 2

Type	Size	For Case Order	P/N	Retail
Cartridge	400 g	10	980116	14.25 ea
Jar	850 g	12	980117	28.50 ea

MOTOREX® HIGH-PRESSURE GREASE 3000

State-of-the-art, multipurpose grease, highly resistant to pressure, for extreme stress, for use over a wide temperature range, ideally suited to roller bearing lubrication. No leaking at high temperatures.

- Range of application -30° C (-22° F) to +150° C (+302° F)
- NLGI 2

Type	Size	For Case Order	P/N	Retail
Jar	850 g	12	980118	28.50 ea

NEW!

LUCAS OIL® X-TRA HEAVY-DUTY GREASE

The ultimate grease for high-speed bearings.

Formulated for automotive, agricultural, heavy-duty and industrial applications, this grease is virtually washout proof. It stands up to high temperatures and stays soft in very low temperatures. Virtually waterproof and is more stable than all conventional lithium grease.

- Lasts 4x longer than regular grease
- EP fortified with an extreme pressure additive package
- Exceeds O.E.M. Lube for Life specifications
- Made in USA

Type	Size	For Case Order	P/N	Retail
Tub	1 lb.	12	532182	7.49

NEW!
LUCAS OIL® RED 'N' TACKY GREASE

Smooth, tacky, red lithium complex grease fortified with rust and oxidation inhibitors. Also fortified with a high degree of extreme pressure additives that give it a true Timken load much higher than other greases of this type. Water-resistant and washout properties. Has excellent mechanical stability and long storage life.

- Able to withstand heavy loads for extended periods of time
- Agricultural, automotive and industrial applications
- Made in USA

Type	Size	For Case Order	P/N	Retail
Tub	1 lb.	12	532183	7.49

RED LINE® CV-2 GREASE

Outperforms the best conventional or synthetic greases and lubes. Withstands extreme temperature and pressure in wheel bearings, U-joints and high-angle CV Joints. Excellent high-temp stability, extreme-pressure protection and water resistance. Used in a variety of applications with operating temps from -100° F to 500°F. Strong resistance to oxidation and corrosion, low evaporation and oil separation with a minimum effect on rubber seals. Contains an organic moly for lubrication and high-temp/high-speed industrial equipment. Synthetic fluidity allows increases in bearing life up to 200%. Will darken after high-temp use; not detrimental to performance.

Type	Size	For Case Order	P/N	Retail
Tub	14 oz.	4	531304	16.95 ea
Cartridge	14 oz.	6	531306	16.95 ea

KYB GENUINE PARTS GREASE

Water-repellent grease for seals and O-rings that improves performance, offers superior lubricity and less friction.

Type	P/N	Retail
8 oz. Tub	770696	15.99

PERMATEX® DIELECTRIC TUNE-UP GREASE

Protects electrical connections and wiring from salt, dirt and corrosion. Extends the life of bulb sockets. Prevents voltage leakage around any electrical connection. Also prevents spark plugs from fusing to boots.

Note: Required for modern high-energy ignition systems.

Type	Size	P/N	Retail
Tube	3 oz.	538078	12.95 ea

CASTROL® LITHIUM GREASE

A NLGI#2 lithium complex grease this is safe to use on all motorcycle grease points. Provides maximum protection against heat, rust and corrosion. Resists meltdown at high temperatures and exceeds all motorcycle manufacturers' specifications.

- Exceeds GC-LB performance requirements
- Safe for use on motorcycle wheel bearings

Type	Size	For Case Order	P/N	Retail
Tub	1 lb.	12	430188	6.49 ea

PERMATEX® ANTI-SEIZE LUBRICANT

For easy removal of spark plugs, cylinder head and exhaust head bolts; apply to anchor pins or brake assemblies, U-bolts and spring bolts, hinges, gears, chain, sprocket and rollers.

- Made in USA

Size	For Case Order	P/N	Retail
4 oz.	12	538086	9.99 ea

LOCTITE® SILVER ANTI-SEIZE STICK

Petroleum-based lubricant compound. Heavy-duty, temperature-resistant to 1600° F (871° C).

Size	For Case Order	P/N	Retail
.7 oz.	6	536119	6.99 ea

BEL-RAY® ASSEMBLY LUBE

Molybdenum disulfide formula lube prevents metal-to-metal contact in extreme pressure conditions.

- Prevents galling and seizing
- Provides initial lubrication for newly assembled engine parts
- For final drive spline assemblies
- Made in USA

Size	For Case Order	P/N	Retail
10 oz.	12	440008	17.49 ea

RED LINE® ASSEMBLY LUBE

Assembly lube prepares potential wear surface and prevents metal contact before adequate lubrication can be supplied. Unlike other assembly lubes, Red Line's will not plug filters after initial engine start-up. Provides 3x greater film strength than conventional black Molybdenum Disulfide greases.

- For use on camshafts, lifters, push rods, piston skirts, main and rod bearings and bolt threads
- Recommended and used by top camshaft and drive train manufacturers
- Made in USA

Note: Do not use on exhaust bolts or other high-temperature bolts, which require an antiseize.

Size	For Case Order	P/N	Retail
4 oz.	12	531308	10.95 ea

MAXIMA® ASSEMBLY LUBE ADVANCED PROTECTION

Specialty, film forming lubricant designed to protect moving components and wear surfaces during assembly and initial break-in. Prevents metal-to-metal contact and offers excellent rust and corrosion protection during long service periods and storage. Quickly and easily mixes with petroleum and synthetic oils. Fully formulated with high levels of anti-wear and extreme pressure additives and surface active chemistry to reduce friction. 2X zinc activates at both high and low operating temps providing unsurpassed protection.

- Non-foaming
- Made in USA

Size	For Case Order	P/N	Retail
4 oz.	12	530502	9.95 ea

RED LINE® LIQUID ASSEMBLY LUBE

Convenient version of the chemistry used in our popular paste sold in tubs. Prevents metal contact and wear before adequate lubrication can be supplied. Unlike other assembly lubes, this product will not plug filters after initial engine start-up. Provides 3x greater film strength than conventional black Molybdenum Disulfide greases. Excellent rust and corrosion inhibitor, allowing for long-term storage of parts and internal engine components.

- Recommended and used by top camshaft and drive train manufacturers
- Made in USA

Note: Not for use on exhaust bolts or other fasteners associated with high-temperature, which require an anti-seize.

Type	Size	For Case Order	P/N	Retail
Bottle	12 oz.	6	531302	15.95 ea

PJ1® ENGINE AND CASE PAINT

- Made in USA

SILKOLENE® 762 HIGH-TEMP JOINTING COMPOUND

Designed for sealing high-temperature joints like exhaust and turbocharger connections. 200° C to 800° C. Well suited for 4-Stroke exhaust systems and highly adhesive.

- Approved by the UK Ministry of Defense, Rolls-Royce®, Garret, Lucas® Turbochargers, Mikuni Carburetors and GE Aviation certified
- Use on rigidly mounted joints that are free from distortion and movement

Size	Sold as Case of	P/N	Retail
225 g	2	430391	219.95

GASGACINCH GASKET SEALER

All-purpose, heat-resistant gasket sealer.

Size	For Case Order	P/N	Retail
4 oz.	24	530100	9.89
8 oz.	12	530101	14.99

THREEBOND® ENGINE SILICONE GASKET 1211

Tough, durable sealer utilizing silicone rubber.

- Semi-hardening

Size	For Case Order	P/N	Retail
3.5 oz.	6	530403	29.49 ea

ThreeBond

THREEBOND® HIGH-VISCOSITY GASKET MAKER

Premium-grade, general-purpose sealant that is excellent for small engine repair and powertrains repair.

- Use on automotive, motorcycle, ATV, watercraft, snowmobile or power equipment

Size	For Case Order	P/N	Retail
100 g	12	531157	22.29 ea

THREEBOND® GASKET MAKER

High-viscosity FIPG (form-in-place-gasket) gasket maker with good adhesion properties in powertrain and small engine applications. Allows immediate service after application. High-resistance to engine and gear oil.

- O.E.M. specified product

Size	For Case Order	P/N	Retail
150 g	6	531158	20.49 ea

THREEBOND® LIQUID GASKET MAKER

RTV sealant high-viscosity gasket maker with good elasticity. Temperature-resistant, chemical-resistant, resists oil, water, coolants and gasoline.

- O.E.M. specified product

Size	For Case Order	P/N	Retail
110 g	6	531156	14.59 ea

THREEBOND® LIQUID GASKET

Seals joint surfaces to prevent leakage of oil, water and chemicals.

- Similar to Yamabond 4
- O.E.M. approved

Size	For Case Order	P/N	Retail
3.5 oz.	6	530395	14.49 ea

GASKET MAKERS

PERMATEX® MOTO SEAL/ULTIMATE GASKET MAKER

Gasket maker is resistant to gasoline, and medium temperature. Performs well at low temperature. Effective on uneven joint surfaces. Features lower viscosity, greater filling properties and faster cure.

Type	Size	For Case Order	P/N	Retail
Tube	2.7 oz.	12	538079	9.49 ea

PERMATEX® 1 MINUTE GASKET

Automotive and marine gaskets, valve covers, gearbox covers, pumps, compressors, oil pans, thermostat housings and water pumps. No waiting for cure.

- ATF oil-resistant

Size	For Case Order	P/N	Retail
3 oz.	6	538084	25.49 ea

PERMATEX® ULTRA COPPER MAXIMUM TEMPERATURE RTV SILICONE GASKET MAKER

For high-operating temperatures common in four cylinder, turbo charged or high-performance engines. Sensor-safe, low-odor, noncorrosive with super adhesion. 3x more oil-resistant than conventional silicones, 8x more flexible than cut gaskets. Temperature range -65°F to 700°F (-54°C to 371°C) intermittent; resists auto and shop fluids and vibrations.

- O.E.M. specified

Size	For Case Order	P/N	Retail
3 oz.	12	538087	7.95 ea

ADHESIVES

PERMATEX® SUPER BONDER

Bonds metal, plastic, glass, vinyl and rubber in seconds.

PROTAPER

PROTAPER® GRIP GLUE

- 1 oz. bottle will bond up to 12 sets of grips

Size	For Case Order	P/N	Retail
1 oz.	12	022882	7.99 ea

MOTION PRO® ADHESIVE GRIP GLUE

Motion Pro engineers and test riders found this formula to be the best grip glue available at any price. Easy-to-apply and easy-to-remove from throttle tube and bars when you change grips. Set time is not so fast that you have to rush when installing grips, but fast enough so you can get riding right away. Becomes tacky in 15 minutes at room temperature. Outperforms rubber cement, acrylics and silicones because it bonds to more surfaces with greater strength and durability. Works great as general adhesive; for example, it can be used to patch tents, duck blinds, boats, convertible tops, water tanks and speakers. It's also good for bonding name plates and emblems to metal, or just about anything that requires a flexible, waterproof bond that won't crack or become brittle.

- Exceptional bonding to metal, plastic composites, rubber, leather, vinyl, glass and wood
- Exceptional flexibility, does not become brittle or hard
- Can bond items subject to vibration
- Abrasion-resistant: makes it great for bonding objects subject to wear
- Waterproof
- 20g tube (0.7 oz.) is enough for multiple applications

P/N	Retail
158195	8.99

RENTHAL

RENTHAL® GRIP GLUE

Highly developed grip glue, specially formulated to give a secure bond without damaging the grip. Eliminates grips slipping and sliding in the heat of the action. A must when using medium or soft compound Renthal grips.

NEW!

CYCLE CARE® FORMULA M METAL POLISH

The best way to clean, polish and protect metal surfaces.

When polishing aluminum, Formula M is a pumice- and grit-free formulation, which will not scratch highly polished billet and chrome surfaces. It's an easy on and off application, which makes polishing aluminum wheels and rims less labor intensive. When polishing aluminum, clean any brake dust build up with Formula I Tire and Wheel Cleaner. Apply Formula M to a soft terry cloth towel and just provide the motion to see instant results.

- Quickly removes oxidation and polishes aluminum surfaces to a chrome-like finish
- Formula M leaves a protective coating, which resists future oxidation, for a long-lasting shine, without the use of additional sealers or polishes
- Made in USA

Size	For Case Order	P/N	Retail

WORKSHOP HERO METAL RESCUE RUST REMOVER

Formulated for use on iron and steel. Coined the phrase "safe on everything except rust" because the Metal Rescue™ water-based formula literally acts like a magnet to rust. Removes rust from metal but will not harm other materials, such as wood, glass, rubber, vinyl or plastic. In three easy steps you can de-rust your metal parts: simply soak, check, rinse/dry.

Size	For Case Order	P/N	Retail
1 gal.	4	532100	32.95 ea
5 gal.		532101	139.95 ea
55 gal.		532105¹	895.95 ea

¹ Item will be drop-shipped

WORKSHOP HERO DRY COAT RUST PREVENTATIVE

Water-based liquid designed to prevent rust from forming on ferrous metals. Once Dry Coat™ is applied (via dip, spray or flow coat) it forms a clear protective coating. Will dry-to-touch within 30 minutes (in low humidity) and it does not leave a sticky or tacky residue or attract dirt or dust on metal parts like other products. Non-hazardous and easily washes off using mild detergents or common metal cleaning solutions.

Size	For Case Order	P/N	Retail
16 oz.	6	532104	16.49 ea

NEW!

CYCLE CARE® FORMULA 2 BIKE WASH CONCENTRATE

A Concentrated gentle shampoo with no alkalis, acids or abrasives. Formula 2 performs as a wetting agent and to soften road grime and soil to prevent abrasion from a wash mitt or cloth. This bike wash leaves virtually spot-free results under normal drying conditions like sunlight, a good breeze or a leaf blower.

- A bucket wash that does not require high pressure rinse to get results
- Cleans and extends the life of the Cycle Care Formula 3 Polish and Preservative
- Delicate formula; will not strip wax or polish
- Made in USA

Size	For Case Order	P/N	Retail
8 oz.	6	532036	12.99 ea
1 gal.	4	532037	69.99 ea

NEW! CYCLE CARE® FORMULA 33 DRY DETAILER AND BUG REMOVER

Designed as a quick-fix or touch-up on all surfaces that would normally, or previously, be protected by Cycle Care Formula 3, and is great for touring touch-ups. Formula 33 protects surfaces from UV rays, acid rain and dirt accumulation. It will also polish and remove bugs, tar and road film from your windshield, paint and chrome. Formula 33 is non-streaking and will provide protection, as well as a water-repellent shine, but it will not harm any surface including pin stripping, custom paint, or murals.

- Application of Formula 3 to surfaces prior to Formula 33 is recommended
- Made in USA

Size	For Case Order	P/N	Retail

NEW! CYCLE CARE® FORMULA RUFFCUTT FLAT FINISH INSTANT DETAILER

Spray-on, wipe-off instant detailer formulated for denim finish colors. It is a no-gloss/no-streak formula that self levels, while cleaning the denim, and leaves a natural flat denim finish. RUFFCUTT is a spray and wipe detailer for all surfaces on the motorcycle.

- Denim matte-flat finish detailer
- Adds no gloss
- Provides easy removal and protection for bugs, dirt and tree sap
- For denim, windshields and chrome
- Made in USA

532063

NEW!

CYCLE CARE® FORMULA NEWSPOKE SPRAY AND WASH CLEANER AND BRIGHTENER FOR SPOKE RIMS

Cleans brake dust from areas that are immovable and unreachable with wheel cleaners, string laces, towels or brushes. Removes brake dust, dirt and road film leaving aluminum, stainless steel and chrome spokes clean and bright. NEWSPOKE is safe on brake rotors, calipers, pads, tires and all metal. It has never been this easy to clean spoke wheels. Spray on, wait 3 minutes, blast with hose nozzle pressure or pressure washer and your spokes look just like new.

- Made in USA

Note: Harley-Davidson® spokes, for model year 2006 and older, are cadmium-coated steel spokes. On the Cadmium-Coated Spokes, on years mentioned, the product will grey the spokes. All of the parts will be spotlessly clean, but the spokes will grey, and remove what's left (if any) of the Cadmium Coating. On most of the spokes, etc. the Cadmium has already been removed and looks much better grey than dirty. The grey can easily be polished to a "chrome-like shine" with the Cycle Care Formula M Metal polish.

CYCLE CARE® FORMULA 1 WHITEWALL TIRE AND WHEEL CLEANER

A blend of specifically formulated non-corrosive cleaners that safely dissolve and remove grease, oil, road dirt and brake dust from motorcycle tires and wheels. Formula 1 is an excellent white wall cleaner and brake dust emulsifier. Safe and biodegradable product, which will not harm any surface that water will not harm, such as chrome, aluminum, clear or powder-coated wheels.

- Safe to use anywhere you can use water
- Dissolves brake dust, road grime, tar, grease, etc. (agitation required in extremely neglected situations)
- Spray Formula 1 on white wall tires and scrub with a brass tire brush for brilliant white results; brass will not scratch chrome
- Spray Formula 1 on wheels to soften brake dust accumulation and agitate with brush to loosen brake dust build-up
- Cleans but will not dull powder-coated engines

1 gal.	4	532042	69.99 ea

NIKWAX LEATHER CLEANER

Cleans dirty, tired leather clothing and equipment lifting out dirt that can attract water and mask water-repellent finishes. Revitalizes the look and feel of leather without oversoftening. Does not strip off the manufacturer's water repellency. Increases or maintains breathability. Does not leave behind water-attractive residues, which encourage "wetting-out".

- Prolongs the life of gear and optimizes outdoor performance
- Easy-to-apply
- Water-based: environmentally friendly, biodegradable, non-flammable, non-hazardous
- Does not contain fluorocarbons
- Four-year manufacturer's guarantee

Size	For Case Order	P/N	Retail
10 oz.	12	532025	13.25 ea

NIKWAX LEATHER RESTORER

Rejuvenates the water repellency of tired, worn leather clothing and accessories. Replaces water-repellent finishes and conditions leather. Overcomes the problems of gear "wetting-out". Prolongs the life of gear and optimizes performance in wet weather.

- Easy-to-apply
- Four-year manufacturer's guarantee

Size	For Case Order	P/N	Retail
10 oz.	12	532026	13.25 ea

WIZARDS® LEATHER PLUS

Leather conditioner preserves and protects all fine leather, naugahyde and vinyl surfaces. Contains moisturizers and lanolin oils. Concentrated cream penetrates and conditions.

- Great for seats, backrests, clothing and saddlebags

DOC BAILEY'S LEATHER RESTORATION RE-DYE AND REPAIR KIT

Multicolor kit to re-dye and repair any leather or vinyl. Included in the kit is Doc Bailey's "Repair a Tear"; an easy-to-use, no heat required, air dry compound. Also contains seven different colors of actual leather dye to restore and re-dye worn and sun faded leather and vinyl. Repair burns, tears, rips or cuts, even holes with this easy to use, no heat required, air dry compound.

- Excellent for color changes
- Kit includes an easy-to-follow color matching and graining system for near perfect results, 7-3/4 oz. leather dye, mixing chart and enough repair compound for several repairs
- Made in USA

P/N	Retail
532402	19.99

DOC BAILEY'S LEATHER BLACK DETAIL KIT

Detail kit designed for black leather. Cleans, conditions, preserves, re-dyes and waterproofs all of your black leather, vinyl, plastic, canvas and rubber. Contains actual leather dye; restores anything black. Excellent on bike seats, jackets, chaps, boots, saddlebags and luggage, running boards and even tires. Non-slippery, will not bleed and contains no silicone.

- Designed in Canada for extreme weather conditions
- Includes one 4 oz. Leather Black, applicator and buffing cloth
- Made in USA

P/N	Retail
532400	12.99

DOC BAILEY'S LEATHER CLEAR DETAIL KIT

Designed to clean, condition and waterproof all colors of finished leather and vinyl. Cleans with special detergents and conditions with lanolin oils to soften and preserve the leather. Leaves an invisible layer of special waxes that waterproof and protect the surface. Excellent on all finished leather, vinyl and all exotic skins; also, motorcycle seats, jackets, chaps, boots, automotive interiors. Contains no silicone, yet waterproofs effectively.

- Does not change the look or feel of the leather
- Designed in Canada for extreme weather conditions
- Includes one 4 oz. Leather Clear, applicator and buffing cloth
- Made in USA

RIDE-ON® TIRE BALANCER AND SEALANT

Ride-On Tire Protection System is a tire balancer and sealant compound that evenly coats the inner surface of tires. This coating balances tires and makes them into self-sealing tires while you ride. Eliminates need for those old, ugly wheel weights. Specially formulated to hydrodynamically balance high-speed tires, dampen road noise and vibrations that cause a rough ride. If your tire is punctured, the centrifugal force of the rotating tire and the internal air pressure forces Ride-On into the hole, sealing it instantly (up to 1/4" in tubeless tires and 1/8" in tube tires). Ride-On is a green, biodegradable product that is designed to be non-hazardous and non-flammable and contains corrosion inhibitors that protect all alloys of steel, aluminum, magnesium and yellow metals against oxidation.
