2202-0082	Extended, for stretch tanks	279.95

**SOFTAIL DASH WITH IGNITION RELOCATION KIT**

- Kit gives bikes a more streamlined, smooth, show finish
- Visually increases length of tank without actually stretching it
- Metal dash has a raw finish and fits stock-length tank
- Reuses stock ignition switch and key; ignition switch mount replaces the horn mount and requires horn relocation
- Ignition switch relocation mount is CNC-machined from T-6061 aluminum, show chromed, is easy to install and uses factory wiring
- Necessary mounting hardware included
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
2106-0045	For 00-17 FXST/FLST models (except FLS, FXSB/SE, FXS, FXSTD)	\$349.95

**DRESSER INSTRUMENTS/KITS**

- Six-gauge kits offer everything needed to elevate any Dresser to the next level of custom
- Kits include a 3<sup>3</sup>/<sub>8</sub>" 160 mph, electric, programmable speedometer; a 3<sup>3</sup>/<sub>8</sub>" 10,000 rpm tachometer; and four 2<sup>1</sup>/<sub>16</sub>" full-sweep electric gauges for oil pressure, oil temperature, fuel level and voltage
- Include motorsport-grade sending units for oil pressure and temperature gauges
- Patented HiDef LED through-the-dial illumination and glowing, orange-lit pointers offer the best possible visibility, whether day or night
- Reverse nighttime illumination
- Phantom II gauges feature white anodized bezels; by day, the dials are white with motorsports-style black numbers and markings; at nighttime, reverse nighttime illumination takes over, which allows the dial to fade to black while illuminating the numbers and markings with white LED
- Cobalt gauges feature black dials with bold white numbers and markings, polished bezels and cobalt blue LED lighting
- C2 gauges feature white dials with bold black marking, polished bezels and full-dial cobalt blue LED lighting
- Gauge kits include complete wiring harness and a dimmer to allow the brightness to be adjusted
- Gauges are also available individually
- Made in the U.S.A.

### MVX-8K SERIES ANALOG/DIGITAL PLUG-IN INSTRUMENTATION

- New MVX Series Analog/Digital Bagger Gauges offer two bezel options, four background choices, and seven lighting colors to choose from – the combinations are nearly endless
- Whether installing a six-gauge set, or building your perfect gauge set from Dakota Digital's optional gauges, you will get all seven gauge readings displayed in the speedometer and tachometer LCD readouts (speed, rpm, volts, fuel, oil pressure, oil temp, and air temp), as well as miles-to-empty, and performance readouts (0-60 time, and quarter-mile speed and time)
- Personalize your gauge set by programming the pointer, backlight, and LCD message center colors independently
- Six-gauge kits include speedometer, tachometer, oil pressure, oil temperature, fuel level, and voltmeter
- Two-gauge kits include speedometer and tachometer (will display other gauge readouts in odometer)
- Optional fuel level gauges, oil pressure gauges, oil temperature gauges and voltmeter can only be used with MVX six- and two-gauge kits; they will not work alone
- Seven user-selectable LED lighting colors available for background, message, and pointer: red, green, blue, teal, magenta, amber or white
- Four background options to choose from: black/red, black/gray, white/red or white/gray
- Chrome or black bezels available
- Proudly designed and manufactured in the U.S.A.

### MBM MODULES

- Plug directly into the MVX and MCL-3014 series gauges and add readings for up to two air suspension pressure, boost pressure, or compass heading into the existing LCD displays of the speedometer and tachometer
- This makes it extremely easy to add these gauge readings without having to remove any of your existing MVX gauges

All part numbers in **BLUE** are new for 2017.

**MVX SERIES FATBOB ANALOG/DIGITAL GAUGE SYSTEMS**

- Direct plug-in units include an analog speedometer and tachometer as well as digital readouts for speed/rpm, voltmeter, cylinder head temperature (where equipped) and clock
- Include performance readouts for 0-60 time and speed, quarter-mile time and speed, as well as top speed and rpm readout
- Also include indicators for turn signal, high beam, oil pressure, low fuel, security, cruise on/engaged, ABS and check engine
- Add-on MBM modules are available to add boost, air pressure and compass readings into the LCD display
- Use PART #DS-250019 or PART #2212-0367 to add oil temperature readout; use PART #2212-0513 to add oil pressure readout
- Case diameter is 4 1/4", bezel diameter is 4 5/8"
- Case diameter measures 4 1/4" and bezel diameter of 4 5/8"

**MVX SERIES ANALOG GAUGE SYSTEMS**

- Has 140 mph speedometer, tachometer, odometer, dual resettable trip meters, and full indicator light complement (turn signal, high beam, neutral, low oil pressure) in one stylish gauge
- Systems for 96-03 models feature seven user-selectable colors for pointer, backlight and LCD message center (red, green, blue, teal, magenta, amber or white)
- Systems for 11-17 models feature 31 user-selectable colors for pointer, backlight and LCD message center
- Four different face options available: black with red accents, black with gray accents, white with red accents and white with gray accents
- 8,000 rpm tachometer has adjustable shift point and can display in digital numeric readout
- Resettable miles to service with a warning (user settable countdown) and hour meter
- Clock function (12-hour format)
- Voltage readout with low-voltage alert
- Cylinder head temperature sensor (if bike is equipped with factory sender unit)
- Oil pressure warning light (sold separately, PART #2212-0513 or DS-250019)
- Seven-speed gear position indicator, compatible with 3- to 7-speed transmissions
- Security system indicator
- Automatic turn signal cancelling compatible
- Wait to start/check engine light function
- Can perform performance calculations such as 0-60 time, top speed and peak rpm recall, 1/4 mile time and speed
- Wiring installation is cut/splice; not a direct plug-in gauge
- Case diameter measures 4 1/4" and bezel diameter of 4 5/8"

## MCL-3014 DIGITAL BAGGER GAUGE PACKAGES AND DIGITAL BOOST AND AIR PRESSURE GAUGES

- Direct plug-in four-gauge kit replaces the stock gauges while adding a lot more functionality
- Set includes speedometer, tachometer (with bar graph tach), volts, oil temperature (sender included), and bar graph fuel gauge
- Additional features include clock, gear position, 0-60 time and speed, quarter-mile time and speed, and high speed and rpm recall
- Includes cruise, reverse, parking brake, security, check engine, and ABS indicators
- Digital boost and air pressure gauges available separately that replace the oil temperature gauge in your MCL-314 system
- Air suspension pressure gauge includes one sender; for two-pressure systems one pressure reading will display in either the odometer or clock window (requires additional sender unit PART #2212-0534)
- When boost pressure gauge is installed oil temperature reading will still be visible in either the odometer or clock window of the speedometer or tachometer
- If the motorcycle has an Air Ride system, the oil temperature sensor will not be used if a Boost pressure gauge is installed and the oil temperature reading will not display
- Extremely bright blue or red LED displays are highly viewable in sunlight
- Gauges use stock chrome bezels as well as mounting hardware

### MBM MODULES

- MBM expansion modules available to add dual air pressure readings, boost, and compass heading readouts into odometer section
- Plug directly into the MVX and MCL-3014 series gauges and add readings for up to two air suspension pressure, boost pressure, or compass heading into the existing LCD displays of the speedometer and tachometer
- This makes it extremely easy to add these gauge readings without having to remove any of your existing MVX gauges

### FOR 14-16 FLHT/FLHX AND FLHTCUTG

2212-0534	Front air suspension PSI sender for PART #s 2212-0533, 2212-0632, 2212-0633	119.95

## MCL 3000 SERIES "DRESSER" SIX-GAUGE REPLACEMENT PACKAGES

- Complete six-gauge set plugs directly into stock wiring
- High-visibility LED display is easy to read, even in direct sunlight
- Set includes 3 3/8" round speedometer, 3 3/8" round tachometer, plus 2 1/16" voltmeter, fuel level, oil pressure and oil temperature gauges (oil temperature sender included; accepts other stock senders)
- Adjustable speedometer features an odometer and dual trip meters
- Displays service meter, clock and gear position; calculates 0-60 time, 1/4 mile time, 1/4 mile per hour and 0-60 mile per hour; features high-speed and high-rpm recall
- Includes cruise on and cruise engaged indicators along with check engine, security and ABS lights
- CNC-machined bezels with triple chrome plating
- Available with red or blue LED display
- Optional, specialized gauges are available separately to further customize any bagger's array of instruments; specialized gauges allow replacement of only one of the four small standard instruments
- Gauges also available separately
- Black-anodized bezel kit is available separately for an alternative to chrome

### BIG DOG DIRECT PLUG-IN SPEEDOMETERS

- Upgrades the analog speedometer to digital while retaining use of the factory tachometer and indicator lights; fits inside factory tach ring and housing and plugs directly into factory wiring harness
- High-brightness readout with automatic nighttime dimmer
- Adjustable 0-199 mph/km/h speedometer
- Odometer with two resettable trip meters
- Stores and displays high speed recall, high rpm recall, 0-60 time, 1/4 mile time and 1/4 mile speed
- Available with blue or red LED display

### 2000 SERIES "FATBOB" DIGITAL INFORMATION SYSTEM

- Adjustable 255 mph speedometer can be calibrated for any gearing or tire size combination
- Works with both electronic and cable drive applications
- Odometer has two resettable trip functions, plus a resettable "Miles-To-Service" warning indicator and an hour meter
- Tachometer can be calibrated from 1 to 15 cylinders, does not require adapter for use with single-fire ignitions
- Gear position indicator works with 3- through 7-speed transmissions
- Adjustable shift point indicator with warning light and output for shift light (shift light indicator not included)
- Can also display clock, turn signal, high beam, neutral, low oil pressure, check engine, security, ABS, cruise on and cruise engaged and low fuel
- Voltage readout with low voltage warning
- Automatic turn signal canceling-compatible
- Includes "wait/start" and "check engine" lights
- Performance calculations include 0-60 time, high rpm recall, high-speed recall, 1/4 mile time and speed
- Also includes oil pressure gauge and oil temperature gauge; sending unit must be purchased separately
- Chrome bezel with non-glare lens and machined aluminum housing
- Available with either blue or red LED display
- Black-anodized bezel kit is available separately for an alternative to chrome

## 7000 SERIES SPEEDOMETER/TACHOMETER INSTRUMENTATION SYSTEM

- High brightness readout with automatic nighttime dimming
- 0-199 mph adjustable speedometer
- Quick-response bar graph or digital tachometer
- Odometer with two resettable trip meters
- Oil pressure display with settable warning point
- Voltmeter with low voltage warning
- 12-hour clock
- Gear position display
- Fuel level display with sender learn routine
- Turn signal, high beam, neutral, low oil and service engine/wait to start indicators
- Performs calculations and displays high speed/rpm recall, 0-60 timer and 1/4-mile time and speed
- Available with several housing styles
- Sending units, adapters and mounting brackets available separately for use with either electronic or cable drive systems; handlebar clamp mounts for American IronHorse motorcycles allow gauges to be mounted above or below handlebars and include wiring harness that plugs directly into stock wiring
- Gauges and mounts available with chrome or black-anodized finish

**5000 SERIES HANDLEBAR-MOUNTED DIGITAL SPEEDOMETER**

- High-brightness readout is easy to read, even in direct sunlight
- Adjustable 0-255 mph/km/h speedometer with odometer and trip meter
- Features indicators for turn signals, high-beam, neutral, low oil pressure and check engine
- Available in three unique styles
- Sending units and mounting brackets available separately for use with electronic or cable drive systems; handlebar clamp mounts for American IronHorse motorcycles allow gauges to be mounted above or below handlebars and include wiring harness that plugs directly into stock wiring
- Gauges and mounts available with chrome or black-anodized finish

### 3015 MODEL SPEEDOMETER/TACHOMETER

- High-brightness, vacuum fluorescent graphic display technology
- Includes turn signal, high beam, low oil, neutral and engine indicator lights (found on fuel-injected bikes)
- Speedometer is easily recalibrated for any gearing and tire size combination
- Includes an odometer with resettable trip meter
- Selectable displays allow the rider to choose between speedometer only, speedometer with odometer and trip meter, or speedometer with bar/graph tachometer
- Tachometer offers an adjustable shift point warning; calibration adjusts easily for any combination of one to 15 cylinders without using coils
- Features high beam, turn signal, neutral and low oil pressure indicators
- Automatic turn signal canceling compatible
- Displays "check engine" and "wait to start" lights
- Compact 2 1/16" diameter gauge is only 1" deep; machined aluminum housing with chrome front bezel and scratch-resistant, no-glare lens
- Sending units, adapters and mounting brackets available separately for use with either electronic or cable drive systems - OEM electronic speedometer sensor cable plugs directly into the back of gauge if desired
- Order mounting cups and brackets below, available separately

### 3200 SERIES DIRECT PLUG-IN SPEEDOMETER/TACHOMETER

- Fits in stock housing and plugs directly into stock harness with no modifications
- High-brightness readout with automatic nighttime dimmer
- Adjustable 0-255 mph/km/h speedometer
- Adjustable quick-response tachometer with bar-graph or digital readout
- Also displays voltmeter, cylinder temp (if available on bike), clock, odometer with two resettable trip meters, service meter, security, low fuel and hour meter
- Odometer is settable during installation to match bike's mileage
- Stores and displays high speed recall, high rpm recall, 0-60 time, 1/4 mile time and 1/4 mile speed
- 3 3/8" diameter
- Available with blue or red LED display and chrome or black bezel

### AUTO PROGRAMMING GEAR INDICATORS

- Sunlight-visible blue or red display with automatic nighttime dimming
- Displays one to six gears and a neutral indicator
- Simple programming
- Chrome or black-anodized housing with built-in mount
- Include display, harness and instructions
- Available with handlebar mount (can be mounted above or below handlebars) or fairing flush-mount (clamps into 1.15" hole)

### MCL-3200 SERIES 3 3/8" GAUGES

- Fits the stock mounting cup using the OEM hardware
- Fully adjustable 0-225 mph or km/h speedometer
- Arching tachometer with adjustable shift point, can also be displayed as a numeric readout
- Gear shift position indicator, works with all 3- to 7-speed transmissions
- Odometer with dual meters
- Voltmeter with low voltage alert
- Resettable miles to service with warning (user settable countdown) and hour meter
- Indicator options for check engine and security system options
- Can make performance calculations including 0-60 time, high speed and peak rpm recall, 1/4 mile time and speed
- Machined aluminum gauge body

### 3000 SERIES DIGITAL INSTRUMENTS

- High-quality digital instruments that offer stable, accurate and easy-to-view readings
- Teal display offers high-contrast visibility, even in sunlight
- All gauges have machined aluminum housings, chrome front bezels and non-glare, scratch-resistant lenses

#### SPEEDOMETERS

- 3013 model is an adjustable 225 mph speedometer; calibration is easily adjusted for almost any gearing and tire size combination
- Push button calibration
- Odometer has resettable trip meter
- 3011 model is an adjustable 199 mph speedometer that calibrates to almost any gearing and tire size combination; easy push button calibration
- Displays speed in numeric and bar graph form
- Odometer has two resettable trip meters and a miles-to-service meter with warning
- Features turn signal, low oil, high-beam and neutral indicators
- Performs calculations and displays high-speed recall, 0-60 timer and 1/4-mile time and speed
- Automatic turn signal canceling compatible

#### SPEEDOMETER/TACHOMETER

- Adjustable 255 mph speedometer calibrates easily to almost any gearing and tire size combination; push button calibration
- Tachometer displays as bar graph and features an adjustable shift point warning
- Tachometer calibration is easily adjusted for combinations of one to 15 cylinders without using coils
- Odometer has two resettable trip meters, an hour meter and miles-to-service meter with warning
- Features turn signal, neutral, low oil pressure, low voltage, high beam and security indicators
- Performs calculations and displays high speed recall, high rpm recall, 0-60 timer and 1/4-mile time and speed
- Displays "check engine" and "wait to start" lights
- Gear position indicator works with 3- to 6-speed transmissions
- Automatic turn signal canceling compatible

#### TACHOMETERS

- Both models have 0-18,000 rpm range and easily adjust for combinations of one to fifteen cylinders without using coils; push button calibration
- Work with single- or dual-fire ignitions
- Display rpm and high rpm recall
- 3021 model features an adjustable shift point warning and hour meter; when used with 3011 model speedometer, tachometer displays gear position indicator

NOTE: 3 3/8" speedometer, speedometer/tachometer and tachometer and 2 1/16" engine instruments will fit the 96-06 FLTR, FLHT fairing.

All part numbers in **BLUE** are new for 2017.

NORTHAMERICA**XR-SR MULTI-FUNCTION ELECTRONIC SPEEDOMETER**

- Easy-to-read, blue-backlit digital display with eight indicator lights
- Display shows speed (mph/kph), odometer, two trip meters, tach (100 rpm resolution), fuel level (10-bar display) and engine temperature
- Adjusts to any engine or tire size
- Keeps record of top speed, max rpm and max temperature
- Indicator lights for neutral, high beam, low beam, hazard lights, turn signals, oil pressure and water temperature
- Gauge measures 2.85" H x 4.57" W x 1.25" D
- Includes gauge bracket, speed sensor with bracket, speed sensor magnet and water temperature sensor

PART #	DESCRIPTION	SUG. RETAIL
2210-0119	XR-SR multi-function speedometer	\$199.95

**XR-01 SPEEDOMETER**

- Features a larger, higher-quality and easy-to-read LCD display
- Can be set to read in mph (0-225 mph) or km/h (0-360 km/h)
- Also has odometer, two hour meters, maintenance hour meter for oil change (with oil symbol), two trip meters, voltage meter (with low-voltage warning), fuel level gauge and clock display functions
- Five backlight brightness settings
- Includes gauge, wire extension harness, speedometer sensor pickup, mounting brackets and hardware
- Measures 77.5mm W x 74.8mm L x 24mm D

PART #	DESCRIPTION	SUG. RETAIL
2210-0411	XR-01 Speedometer	\$114.95

**D64 ELECTRONIC SPEEDOMETER**

- Stainless steel body with an easy-to-read backlit dial and digital displays
- Dial display shows speed with a range of 0-160 mph (resolution: 1 mph)
- Digital display shows odometer, trip meter and fuel level
- Features indicators for turn signal, high beam, oil pressure and neutral
- Measures 2.52" dia. without bezel (2.72" dia. w/ bezel) x 2.24" D
- Includes gauge bracket, passive speed sensor and S-type speed sensor, bracket and magnet

PART #	DESCRIPTION	SUG. RETAIL
2210-0225	D64 speedometer	\$199.95

**DL UNIVERSAL ELECTRONIC SPEEDOMETER**

- Stainless steel body with easy-to-read, blue-backlit digital display
- Display shows speed (mph/ km/h), odometer, trip meter and fuel level (10-bar display)
- Face is completely black when off
- Adjusts to all tire sizes
- Gauge measures 2.17" dia. without bezel; 2.4" with bezel
- Includes gauge bracket, speed sensor with bracket and magnet
- Optional chrome bullet housings and handlebar brackets available separately

NOTE: Matching KOSO tachometer also available in this section.

**T & T ELECTRONIC  
SPEEDOMETERS/  
TACHOMETERS**

- Multiplication gauge is the perfect complement for all street use
- Gauges include: speedometer, tachometer, odometer, volt meter and clock
- Speed is displayed digitally; RPM via analog gauge
- Stepper motor allows for a faster and smoother response and more accurate information
- Indicator lights in multiple colors allow for easy recognition
- Measure 3" diameter (without bezel), 3.4" with bezel x 1.75" deep (without bezel)

**HD01 ELECTRONIC TACHOMETER  
WITH OIL PRESSURE GAUGE**

- Stainless steel body with easy-to-read white dial background with blue backlight and backlit digital display
- Dial displays 0-9000 rpm (resolution: 100 rpm)
- Stepper motor keeps needle stable under heavy vibration
- Blue-backlit digital display shows oil pressure (0-75 psi)
- Gauge measures 2.17" dia. without bezel; 2.4" dia. with bezel
- Works with single- or dual-fire ignitions
- Compatible with OEM oil pressure sensors
- Requires OEM oil pressure sending unit #74438-99A
- Includes gauge bracket
- Optional chrome bullet housings and handlebar brackets available separately; see page 1504

NOTE: Matching KOSO speedometer available in this section.

2211-0078	HD01 tachometer with oil pressure gauge	\$169.95	2212-0374	X-1 boost gauge	\$195.95

**X-1  
BOOST  
GAUGE**

- Easy-to-read digital display
- Works with turbo or supercharger
- 15 or 35 psi changeable scale
- Records positive or negative psi peaks
- Features a settable, visible peak warning
- Measures 3.9" W x 1.7" H x .89" D
- Includes boost sensor and gauge bracket

**GEAR INDICATOR**

- Lightweight, compact, easy to use and to install, this meter quickly tells which gear you've selected
- Its big digits and blue backlight makes it easy to read during day or night riding
- Made to fit most of the Harley-Davidson models
- Measures 1.45" wide x 2" T x .7" thick
- Includes mounting hardware and instructions

PART #	DESCRIPTION	SUG. RETAIL
2212-0544	For most 07-13 Big Twin, XL and V-Rod models (except 07-08 XL 1200 models)	\$169.95

### X-2 BOOSTGAUGE WITH AIR/FUEL RATIO AND TEMPERATURE

- Easy-to-read LCD digital display
- The ideal gauge for turbos and superchargers
- Conveniently displays boost, air/fuel ratio and cooling system or intercooler temperature
- Boost scale is settable to 15 or 35 psi, records positive or negative psi peaks and features a settable, visible warning
- Air/fuel ratio gauge features a settable, visible over-rich/over-lean warning
- Measures 4.3" W x 2.6" H x .89" D
- Includes boost sensor, temperature sensor, Bosch oxygen sensor with bung and cap and gauge bracket

PART #	DESCRIPTION	SUG. RETAIL
2212-0375	X-2 boost gauge with air/fuel ratio and temperature	\$499.95

### MINI 3 DUAL TEMPERATURE METER

- Developed with the best components and latest technology
- Monitors engine temperature to keep an eye on overheating
- Engine temperature warning: at 248 degrees the meter will flash
- Displays ambient temperature to monitor conditions and dress properly for the ride
- Compact and lightweight
- Gauge comes complete with two sensors
- Dimensions: 60.5mm (2.4") W x 30.5mm (1.2") H x 12.3mm (.5") D

PART #	DESCRIPTION	SUG. RETAIL
2212-0487	Dual temperature gauge	\$114.95

### MINI 3 AIR/ FUEL RATIO METER

- Allows you to monitor and adjust air/fuel mixture for more power and peak performance
- Specially designed to help tune carbureted or fuel-injected 4-stroke engines
- Easy installation to 12V systems by connecting the sensor to the exhaust system
- Includes gauge unit, sensor, bung and cap
- Dimensions: 60.5mm (2.4") W x 30.5mm (1.2") H x 12.3mm (.5") D

PART #	DESCRIPTION	SUG. RETAIL
1050-0276	Air/fuel ratio gauge	\$247.95

### MINI 3 AMBIENT TEMP/ CLOCK/VOLT METER

- Helps monitor the basics for planning a ride
- Check battery voltage with low-voltage indicator
- Large display clock is easily read while riding
- Ambient temperature gives a good reference on how to dress properly for a ride
- Dimensions: 60.5mm (2.4") W x 30.5mm (1.2") H x 12.3mm (.5") D

PART #	DESCRIPTION	SUG. RETAIL
2212-0486	Temperature/clock/voltage gauge	\$99.95

### GPS SPEED SIGNAL CONVERTER KIT

- Simple, clean alternative to running the speedometer pickup off the wheel speed sensor
- Unit has a 66 satellite antenna that captures the GPS signal and transfers it to a pulse signal that communicates real-time speed to the speedometer
- Kit includes GPS antenna, signal converter and plug-in adapter cable
- For use with all Koso gauges with speedometer function

PART #	DESCRIPTION	SUG. RETAIL
2210-0414	GPS speed signal converter kit	\$159.95

### SPEED SENSOR MAGNET BOLTS

- Simple and reliable alternative to gluing sensor magnet to a bolt or rotor
- Sold each

PART #	DESCRIPTION	SUG. RETAIL
2210-0133	5/16-18 x 7/8" L	\$7.95
2210-0134	M5 x P0.8 x 12mm L	7.95
2210-0135	M6 x P1.1 x 12.6mm L	7.95
2210-0136	M6 x P1.1 x 19.7mm L	7.95
2210-0137	M6 x P1.0 x 24mm L	7.95
2210-0138	M8 x P1.25 x 22.5mm L	7.95
2210-0139	M8 x P1.25 x 27.5mm L	7.95

### MINI 3 AMP AND VOLT METER

- Developed with the best components and the latest technology
- Displays vehicle voltage and amps used
- Voltage warning indicator when the volt is below DC 11.5V or above 15.5V
- Especially useful when there are many electrical accessories
- Compact and lightweight design
- Gauge comes complete with electric current sensor
- Dimensions: 60.5mm (2.4") W x 30.5mm (1.2") H x 12.3mm (.5") D

PART #	DESCRIPTION	SUG. RETAIL
2212-0488	Amp and volt meter	\$129.95

### DL WATER TEMP METER

- Easy to read at high speeds, thanks to large digits
- Switchable between °C and °F
- Display range of 0-250°C and 32-500°F
- Backlight display lights show blue or red
- Dimensions: 48mm (1.9") W x 46mm (1.8")

PART #	DESCRIPTION	SUG. RETAIL
2212-0490	DL water temperature meter	\$139.95

### DL VOLT METER

- Provides continuous status of your battery
- Displays a range of 8.0-19.9 volts
- Adjustable warning display range
- Blue or red backlight display color
- Dimensions: 48mm (1.9") W x 46mm (1.8")

PART #	DESCRIPTION	SUG. RETAIL
2212-0491	DL voltage meter	\$119.95

### REPLACEMENT SPEED SENSORS FOR KOSO SPEEDOMETERS

- Replacement speed sensors available in two versions: H-D OEM-style transmission speed sensor or speed sensor with 79" cable

PART #	DESCRIPTION	SUG. RETAIL
2210-0131	Speed sensor w/ 79" cable	\$29.95
2210-0132	OEM-style speed sensor; repl. OEM #74430-00D	47.95

### PRO-CYCLE TACHOMETERS, SHIFT CONTROLLER AND SHIFT LIGHTS

- The standard in motorcycle racing tachometers
- Feature the same reliability and technological quality as Auto Meter's race-proven gauges
- Water- and vibration-resistant construction
- Compatible with all single- and dual-fire ignition systems (will not work with magnetos)
- Polished tach mounts sold separately; see page 1512
- Some 04 and later model bikes may require a tach adapter (sold separately)
- Made in the U.S.A.

#### DIGITAL SHIFT CONTROLLER

- Digital shift light controller features a single programmable shift point
- Digital RPM display for easy setting (no chips required)
- Compatible with .5-, 1-, 2-, 3-, 4-, 5- and 6-pulse ignition systems
- Does not require tachometer for use; easily plugs into Auto Meter shift lights with three wires and lead
- Made in the U.S.A.

#### SHIFT LIGHTS

- Shift light can be used with any style of tach listed, but requires use of Digital Shift Controller (PART #2212-0154)
- LED Super Lite shift light features 12 amber LEDs that can be adjusted to three levels of brightness; direct replacement for all shift lights
- Chrome and black mini shift lights use a single LED; include dimming cover for night use
- All shift lights plug directly into Digital Shift Controller
- Made in the U.S.A.

### 5" PLAYBACK TACHOMETERS

- Satin tachometer reads up to 9000 rpm
- Allow a review time of up to one minute and 20 seconds
- Play back in real time or one-third time
- Revolutionary launch lite feature keeps a rider's eye on the tree while using the built-in launch light to signal when optimal launch rpm is maintained
- Four shift points can be selected
- Shift lights can be added without the use of an additional rpm module
- Designed to work with all single-fire and dual-fire ignitions
- 5" gauges fit 3 3/8" Auto Meter mounts
- Made in the U.S.A.

- Smooth function, long-lasting electronics
- Available in polished stainless steel or matte black finish
- Backlit with long lasting LEDs
- Water-resistant housing
- Fits 2.375"/2.4" mini gauge mounts
- Matching speedometer PART #s 2210-0174, -0175, -0257, -0258 sold separately

NOTE: Tach adapter required for single-fire ignitions (Pre-04 models only).

NOTE: Installing an electronic tachometer on 04-17 models will require the use of PART #2211-0165.

### 2.4" MINI ELECTRONIC 8000 RPM TACHOMETERS

- Feature chrome or gloss black bodies, polished stainless steel bezels, non-fluctuating needles, incandescent back-lit translucent faces, chrome "Y" mount and handlebar clamps
- Water- and vibration-resistant construction
- Bezel diameters are 2.64"
- Overall length is 2.7"
- Color-coded wires and wiring instructions
- For replacement bulbs, see pages 1127-1136
- Available with a white or black face
- Matching 2.4" mechanical drive speedometers available separately in this section; see page 1491

NOTE: Tach adapter required for single-fire ignitions (pre-04 models only).  
NOTE: Installing an electronic tachometer on 04-17 models will require the use of PART #2211-0165.

PART #	DESCRIPTION	SUG. RETAIL
<b>CHROME HOUSING</b>		
2211-0058	White face w/ black needle	\$75.95
2211-0057	Black face w/ white needle	75.95

### 8000 RPM ELECTRONIC TACHOMETER

- OEM-style electronic tach features a stainless steel outer housing ring and an 8000 rpm face
- Tach could also be used on any 85 and up models using a single- or dual-gauge mount with an opening larger than 3 1/8"
- Comes complete with wiring and bulb
- For replacement bulb see pages 1127-1136

NOTE: Will not fit in console models.

PART #	DESCRIPTION	SUG. RETAIL
DS-243939	FOR 85 FXRT, 85-87 FXRS, 91-94 FXR Superglide and 84-94 FXRS-SP, FXRS-CON; repl. OEM #67042-85	\$76.95

### MINI-BULLET ELECTRONIC 8000 RPM TACHOMETERS

- Same great features as the Bullet Tachometer
- Super compact 3 3/8" L x 2 5/16" D housing
- 1" bar clamp allows for a through-the-bar wire exit
- Include tachometer adapter for single-fire ignitions

PART #	DESCRIPTION	SUG. RETAIL
<b>WITH 1" BAR MOUNT</b>		
2211-0059	White face	\$229.95

2211-0051

### 3" BULLET ELECTRONIC TACHOMETERS

- Sleek housing measures 3 1/2" L x 2 7/8" D
- Accurate 0-8000 rpm with a bright illumination for night riding
- Easily mounts in multiple locations and positions
- Fits 1" or 1 1/4" handlebars
- Hardware and instructions are included
- Includes tachometer adapter for single-fire ignitions

PART #	DESCRIPTION	SUG. RETAIL
<b>FOR 1" HANDLEBARS</b>		
2211-0048	Chrome w/ white face	\$199.95
2211-0049	Chrome w/ black face	199.95

2211-0051	Chrome w/ black face	209.95
<b>REPLACEMENT TACHOMETERS</b>		
2211-0127	Black	69.95
2211-0128	White	69.95

### BILLET ELECTRONIC TACHOMETER

- CNC-machined from billet aluminum, then plated with Cobra Show Chrome
- Mount by replacing the 1" handlebar clamp (3 1/2" on-center risers, offset mounting holes)
- Read from 0 to 8000 rpm
- Quick, easy installation

PART #	DESCRIPTION	SUG. RETAIL
2211-0002	For 99-17 Softails w/ single-fire ignitions (exc. Deuce and Springer)	\$339.95

### TACHOMETER ADAPTER

- Provides the correct rpm display when using a single-fire ignition
- Will fit most accessory electronic tachometers
- Integrated features allow use on 04-16 H-D models

**NOTE:** Not for use with Drag Specialties tachometers.

PART #	DESCRIPTION	SUG. RETAIL
2211-0052	Tachometer adapter	\$29.95

### TACH ADAPTER

- Allows your electronic tachometer to function accurately when a single-fire ignition system has been installed

PART #	DESCRIPTION	SUG. RETAIL
D-101	Tach adapter for single-fire ignition	\$21.95

### PROGRAMMABLE SHIFT LIGHT AND VEHICLE DATA LOGGER

- Ultra-high-brightness red/green/blue LED display can be panel mounted or attached to a tach with a supplied bracket
- LED display features full spectrum color capability including white with user-selected colors for each function and automatic dimming under low light conditions
- Launch and multi-stage shift light capability; launch rpm and up to five shift rpm levels can be defined to support up to six-gear transmissions
- Gear detection is based on vehicle speed (if a vehicle speed sensor is available) or rpm drop during shift; vehicle speed based gear detection allows use in applications other than drag racing as it allows correct gear sensing after downshifts
- Launch detection is based on vehicle speed (if a vehicle speed sensor is available) or a signal from a line lock solenoid
- Two independent programmable alarm functions for analog inputs
- Additional programmable alarm and general purpose control output functions are described in the software section
- Flexible rpm input compatible with high voltage coil drive (vehicles with coil packs or distributor ignition), standard 12V tach signal, or low level logic drive (newer vehicles with coil-on-plug)
- Built-in data logging means unit is ideal as basic vehicle data logger during dyno tuning or on the track; logs data whenever system is armed and stores last five minutes of data at 10 samples/second
- Data logged includes throttle position, rpm, vehicle speed, status of all inputs and outputs, and two 0-5 volt analog inputs
- Heavy-duty industrial grade clamping terminal blocks allow easy and reliable hookup without soldering or crimping
- Compact size: 3.3" L x 2.4" W x 1.1" H, not including mounting feet and terminal block
- USB interface to laptop PC. Powerful Windows software for programming controller and downloading logged data; please visit <http://www.daytona-twintec.com> for complete details and downloads
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
2211-0085	Programmable shift light and vehicle data logger	\$290.00

### SHIFT MINDER KIT

- Designed to provide optimum shifting to match your style
- Triggering accuracy to better than 1%
- Adjustable to switch at any of 64 different rpm settings; 125 rpm increment between each setting
- Requires no additional parts for rpm switch point selection
- Made in the U.S.A.

DSMS-2

PART #	DESCRIPTION	SUG. RETAIL	PART #	DESCRIPTION	SUG. RETAIL
DSMS-2	For non-EFI models	\$217.95	2211-0114	For 07-12 EFI models only	\$217.95

### REPLACEMENT COMPONENTS FOR DRAG SPECIALTIES MINI SPEEDOS AND TACHS

- Clamp assemblies includes clamps, tapered washers and all necessary nuts and bolts
- Clamp is a replacement for the clamp assembly supplied with the Drag Specialties mini gauges
- Enables installation of gauges to any 1" or 1 1/4" tube, such as handlebars or frame members
- Replacement Y-bracket fits both speedo and tach
- Replacement socket assemblies, which includes bulb, are available to fit both early- and late-style gauges
- For replacement bulbs, see pages 1127-1136

PART #	DESCRIPTION	SUG. RETAIL
DS-243803	Chrome clamp assembly (ea.)	\$8.95
2210-0273	Gloss black clamp assembly (ea.)	7.95
DS-243805	Chrome Y-bracket (ea.)	4.95
2210-0274	Gloss black Y-bracket (ea.)	4.95
DS-243804	Repl. rubber push-in socket/bulb assembly (early or late style) (ea.)	3.95
DS-282096PK	Repl. bulb for metal push-in socket only	1.95 (ea.)

### CABLE ADAPTER FOR DRAG SPECIALTIES MINI GAUGES

- Allows speedometers with a 12mm cable connection to use 5/8"-12 speedometer cable
- Fits all Drag Specialties mini gauges and other speedometers with a 12mm cable connector
- Sold each

PART #	DESCRIPTION	SUG. RETAIL
2210-0062	Cable adapter	\$5.95

GENERAL**TWO-PIECE TACH/SPEEDO MOUNTS**

- Modular-designed chromed billet aluminum tach/speedo mount precision-machined for quality fit and finish
- Separate gauge top, base and cup offer true custom applications
- Gauge top comes with rubber retaining ring (OEM gauges use OEM ring)
- Base features holes for indicator lights; bases with no holes also available
- Gauge top, base and cup must be purchased separately
- Made in the U.S.A.

NOTE: Not for XL 883C/1200C models.

**ROLAND SANDS DESIGN**  
**BLACK OPS**

**CAFE GAUGE AND HEADLIGHT RELOCATORS**

- Relocate stock speedometer from top handlebar clamp to front of top triple clamp and lowers stock headlight approximately 2"
- Allow use of any aftermarket risers or complete elimination of risers for use of clip-on handlebars
- Eliminate stock Sportster headlight visor/eyebrow
- Bolt directly to top triple clamp via visor/eyebrow bolt holes (4.125" o.c. holes)
- LED warning/indicator lights replace the OEM lights; sold separately
- Available in black anodized, chrome, Black Ops™ or Machine Ops™
- Chrome hardware included
- Made in the U.S.A.

NOTE: Bottom mount headlights require the use of the RSD headlight adapter, PART #2001-0802.

### HEADLIGHT ADAPTER FOR GAUGE MOUNT RELOCATORS

- CNC machined billet aluminum
- Allows mounting of any stock, RSD or any bottom mount headlight in conjunction with the RSD gauge and headlight re-locator
- $\frac{3}{4}$ " wide for  $\frac{3}{8}$ " bolt
- Available in gloss black
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
2001-0802	Gloss black	\$34.95

### TOP TRIPLE GAUGE MOUNT ADAPTER PLATE

- Allows the use of RSD Cafe Gauge and Headlight Re-locator to be used on RSD Top Triple Trees
- For use on RSD Top Triple Trees only
- Hardware included
- Both .925" and 1.950" spacer lengths included for multiple applications
- Available in gloss black
- Made in the U.S.A.

NOTE: Custom application; some modification may be required.

PART #	DESCRIPTION	SUG. RETAIL
2210-0357	Gloss black	\$55.95

1908-3708

**Accutronix**  
precision crafted billet products

### GAUGE MOUNT ADAPTER

- High-quality billet aluminum construction
- Available in chrome or black
- Designed to adapt FXD and XL OEM gauge mount
- Made in the U.S.A.

NOTE: Not for 883C/1200C XL models.

PART #	DESCRIPTION	SUG. RETAIL

**SPEEDO RELOCATION BRACKET**

- Get a cool Hot Rod look without sacrificing function with this speedometer relocation bracket
- Fully CNC-machined from solid bar – not cast – for optimum quality
- Bracket mounts to the left fork tube, is adjustable in virtually every direction and clears the fuel tank easily
- Outer housing enables you to retain 100% of your instrument lighting and is conveniently located around the right side of the speedo (all LED)
- Engraved, easy-to-see indicator symbols are placed next to the individual micro lights
- Speedo wiring plug is retained without extending the harness; fully straightforward wiring instructions for the indicator lights are provided
- Visibility over the handlebars is greatly improved by removing your stock handlebar bracket mount; at the same time visibility to the speedo is excellent, placed down on the left of the tank and below the bars providing a real racy look
- 3<sup>9</sup>/<sub>16</sub>" ID
- Made in the U.S.A.

NOTE: Check tank-to-bracket clearance before operating.

PART #	DESCRIPTION	SUG. RETAIL
<b>FOR 14-17 XL W/ 39MM FORK TUBES (EXCEPT 14-17 XL1200X) (XL 883C/1200C MODELS REQUIRE H-D SPEEDO BACK PLATE AND CUSHIONING, HD #67320-95, 67104-95)</b>

PART #	DESCRIPTION	SUG. RETAIL
<b>FOR 15-17 FLTRX (CONT)</b>		
<b>2202-0239</b>	Black	<b>\$69.99</b>

**RESET KNOBS**

- Replacement reset knob for mini speedometers with tripmeter PART #DS-243813
- Sold in packs of five

PART #	DESCRIPTION	SUG. RETAIL
DS-243825	For mini speedometers w/ tripmeter	\$2.95

**MOUNTING KIT FOR FL-STYLE SPEEDOMETERS**

- Used for mounting speedometers found in 84-95 cast dashes
- Kit includes rubber grommets, pins and clips

PART #	DESCRIPTION	SUG. RETAIL
DS-243817	Repl. OEM #s 67068-76, 67070-76 and 67069-76	\$4.95

**SPEEDOMETER/TRIPOMETER RESET PUSH BUTTON**

- Sold each
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
2106-0151	For 94-98 FLHR, 96-98 FXST/FLST, 95-99 FXD/FXDWC, 95-98 XL w/ electronic speedometer; repl. OEM #67879-94 and 67880-94	\$11.95

2210-0285

2210-0287

**ELECTRONIC SPEEDOMETER SENSORS**

- Direct replacement for OEM sensors

PART #	DESCRIPTION	SUG. RETAIL
2210-0285	For 95-03 XL; repl. OEM #74402-95	\$69.95
2210-0286	For 95-05 FXD; repl. OEM #74420-94	69.95
2210-0287	For 96-99 FXST; repl. OEM #74437-96	69.95

**TRANSMISSION SPEEDOMETER SENSOR**

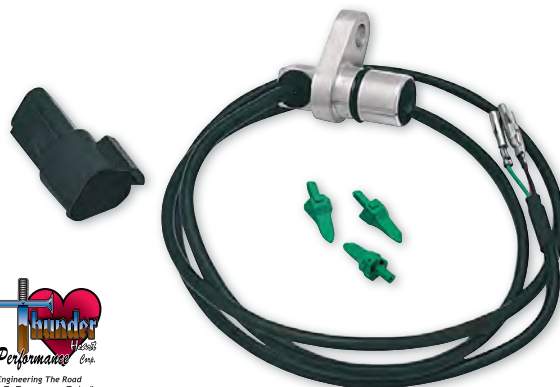

- Chrome billet sensor
- Includes OEM Deutsch connector
- For use with stock-length starter motor on most 96-03 Big Twin models
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
DS-243195	Speedometer sensor; repl. OEM #74437-96	\$73.95

**PROGRAMMABLE TRANSMISSION SPEEDOMETER SENSOR**

- Used to correct your speedometer when you change tire size, pulley size, gear ratio or make any other changes affecting the speedometer
- Capable of 0-50% positive or negative correction
- Quick and easy adjustment with a push switch and built-in indicator light
- Includes OEM-style connector for easy installation on 96-03 models with electronic speedometer (except XL models)
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
7806-3065	Speedometer sensor	\$110.95

DS-243848

DS-243856

2210-0202

**FRONT WHEEL SPEEDO DRIVE UNITS**

- High-quality front wheel speedometer drive units fit a variety of H-D models

PART #	DESCRIPTION	SUG. RETAIL
DS-243846	For 91-94 FXD, 84-94 FXR/XL (.375" spacer) 2:1 ratio; repl. OEM #67127-84A	\$33.95
DS-243847	For 87-95 FLHT (.440" spacer) 2:1 ratio; repl. OEM #67073-87A	33.95
DS-243848	For 84-94 FXLR (.375" spacer) 2:1 ratio; repl. OEM #67132-85A	33.95
DS-243856	For 85-86 FXWG, 84-95 FXST, FXSTC, 93-94 FXDWG (.600 spacer); repl. OEM #67120-84A; 2240:60 ratio	33.95
DS-243849	For 86-95 FLSTC, FLSTF/N (.600 spacer) 2240:60 ratio; repl. OEM #67125-86A	33.95
DS-243859	For 84-86 FLT (no spacer); repl. OEM #67073-81; 2:1 ratio	33.95
2210-0202	For 96-99 FLHT, FLHR (.400" spacer) 2:1 ratio; repl. OEM #67101-96	33.95

GENERAL**SPEEDOMETER  
DRIVE COVER**

- Perfect for detailing your front end
- Chrome stamped steel
- For stock and aftermarket speedo drives found on models listed

PART #	DESCRIPTION	SUG. RETAIL
DS-243840	For 93-94 FXDWG, 84-86 FXWG, 84-95 Softail, 87-95 FLT/FLHT/FLHS	\$19.95

**ELECTRONIC SPEEDOMETER  
SPEED SENSOR HOLE PLUG**

- Removing your OEM electronic speedometer or changing to a mechanical speedometer?
- This unique part from Don Hotop is designed to seal the speed sensor hole in all models that use an OEM electronic speedometer
- Manufactured from 6061 billet aluminum and brilliantly chrome plated
- Comes complete with O-ring and chrome-plated button head screw

PART #	DESCRIPTION	SUG. RETAIL
2210-0029	For 95-06 FLHR/FXD; 95-03 XL and 96-06 FXST/FLST models w/ electronic speedos	\$24.95

**DATA BUS  
BREAKOUT INTERFACE**

- Allows simple installation of an aftermarket speedometer and/or tachometer
- Plugs directly into motorcycle's diagnostic port
- Connects to bike's data bus and outputs traditional analog signals
- Features outputs for speedometer signal (8000 ppm), tachometer signal (adjustable for 1-, 2- or 4-cylinder), check engine signal, accessory power and ground
- Digital readout works like a scan tool; allows reading back and clearing diagnostic codes

PART #	DESCRIPTION	SUG. RETAIL
2210-0182	For 04-13 models (except 11-13 Softail and 12-13 Dyna models)	\$139.95

**ENGINE FAILURE  
DETECTION SYSTEM**

- Provides an early warning of catastrophic engine failure
- Monitors the presence of ferrous metal debris in engine oil through a sensor in a special drain plug
- LED warning light attaches to handlebars and indicates when metal particles in oil reach a level that could indicate impending trouble
- Includes wiring harness; no cutting or splicing required
- Available for both 1 1/4" and 1" handlebars in chrome or black

PART #	DESCRIPTION	SUG. RETAIL
<b>FOR 1 1/4" HANDLEBARS</b>		
2212-0548	Black	\$195.95
2212-0549	Chrome	206.95

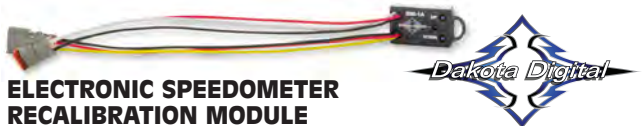

**MINI 3 OIL PRESSURE GAUGE**

- Helps avoid major mechanical problems by allowing the rider to keep a watchful eye on the vehicle's oil pressure
- By watching the pressure gauge, riders can be sure their vehicle is being properly lubricated
- Features an oil pressure warning that flashes when oil pressure drops
- Lightweight, compact design makes this gauge a perfect complement to the actual gauge cluster
- Gauge comes complete with needed sensor
- Dimensions: 60.5mm (2.4") W x 30.5mm (1.2") L x 12.3mm (.5") D

**TRANSMISSION SPEED BLOCK-OFF**

- Reinforced synthetic rubber
- 5-speed version fits 5-speed transmissions and includes speedo drive block-off with a chrome-plated cap screw and washer

PART #	DESCRIPTION	SUG. RETAIL
2404-0114	5-speed block-off; repl. OEM #35607-95	\$6.95

**ELECTRONIC SPEEDOMETER  
RECALIBRATION MODULE**

- This module allows you to recalibrate most 95-06 OEM electronic speedometers when changing tire size, pulley, or final gearing
- Easy installation - simply plugs in between the pickup sensor and the stock wiring harness
- Allows small step corrections of less than 1 mph
- Correction range of 50% to 200%
- No power required to maintain calibration when the bike is parked
- Two sealed buttons allow easy resetting of the speedometer reading while the bike is in motion
- A must for custom builders using electronic speedometers

PART #	DESCRIPTION	SUG. RETAIL
2210-0391	For 96-06 FXST/FLST/FLT/FLHT/FLHR, 96-05 FXD/FXDWG, 95-03 XL	\$119.95

**OIL PRESSURE GAUGE KITS**

- Finally a clean way to mount an oil pressure gauge on Big Twin and Sportster engines
- Gives a great view of the gauge and adds style to your engine
- The finest assemblies available; each is beautifully CNC-machined from aluminum, and each comes with a quality U.S.A.-made stainless steel hose assembly
- Complete kits include a 60 lb. liquid-filled gauge, bracket, cone assembly, stainless steel hose assembly and hardware
- Bracket and cone assembly accepts most 1 1/2" diameter oil pressure gauges; bracket can also be used without the cone to accept the slightly larger Drag Specialties and Custom Chrome liquid-filled gauges

NOTE: Check clearance between gauge and gas tank.

PART #	DESCRIPTION	SUG. RETAIL
DS-244121	Complete kit for 99-17 Twin Cam, chrome	\$199.95
2212-0370	Complete kit for 99-17 Twin Cam, Deep cut	199.95
