

Handlebars, Controls & Mirrors

1 1/2" "BIG" BUFFALO BARS

- Handlebars for the "biggest fattest" look
- Features a full 1 1/2" diameter in the clamping area (except T-Bars)
- Custom bends for the ultimate in comfort
- Drilled and dimpled for stock controls
- Designed for use with 96 and newer style controls and master cylinders
- Special risers required for all bars (except T-Bars); see pages 1186-1200
- Optional gauge mounts are available separately for T-Bars
- Made in the U.S.A.

NOTE: Not compatible with hydraulic clutch master cylinders.

1 1/4" BUFFALO BARS

- The ultimate 1 1/4" diameter handlebar, designed for maximum comfort
- Dimpled and drilled for internal wires; works with standard controls
- Standard bars have 3 1/2" on-center knurling to prevent movement (except T-Bars)
- Springer-style bars have 4 3/4" center diamond knurling for a smooth finished look; work with the OEM Springer risers and handlebar clamps
- Optional 1 1/4" thick Buffalo risers are also available to complete the look
- Optional handlebar clamps cover all of the center area that is sized down to one inch
- Optional gauge mounts for T-Bars sold separately; see DASHES & GAUGES section
- See pages 1186-1200 for handlebar clamps and risers
- Made in the U.S.A.

**Conventional****T-Bar**

NOTE: Not for models with electronic throttle control.

NOTE: Not for use with stock risers and handlebar clamp/gauge mount on 883C/1200C models.

NOTE: Compatible with hydraulic clutch controls.

**1 1/4" BAGGER
MONKEY BARS**

- Hand-crafted to fit touring models
- 1.25" diameter bars are pre-drilled for easy internal wiring
- Available in chrome or gloss black powder-coated finishes
- Work great with Paul Yaffe's Bagger Nation "Super Clamp" one-piece riser clamp (PART #0603-0363 available separately)
- Made in the U.S.A.

NOTE: PART #s 0601-1444/1445, 0601-2366/2367, 0601-3141/42/43/44 will also fit most 84-13 models with 3 1/2" on-center risers (except Springer, FLT/FLHT and XL 883C/1200C models)

NOTE: PART #s 0601-3210/11/12/13/14/15 require cable and/or wiring extensions.

1" CLASSIC "BAGGER APES"

- Paul Yaffe says, "Give instant attitude to your Bagger with a fresh new set of ape hangers!"
- Mandrel-bent from 1" seamless steel tubing and then treated to a chrome bath or gloss black powder coat
- Notched for electronic throttle
- Knurled, dimpled and pre-drilled for internal wiring
- Available in 10", 12", 14" and 16" heights
- Made in the U.S.A.

NOTE: Bars listed for 94-17 FLHR/FLTR will also fit most 84-17 models with 3 1/2" on-center risers (except Springers, FLT/FLHT and XL 883C/1200C models).

NOTE: When installing any of these bars on 2007 and earlier models, the one-piece top handlebar riser clamp OEM #55918-08 (or PART #0603-0363) MUST be used.

GENERAL**11/2" TREE HUGGER HANDLEBARS**

- The lowest profile handlebars on the market
- New, innovative adjustable riser design allows you to adjust the handlebars forward or backward
- 1/2" risers let you hug the top of the triple tree (3 1/2" on-center)
- Can be used with cable and TBW (Throttle-By-Wire) applications
- Designed to flow with a Wide Glide triple tree on a Softail or Dyna, and fits under the nacelle on 96 and later Road Kings
- Drilled for internal wiring
- Made in the U.S.A.

1 1/4" TOURING APE HANGERS

- Designed to have proper clearance on FLHT/FLHX models with the "batwing" fairing
- Notched for throttle-by-wire
- Large laser-cut, burr-free wiring slots
- Allow the use of factory heated grips and all stock controls
- 10" Ape Hangers work with stock length clutch and brake lines
- Made in the U.S.A.

NOTE: Accept H-D OEM heated grips.

0601-0320

1 1/4" HANDLEBARS

- For use in 1" stock-style handlebar clamps
- Accept standard bar grips and controls
- All handlebars are drilled for internal wiring, will work with heated grips and have electronic throttle notches; except PART #s 0601-0319 and 0601-0320, which are dimpled and drilled
- Fit most models with risers 3 1/2" on-center
- Available in chrome, gloss black or midnight black
- Made in the U.S.A.

NOTE: Not for use with stock riser and handlebar clamp/gauge mounts on 883C/1200C models.

11/4" BIG JOHNSON FL HANDLEBARS

- Improves the rider's overall body position
- Provides a more comfortable ride, is easier to steer and makes the bike feel 200 lb. lighter
- Will work with all stock cables, lines and controls
- Is a direct replacement for stock bars with a 1" riser clamp diameter
- Reduced reach and improved back position is provided by the 13" pullback
- A lower grip point helps relax the shoulders for added comfort
- An improved bar length helps increase the leverage, which makes the bike easier to steer
- Reduced or eliminated hand numbness comes from the realigned wrist position
- PART #s 0601-2754 and 0601-2755 are dimpled and drilled for internal/external wiring
- Will not interfere with stock mirrors
- Width 38", rise 5", pullback 13"
- Made in the U.S.A.

NOTE: HANDLEBARS LISTED WILL NOT ACCEPT H-D OEM HEATED GRIPS (EXCEPT AS NOTED).

All part numbers in **BLUE** are new for 2017.

1 1/4" HANDLEBARS

- Bars feature a full 1 1/4" diameter in the clamping area
- Knurled; drilled for internal wiring
- Accept most 1" grips and controls
- Available in chrome and black powder-coat finish
- Made in the U.S.A.

NOTE: Bars require the use of risers that accept handlebars with a 1 1/4" diameter in clamping area (sold separately).

NOTE: Not for use with stock risers and handlebar clamp/gauge mount clamp on 883C/1200C models.

NOTE: Pullback dimension is total pullback; center is before bends.

NOTE: Bars are not clearanced for early-style master cylinders; fit all 08 and later OEM H-D brake master cylinders and 08 and later OEM clutch master cylinders.

GENERAL**KLIP HANGER HANDLEBARS**

- Innovative bars present the ultimate in rider personal adjustment and fit
- Unique "Klamps" allow control/grip portions of the handlebar to be adjusted in several directions; rider can tailor to his/her exact liking
- Bar sections are manufactured from DOM tubing, 'Klamps' are machined from 6061 billet aluminum, all hardware is stainless steel
- All feature a fully knurled riser clamp area for standard 5 1/4" width 1" risers
- All are drilled/slotted for wiring and bar end is notched for throttle by wire applications
- All include chromed, billet aluminum, domed bar end plugs for a finished look
- Works with HD OEM Heated Grips
- Made in the U.S.A.

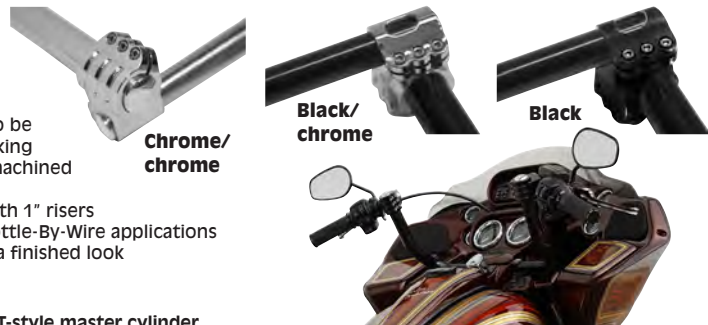

NOTE: Will fit most 96-07 models if used with on 08 and later FLHT-style master cylinder.

PULLBACK KLIP HANGER HANDLEBARS

- Innovative bars present the ultimate in rider personal adjustment and fit
- Offer more pullback than the standard Klip Hanger bars for a more relaxed ride
- Unique "Klamps" allow control/grip portions of the handlebar to be adjusted in several directions; rider can tailor to his/her exact liking
- Bar sections are manufactured from DOM tubing, 'Klamps' are machined from 6061 billet aluminum, all hardware is stainless steel
- All feature a fully knurled riser clamp area for standard 5 1/4" width 1" risers
- All are drilled/slotted for wiring and bar end is notched for Throttle-By-Wire applications
- All include chromed, billet aluminum, domed bar end plugs for a finished look
- Works with HD OEM Heated Grips
- Made in the U.S.A.

NOTE: Will fit most 96-07 models if used with on 08 and later FLHT-style master cylinder.

1" ERGO BARS

- Three styles designed to cover a large spectrum of riders and preferred riding positions all with a more relaxed, comfortable wrist position
- Accept stock controls, housings, cables and wiring
- Bars for 14-17 models require wire extensions PART #2120-0368 (sold separately)
- Predrilled and slotted for internal wiring; notched for Throttle By Wire applications
- Available in show chrome or black
- Work with HD OEM heated grips
- Made in the U.S.A.

STANDARD ERGO BARS

- Close to stock bar height
- More relaxed wrist position
- Sportier stance

ERGO BACK BARS

- Relaxed cruiser model, perfect for the shorter rider or even for a taller rider wanting to kick back
- Allows for a relaxed seating position

ERGO UP BARS

- Designed for the taller torso rider or someone who prefers a taller bar
- Similar pullback as stock bar
- Hand position is higher; arms almost level rather than reaching down

1 1/4" STREET RACE BARS

- 1 1/4" diameter bar with 1" diameter center mounting area and control clamping area
- 1" grip and control mounting area accepts stock or aftermarket hand controls and tapers into the 1 1/4" portion of the bar for the clean sanitary look
- Slotted and drilled for internal wiring
- Lower contour bend allows fitment on batwing fairing without any modifications to the fairing
- Knurling for risers at 3 1/2" on-center
- Available for cable and Throttle By Wire models
- Available in chrome or gloss black
- Made in the U.S.A.

NOTE: Compatible with hydraulic clutches and OEM heated grips.

BLACKOUT SERIES™

TBW notch

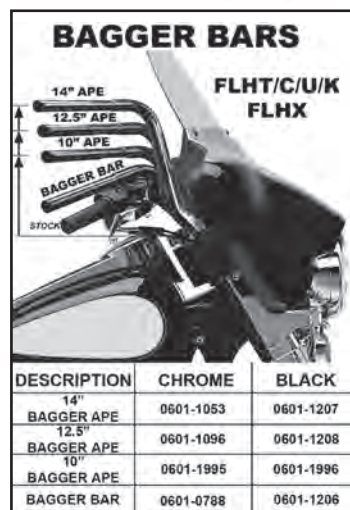

1 1/4" CHUBBY® HANDLEBARS

- Handlebars are 25% thicker than stock
- All bars are precision machined (not swage formed) at control mounts, providing perfect fit, form and unsurpassed look
- Designed with fluid bends at precise angles for maximum comfort and control
- Pre-drilled for internal wiring
- Polished welds and diamond knurled
- Work with hydraulic clutch, stock and most custom controls, stock risers and top clamps
- Available in show-chrome finish or Blackout series featuring a semi-gloss black finish to match OEM black switch housings
- All handlebars work with Throttle-By-Wire as well as cable applications
- Made in the U.S.A.

NOTE: All bars work with H-D® heated grips.

NOTE: Not for use with stock risers and handlebar clamp/gauge mount on 883C/1200C models.

NOTE: Not for FLHT/FLHX models (unless noted)

- 1 1/4" diameter formed handlebars with 1" center diameter and 1" grip/control mounts
- Dresser bars feature a 12" center straight section for proper clearance in the bat wing fairing
- Diamond knurled for non-slip clamping with risers on 3 1/2" centers
- Dimpled and drilled for late model controls
- Work with standard controls and grips
- Available in polished chrome, gloss black or Eclipse finish
- Eclipse features a proprietary, black chrome electroplated finish
- See the SEATS & SISSY BARS, EXHAUST and FRAMES & SUSPENSION sections for products with a matching Eclipse finish
- Made in the U.S.A.

NOTE: Not for use with stock risers and handlebar clamp/gauge mount on XL883C/1200C.

CALIBER HANDLEBAR INSTALLATION KITS

- The only complete handlebar kits with matching braided cables and brake lines that include Magnum Caliber 1 1/4" handlebars
- Available in Bagger or Ape Hanger styles for select ABS and non-ABS Harley-Davidson® motorcycles with 12", 14" and 16" height options
- MAGNUM 1 1/4" Caliber handlebars are manufactured with the highest quality construction, including machined control mounts (not swaged) and feature high luster chrome or gloss black finish for an unsurpassed appearance
- All handlebars are 1 1/4" diameter, have 3 1/2" on center knurling, work with standard controls, including hydraulic clutch, and are machined for internal wiring and electric throttle control
- All Caliber handlebars are preloaded with E-Z pull-thru sleeving to make wiring installations a breeze
- Kits include: Magnum 1 1/4" Caliber handlebars, throttle and idle cables (except 08-16 Dressers, 16-17 Softail and 16-17 FXDLS models), a clutch cable or hydraulic clutch line, brake lines, copper crush washers, hardware and wiring extensions
- All cable and brake lines feature either Sterling Chromite® II or Black Pearl braid with highly polished chrome or black chrome plated fittings
- All cables are a low effort, high efficiency design that meets or exceeds all OE specifications for fitment, construction, endurance
- Kits for dual disc models include an all brazed manifold that eliminates leaks, alignment problems, and unattractive threaded connections
- Brake lines exceed all DOT FMVSS-106 requirements
- Made in the U.S.A.

NOTE: Cable and line lengths are based on using 2" risers

- Save time and money by getting bars, hand controls, switches and grips prewired and preassembled ready-to-mount
- 1 1/4" swaged smooth handlebars made of heavy-duty .120 thick wall tubing
- Mounting area is stepped down to 1" diameter and knurled to accommodate most risers (3 1/2" on-center knurling)
- Ready to install; fully assembled with 60" long internal wiring
- Chrome bars have chrome switches/housings and chrome ribbed grips; black bars have black switches/housings and black grips
- Choose from 11", 14" or 17" high bars with either 3/16" bore master cylinder for Single-Disc application or 1 1/16" bore master cylinder for Dual-Disc application
- Notched for Throttle By Wire (Electronic Throttle Control) applications

NOTE: Not available for hydraulic clutch application.

NOTE: Will not work on FLHT/FLHX models.

FOR 96-10 FXST/FLST (EXC. SPRINGERS), 96-11 DYNA GLIDE, 96-07 FLHR, FLTR (WITHOUT RADIO, C.B. AND CRUISE) AND 96-03 XL

1 1/4" KING APE BAGGER HANDLEBARS

- It seems you can never make an ape hanger too big so we shot for the sky with our King Ape
- We borrowed some style from our classic Vintage bar and made everything a little larger, including the tubing diameter to give you a punk tall bar with attitude, style and quality hand TIG welding
- 1 1/4" diameter bar with 1" diameter center mounting surface and control clamping surface
- Stylish multi-hole drilled corner gusset offers strength and rigidity
- Slotted and drilled for internal wiring; notched for electronic throttle
- Lower contour bend allows fitment on FLHT/FLHX without any modifications to the fairing
- Knurling for risers at 3 1/2" on-center
- Available in chrome, black powdercoat or Black Ops™
- Black Ops™ is a textured black handlebar with gloss black billet aluminum end caps
- Made in the U.S.A.

1" MOTO CROSSBAR HANDLEBARS

- Moto Crossbar handlebar has a low-rise aggressive design with stylized billet cross bar
- Mini Ape Crossbar handlebar is reminiscent of early BMX bikes
- Heim joints on both ends of crossbar add a mechanical look and allow crossbar to be tightened until snug
- Knurling at 3.5" on-center for standard HD (non-springer) applications only, not for electronic throttle control models
- Accept stock or aftermarket hand controls
- Contrast Cut™ is a gloss black finished bar with a Contrast Cut crossbar
- Black Ops™ is a textured black finished bar with a Black Ops crossbar
- Made in the U.S.A.

SERIES 900 HANDLEBAR CLAMP ASSEMBLIES

- Replace your cast handlebar risers with one of these high-performance all-billet aluminum riser sets
- Fully CNC-machined racing styled design is made from solid 6061 T-6 bar stock for maximum strength
- Special alloy gold zinc top clamp mounting bolts are included
- Lightweight one-piece design top clamps give your bike a unique "cafe racer" look
- Available in black anodized or chrome finishes
- 2" tall risers are tapped for 1/2"-13 riser bolts (sold separately)
- Designed for 1" diameter bars
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0603-0266	Black anodized	\$145.95
0603-0267	Chrome-plated	155.95

HANDLEBAR MOUNT ASSEMBLY FOR TAPERED MOTOCROSS-STYLE HANDLEBARS

- Enable you to adapt tapered motocross-style bars - 1 1/8" center diameter to 7/8" diameter grip area - to any Harley-Davidson top triple clamps (except Springers)
- CNC-machined from 6061 T-6 billet aluminum, then anodized clear on the top and hard black on the bottom
- Aircraft-style gold tone clamp bolts make for a trick look
- Base sections have an offset 1/2"-13 thread to enable forward or backward mounting
- Mounting bolt spacing is 3 1/2" on-center
- Use with tapered motocross-style bars 7/8" to 1" adapter sleeves for use with 1" hand controls
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0603-0240	Handlebar mount for 1 1/8" tapered motocross handlebars	\$100.95
0632-0336	7/8" to 1" adapters for throttle and switch assemblies (pr.)	19.95

1" HANDLEBAR RISER AND CLAMP KIT

- T-6061 billet aluminum with a natural finish
- Complete system with risers and top clamp eliminates the need to use 1 1/4" factory handlebars
- Wire exit holes pointed toward the bottom fix the factory problem of the wire exit holes pointed towards the front
- Also eliminates factory locator pin, which limits adjustability
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0602-0740	For 15-17 FLTRX/FLTRU models	\$120.95

HANDLEBAR CLAMP SETS

- Fits under the stock cover
- Includes all necessary installation hardware
- CNC machined from 6061-T6 aluminum with a raw finish
- Tapped for 1/2"-13 riser bolts
- Top clamp has tapped holes to lock handlebars in place
- Comes with setscrews
- Made in the U.S.A.

FORGED ALUMINUM HANDLEBAR RISERS

- These risers are forged from 6061 T-6 aluminum for superior strength
- Drilled and tapped for 1/2"-13 riser bolts (bolts sold separately)
- CNC-machined for precision fit on handlebars with a 1" diameter clamping area
- Designed to fit applications with 3.5" on-center mounts and will accept most OEM-style top clamps with offset mount holes
- Available in chrome or black finish
- Sold in pairs

PATRIOT SERIES RISERS

- Constructed from aircraft grade aluminum (6061-T6)
- Angle risers have 1" of pullback
- For use with 1" handlebars
- Fit most models using 1/2"-13 riser mounting bolts
- Easy Installation: remove current risers, mount Rox risers where the OEM risers were previously, then place the handlebar in the top side of the Rox risers and tighten all bolts securely
- Available in black, chrome or machined aluminum finish
- Made in the U.S.A.

NOTE: Always check and confirm that your machine has adequate cable and brake line length before installing handlebar risers.

PATRIOT SERIES PIVOTING RISERS

- Patented pivoting handlebar risers mount on nearly any V-Twin with 1" diameter handlebars and an open mounting area
- Risers can be positioned forward, backward or anywhere in between to allow the rider to truly customize the feel of their bike
- Bottom fits 1" handlebar clamps; 1" bar clamp on the top side
- Easy Installation: remove the current bar, place the stem of the risers where the bar was located previously then tighten it down; place the handlebar in the top side of the risers and tighten all bolts down securely
- Constructed from aircraft-grade aluminum (6061-T6)
- Available in black, chrome or machined aluminum finish
- Made in the U.S.A.

NOTE: Always check and confirm that your machine has adequate cable and brake line length before installing handlebar risers.

KICKBACK RISERS

- The finest, most effective pullback riser on the market
- Provide immediate relief to those stretching to reach their handlebars
- Relieve shoulder, neck and back pain
- Each riser has its own individual stylish cap that allows mounting of a tachometer or other accessory between the risers
- Come complete with stylish chrome caps with mounting hardware
- 4" of rise and 1 1/2" of pullback
- Work with most stock lines and cables
- Accept 1" handlebars
- Available in chrome or gloss blackpowder coat finishes
- Sold in pairs
- Easy to install and includes instructions

PART #	DESCRIPTION	SUG. RETAIL
0602-0248	Chrome	\$139.95

PART #	DESCRIPTION	SUG. RETAIL
0602-0565	Black	\$139.95

**DYNA SERIES HANDLEBAR RISERS**

- Billet aluminum with triple chrome-plated finish
- 2.5" tall with 2" of pullback; tapped for 1/2"-13 riser bolts
- Designed to replace stock 1.5" straight risers found on many 91-17 Dyna models; can also be used for custom applications
- Allow for a more upright seating position; reducing neck, back and shoulder fatigue
- For use with 1" handlebars only
- Work with stock cables and brake line (minor rerouting may be required)
- Sold in pairs
- Made in the U.S.A.

NOTE: Check clearances between handlebars, tank, gauge mounts and dash before operating.

PART #	DESCRIPTION	SUG. RETAIL
0602-0464	For 91-17 Dyna models (except 15-17 FXDL)	\$179.95

All part numbers in **BLUE** are new for 2017.

0603-0168

0603-0169

T-BAR CLAMP

- Steel construction with a chrome finish
- Allows mounting of most handlebars or risers with standard 3 1/2" bolt centers
- Fits most Springer top trees with 4 3/4" hole centers
- Must use with Mount Kit PART #0603-0169
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0603-0168	T-bar clamp	\$231.95
0603-0169	Mounting kit	54.95

**CHROME PLUGS FOR HANDLEBAR CLAMPS**

- Plugs fit any socket-head screw with 1/4" hex
- Sold each to consumer; sold to dealer in packs of 12

PART #	DESCRIPTION	SUG. RETAIL
DS-290605	Chrome plugs	\$.95 (ea.)

0409-0006

"COVER UP" HANDLEBAR COVER ELIMINATOR

- Chrome billet aluminum construction
- Covers the gap on the FLST nacelle when installing T-bars or tall fat risers
- Sizes to fit 1 1/4" or 1 1/2" T-bars/risers
- Made in the U.S.A.

**GROOVED RISER MOUNTING KITS**

- Grooved stainless steel socket-head fasteners offer function and style to any custom or race bike
- Manufactured from only the best materials that are certified SDF (Seamless and Defect Free), heat treated to a minimum of 180,000 psi (20% stronger than GR8) and then the threads are rolled to a UNJ3A spec
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
2401-0362	For most stock-style aluminum risers (1/2"-13 x 2 3/4")	\$19.95

GARDNER WESTCOTT

CHROME RISER MOUNTING BOLT SET

- Mounting kit includes 1/2"-13 x 2 3/4" hex-head bolts, lock washers and cup washers
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
2401-0293	Riser bolt set	\$12.95

**BLACKLINE RISER ADAPTER KIT**

- Inserts fill in the existing handlebar mount holes, so conventional risers can be mounted
- Billet aluminum construction
- Durable gloss black powdercoat finish
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0602-0524	For 11-13 FXS	\$29.95

**SPRINGER RISER STUDS**

- Chrome steel riser studs
- Sold as a pair

PART #	DESCRIPTION	SUG. RETAIL
0602-0114	For 88-06 FXSTS; repl. OEM #45444-88	\$34.95

**SPRINGER RISER MOUNTING STUDS**

- Designed for custom risers to fit onto an aftermarket Springer front end
- Sold in pairs

BRAKE/CLUTCH CONTROL KITS AND SWITCH HOUSINGS

- Feature chrome brake and clutch controls
- Die-cast aluminum switch housings have radiused edges, OEM-style clamps, smooth tops and a chrome finish for a clean look
- Accept OEM style switches and wiring
- Switches available separately, see page 994
- Brake/clutch controls and switch housings with OEM style clamps sold separately
- Chrome switch clamps available separately
- Master cylinders accept OEM-style rebuild kits and have clearance for all 1¹/₄" handlebars

NOTE: Models with dealer-installed cruise control may require different or additional lower switch housings. Upper and lower switch housings are not compatible with OEM housings.

PART #	DESCRIPTION	SUG. RETAIL
FOR 14-17 FLHT/FLHX MODELS		
BRAKE/HYDRAULIC CLUTCH CONTROL KIT		
0610-0798	For 14-17 models (w/ OE hydraulic clutch, except 15-17 FLTRX, 14-17 H-D FL Trikes)	\$379.95
0610-1872	Repl. brake master cylinder assembly (15mm bore)	184.95
0610-1873	Repl. clutch master cylinder assembly (1 ¹ / ₄ " bore)	184.95
SWITCH HOUSING KIT		
0616-0231	For 14-17 models (w/ OE hydraulic clutch, except 15-17 FLTRX, 14-17 H-D FL Trikes)	79.95
FOR 96-13 FLT/FLHT/FLTR/FLHX, 96-16 FLHR MODELS		
BRAKE/MECHANICAL CLUTCH CONTROL KITS		
0610-0241	For 08-13 FLHX/FLHT/FLTR/FLHR (15mm master cylinder)	275.95
0610-0532	For 96-07 FLT/FLHX/FLHT/FLTR/FLHR (1 ¹ / ₄ " master cylinder); accepts 08-13 style repl. levers, PART #0610-0185 and 0610-0532	249.95
0610-0586	Repl. mechanical clutch assembly for PART #s 0610-0241 and 0610-0532	79.95
0610-0585	Repl. master cylinder assembly for PART # 0610-0241	199.95
0611-0050	Repl. master cylinder assembly for PART #s 0610-0532	199.95
SWITCH HOUSINGS KITS		
0616-0090	08-13 FLHT/FLHX/FLTR w/ radio	74.95
0616-0091	08-13 FLHT/FLHX/FLTR w/ radio and cruise (except FLHX w/dealer installed cruise control)	74.95
0616-0131	08-13 FLHX w/ radio and optional cruise	74.95

**HANDLEBAR CONTROL KIT**

- Aluminum construction with a deep chrome finish
- Uses OEM switches or equivalent (not included)
- For single-disc brake systems
- Replacement clutch lever assembly available separately

NOTE: Not for use with 1 1/4" handlebars that are not cleared for master cylinder.

PART #	DESCRIPTION	SUG. RETAIL
FOR 04-13 XL MODELS		
0610-0147	1/2" bore single-disc brake handlebar control kit	\$324.95

PART #	DESCRIPTION	SUG. RETAIL
FOR 04-13 XL MODELS (CONT)		
0612-0139	Repl. clutch lever assembly	\$61.95

**HANDLEBAR CONTROL KITS
WITHOUT SWITCHES**

- Customize the most visible area the factory overlooked – the handlebar controls
- Designed to work with all 1" diameter handlebars
- Chrome die-cast clutch/brake controls with switch housings are sold in complete kits or as individual components
- OEM wires and switches mount directly into these housings, so there is no need for new wires and switches
- Each complete kit includes clutch lever assembly with clamp half, a master cylinder assembly with clamp half, and the right and left switch housings
- Switch housing kit includes right and left housing only with mounting hardware
- Individual components are available to replace specific pieces instead of the complete assembly
- Kits come complete with all hardware for easy installation

NOTE: Lower switch housings will not fit 84-95 models with radio control switches in housings.

NOTE: Use appropriate master cylinder rebuild kit and levers for equivalent OEM model year and bore size.

FOR 84-95 BIG TWIN AND XL MODELS (EXCEPT DRESSER MODELS W/ AUDIO CONTROLS)

0610-1678

HANDLEBAR CONTROL KITS

- CNC-machined in billet aluminum and available in black or chrome finishes

- Include 9/16" single-disc brake master cylinder assembly, brake light switch, starter interrupt switch, left and right side switch housings, 96-16 style dual cable throttle housing and choice of a mechanical clutch lever assembly or a 11/16" hydraulic clutch master cylinder assembly

- Available with three button or CAN-Bus style switch housings
- CAN-Bus switch housings utilize stock circuit board for compatibility
- Mounting hardware included
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
FOR 84-10 SOFTAIL, 91-11 DYNA AND 86-13 XL (3-BUTTON)		
0610-1671	Black w/ cable clutch	\$1,259.95
0610-1672	Chrome w/ cable clutch	1,259.95
0610-1673	Black w/ hydraulic clutch	1,409.95
0610-1674	Chrome w/ hydraulic clutch	1,409.95

PART #	DESCRIPTION	SUG. RETAIL
FOR 11-15 SOFTAIL, 12-17 DYNA AND 14-17 XL (CAN-BUS)		
0610-1675	Black w/ cable clutch	\$1,259.95
0610-1676	Chrome w/ cable clutch	1,259.95
0610-1677	Black w/ hydraulic clutch	1,409.95
0610-1678	Chrome w/ hydraulic clutch	1,409.95

All part numbers in **BLUE** are new for 2017.

CONTOUR BILLET HANDLEBAR CONTROLS

- CNC-machined in billet aluminum and available in chrome or Contrast Cut™ finishes
- Contrast Cut™ starts with a polished hand control that has been black anodized, then recut to open up the design
- Hydraulic brake master cylinder comes in 9/16" or 11/16" bore size
- Hydraulic clutch cylinder is available in 11/16" bore size
- Cable-actuated clutch control works with stock cable
- Handlebar switch housings and brake light switches are not included and must be purchased separately
- Made in the U.S.A.

RADIAL BRAKE AND CLUTCH MASTER CYLINDER ASSEMBLIES AND MECHANICAL CLUTCH LEVER ASSEMBLY

- Racing driven radial mount technology gets the most out of your stock or aftermarket brake caliper by increasing leverage
- Compatible with OEM switch housings (including CANBUS)
- 1" clamping diameter
- Twist adjuster easily modifies the lever distance from the handlebar
- Lever surface shape designed for a comfortable and smooth feel
- CNC machined from billet aluminum
- Design matched to the radial product line
- Mounting hardware and mirror mount included (mirror mount also available separately)
- Available in chrome, Contrast Cut™ and Black Ops™ finishes
- Machined RSD logo
- Made in the U.S.A.

BRAKE AND CLUTCH MASTER CYLINDER ASSEMBLIES AND CLUTCH LEVER ASSEMBLIES

- Clean design makes these assemblies a great choice for custom applications
- CNC-machined
- Assemblies fit most 1" diameter handlebars (except dimpled bars)
- Include mounting clamps and levers
- Hydraulic and cable clutch assemblies available
- Available with or without switch kit
- Switch kit includes three momentary switches with chrome or gloss black buttons and switch housing
- Switches can be wired internally or externally
- Sold each
- Made in the U.S.A.

GENERAL**BILLET HANDLEBAR CONTROLS**

- Front master cylinder assemblies are available in 9/16", 5/8" or 11/16" bore size
- Compatible with most stock and aftermarket 4- and 6-piston calipers
- 5/8" master cylinder assemblies feature levers with a roller bearing tip to engage the piston, delivering smoother, more positive operation (for use with HHI hand control switch housing and throttle housing)
- Hydraulic clutch master cylinders are available in 11/16", 5/8" or 9/16" bore sizes to work with all styles of clutch actuators
- Utilize late-model OEM seals for great performance and quick serviceability
- Contain nylon bearings and spring loading for smooth, no-rattle operation and long-term performance
- Include a recessed cover with a flex-type seal for leak-proof operation
- Fit up to 1 1/2" diameter bars
- Work with standard throttle and hand grip components
- Brake assemblies and clutch assemblies sold separately
- Optional switch assemblies sold separately
- Made in the U.S.A.

TRIGGER LEVERS

- Design allows the forefinger to get a real grip, which makes it easier and more comfortable to pull the lever
- Lever backside is dished
- Hand falls naturally into place
- Ideal for riders with smaller hands
- Sold in sets of one clutch and one brake lever

PART #	DESCRIPTION	SUG. RETAIL
CHROME

0630-1550

0630-1847

**CHROME BOSS BLADES WITH ADJUSTABLE CLUTCH LEVER**

- Clutch lever design relocates the cable anchor point, so the lever adjuster can be closer to the handlebar and not interfere with lever adjustment or clutch actuation
- Wide, deep-dished design provides the shortest reach possible to the lever
- Sold in pairs

NOTE: Must ensure proper clutch engagement with levers that are installed. Clutch and clutch cable must be correctly adjusted after installation, and you must verify that grip diameter does not affect clutch operation.

PART #	DESCRIPTION	SUG. RETAIL
0610-0666	For 96-17 Big Twin, 96-03 XL (except 15-17 Softail, 08-17 FLHT/FLHR/FLTR/FLHX and H-D FL Trikes)	\$69.99
0610-0670	For 04-13 XL	69.99

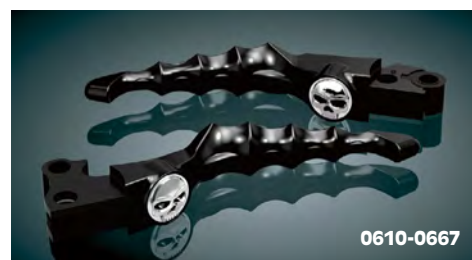

BOSS BLADES

- Wide, deep-dished levers provide the shortest reach possible
- Still allow full necessary range of lever motion for clutch and brake operation
- Smooth, sculpted finish with chiseled ends for style

DEEP CUT AND 10-GAUGE COMFORT GRIPS

- Billet grips bodies are machined to perfection and finished in a black anodized finish
- Innovative rubber inserts featured in Deep Cut Comfort grips have a soft air cushion feel that dampens vibration for a comfortable ride
- 10-Gauge Comfort grips feature linear style rubber for style and comfort
- Grips have a slightly larger diameter than stock, which helps with hand fatigue during long rides
- Available in Deep Cut and 10-Gauge styles
- Matching floorboards and foot/shift pegs available
- Sold in pairs

REV2 THROTTLE KIT

- The most advanced variable rate throttle in the world
- Innovative reel changing system lets you tailor the throttle rate to riding conditions and rider preference
- Ultra-compact housing with snap-together elbows make it easy to install and change reels
- New sleek design requires less handlebar space for lever clearance and throttle position
- Use smaller reels for slower throttle rate and larger reels for faster throttle rate
- Included cam reel provides progressive throttle response preferred by some riders
- Unique reel design allows fast reel changes
- Cable boot keeps dirt and dust out for reliable and smooth operation
- Billet aluminum inline cable adjusters for easy installation and adjustment
- Lower section of cables use 5mm housing with PTFE liner for reduced friction, increased routing flexibility and lighter weight
- Upper section of cables use 6mm housing to provide solid support of adjusters
- Simple to install and maintain
- Kit includes Rev2 throttle assembly with throttle tube, Motion Pro Revolver black vinyl cables, Motion Pro RoadControl grips and Rev2 Street cam reel
- Standard interchangeable reels 35mm, 40 mm, 45 mm, 50 mm are also included
- Designed by Motion Pro

KURYAKYN

MECHANICAL THROTTLE CRUISE ASSIST

- The simplest, cleanest throttle position holder on the market
- Attaches to the end of the handlebar like a bar-end weight
- Open the throttle to the desired position, then roll the throttle back; a spring-loaded tensioner keeps the throttle in place
- Simply roll the throttle forward to disengage
- Matching left side bar-end weight completes the look; sold separately

0634-0197

NOTE: Installation may require cutting or drilling a 5/8" hole in the end of grips.

PART #	DESCRIPTION	SUG. RETAIL
FOR USE WITH 7/8" DIA. OR 1" DIA. HANDLEBARS (EXCEPT 08-17 FLHT/FLHR/FLTR/FLHX, H-D FL TRIKE, 16-17 SOFTTAILS, 16-17 FXDLS, 13-15 FXSBSE, 14-15 FLSTNSE, 11-12 FLTSE AND MODELS W/ HEATED GRIPS OR AIR RESERVOIR IN HANDLEBAR)		
0634-0197	Chrome throttle assist	\$89.99
0634-0198	Chrome bar-end weight	34.99

THROTTLE CONTROL ADJUSTING SCREW

- Adjusting screw with spring fits all throttle controls from 84-16 (except 08-16 Dressers and H-D FL Trike)
- Sold individually

PART #	DESCRIPTION	SUG. RETAIL
DS-243139	Throttle control adjuster screw w/ spring; repl. OEM #s 56394-74 (spring) and 56397-74A (adjuster screw)	\$3.95

**WHISKEY THROTTLE SLEEVE**

- CNC-machined 6061 T-6 aluminum
- Allows owners to replace the thick, generally uncomfortable stock molded one-piece grips with soft aftermarket grips
- The CNC-machined cable channel has barrel openings for two cables

PART #	DESCRIPTION	SUG. RETAIL
0632-0589	Polished	\$49.95
0632-0700	Black	49.95

0632-0589

**BILLET THROTTLE TUBE**

- Fully CNC-machined from billet aluminum with a precision diamond knurl pattern that ensures no-slip grip performance
- Special hard black anodized finish for exceptionally smooth action and durability over plastic units
- Works super smooth due to the precise bore finish; works especially well with a light coating of lithium grease
- Works perfectly with Joker's JX and Dual Cable style throttle housings
- Accepts all late-model dual Harley-Davidson throttle cables (accepts 1/4" round or cylindrical cable lugs)
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0632-0203	Billet throttle tube	\$49.95

**ROLLER BEARING THROTTLE KIT**

- Design allows the factory throttle tube to ride on a roller bearing instead of dragging on the handlebar
- Helps eliminate throttle binding for smoother operation
- Requires cutting .500" from the right side of handlebar
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
DS-243136	Roller bearing throttle kit	\$24.95

STEALTH MIRRORS WITH DUAL INTENSITY LEDS

- Four rows of dual-intensity LEDs are built into the front of each of these chrome clear-glass mirrors
- Low-intensity brightness can be wired for supplementary running lights, high-intensity brightness for supplementary turn signals
- The wiring is hidden in the mirror head and stem and leaves the stem through a hollow bolt
- Measure 5" x 2 1/2" with a 6" pivot stem
- Mirror head screws and pivot ball are stainless steel
- Mount on 84-17 H-D clutch or brake lever housings and most custom applications
- Replacement stems available separately
- Not DOT approved

NOTE: May require a load equalizer when used in conjunction with custom lighting.

**"ROUND SERIES"
MIRRORS****DRAG**
Specialties**ARLEN
NESS**

- "Round Series" mirrors are completely chrome-plated with stainless steel pivots and mirror head screws
- Feature a tapered design with triangular cutouts along with textured recessed areas that may be painted to match the bike
- Head diameter is 3 1/2" for a good view and a clean look
- "Thin Stem" specifically designed to match the shape of the mirror head; superclean taper at the bottom and mounting hardware at the mirror head
- "Round Series" mirror head also available with Stealth I or longer Stealth II mirror stems
- Mirrors fit 84-17 H-D clutch or brake lever housings, plus most custom applications
- Larger sized "Thin Stem" measures 4" high and 4 5/8" long to get the mirror up and out farther
- Chrome mounting hardware and instructions included

GENERAL**VIEW TECH BILLET MIRRORS**

- Stems and heads are completely CNC-machined from billet aluminum (not cast), with a design that is lightweight, strong and fully adjustable in every direction
- View Tech I features a small rectangular head for a minimalist, custom look and Joker's "pocketed" aircraft milling design along the stem for lightness
- View Tech II features a small round head for a minimalist, custom look and Joker's "pocketed" aircraft milling design along the stem for lightness
- View Tech V mirrors have a super-streamlined teardrop head with 2 1/4" diameter lenses and Joker's "pocketed" aircraft milling design along the stem for lightness; fits left or right side; made to work with Joker's JX LED front turn signals PART #s 2040-0325 and 2040-0326
- View Tech VI low brow mirrors are a sleek design statement for those who want optimal mirror size, without sacrificing looks
- View Tech VII design provides an old-school look, that includes retro-style holes along the stem for lightness; fully adjustable 3 1/4" diameter mirror heads
- All styles provide exceptional rear visibility due to the use of exclusive custom-made convex mirror glass
- Once the mirror is positioned, a simple twist of a wrench keeps them at the desired tension setting, unlike nonadjustable designs that fail with time
- Swivel post assembly is completely serviceable and is machined from stainless steel alloy to ensure corrosion-free operation
- View Tech IX mirrors feature "1960's vintage-road racer" styling
- Unique conical teardrop head that makes on-the-road adjustments super easy, while providing exceptional rear visibility due to the use of custom-made convex 2 1/4" diameter mirror glass
- Unique "Drilled-Hole & Sculpted" milling design along the stem increases lightness; mirror dimensions: 6 1/6" x 3 5/16" x 4 5/16"
- A direct bolt-on fit for 84-17 Harley hand controls (including V-Rod) and most aftermarket hand controls
- Mounting hardware is included
- Made in the U.S.A.

GENERAL**BEER SCHOONER MIRRORS**

- Unique "Schooner Beer Glass"-shaped head makes on-the-road adjustments super easy, while providing exceptional rear visibility due to the use of Joker's exclusive custom-made convex 2 1/4" diameter mirror glass
- Unique "Drilled-Hole & Sculpted" milling design along the stem increases lightness while giving you that popular "retro" look
- The mirror stems and heads are completely CNC machined from billet aluminum (not cast) – they're lightweight, strong and fully adjustable in every direction
- Once the mirror is positioned, a simple twist of a wrench keeps them at your desired tension setting right where you want them
- Swivel post assembly is completely serviceable and is machined from stainless-steel alloy to ensure corrosion-free operation
- Mirror dimensions: 6 1/6" x 3 5/16" x 4 5/16"
- Dual-tone black and silver anodized finish
- A direct bolt-on fit for late model Harley hand controls (including V-Rod) and most aftermarket hand controls
- Made in the U.S.A.

BAR END MIRRORS

- Mirrors are completely CNC-machined from billet aluminum (not cast); lightweight, strong and fully adjustable in every direction to fit just about everyone
- All mirrors come with a convex mirror glass which provides exceptional rear visibility
- Super-solid units reduce vibration and make for a clearer image in the mirror
- With little modification, these units can be mounted through the ends of most existing grips, by drilling or boring the grip end
- Sold individually and available in super-durable hard black anodized finish
- Available with Stem C (curved) and Stem D (straight)
- Mounting is achieved with the use of expanding internal bar mounts (sold separately)
- Internal bar mount for 1" OD handlebars expands from .750" to .850"; mount for 7/8" OD aluminum handlebars expands from .550" to .650"
- Made in the U.S.A.

CONCEALED BAR END MIRRORS

- Innovative and compact idea for bar end type mirrors
- Come with a 2 1/4" diameter convex mirror glass that provides you with exceptional rear visibility
- Mirrors are completely CNC-machined from billet aluminum (not cast) making them lightweight and strong; fully adjustable in every direction to fit just about everyone
- Feature a unique solid-mounted outer housing with a 15° rotating swivel mirror section inside
- Super-solid units reduce vibration and make for a clearer image in the mirror
- With little modification, these units can be mounted through the ends of most existing grips, by drilling or boring the grip end
- Sold individually and available in your choice of chrome-plated or Joker's super durable black anodized finish
- Mounting is achieved with the use of expanding internal bar mounts (sold separately)
- Internal bar mount for 1" OD handlebars expands from .750" to .850"; mount for 7/8" OD aluminum handlebars expands from .550" to .650"
- Made in the U.S.A.

FOLDING BAR END MIRRORS

- Inspired by aircraft structural design combined with unique "cafe racer" styling
- Our mirror heads and mounting arms are completely CNC machined from billet aluminum, super-lightweight, strong, and fully adjustable in a multitude of directions and settings
- All parts are anodized for durability
- Mirror heads swivel (fold) a full 180° frontwards and backwards, a full 360° rotational on the bracket arm, and feature a ball bearing detent when they are in the extended position; the bracket arm may be rotated up or down to your desired position on the bar mounting shaft
- All rotational tension of the parts may be set to your preference with an Allen wrench, and all hardware is top-quality heat-treated alloy plated with our "gold cad" finish for strength and durability
- All moving parts feature super-smooth pivoting action due to the use of nylon spacers between the mating parts
- These mirrors provide exceptional rear visibility due to the use of our exclusive custom-made convex mirror glass
- Mounting is achieved with the use of expanding internal bar mounts (sold separately)
- Internal bar mount for 1" OD handlebars expands from .750" to .850"; mount for 7/8" OD aluminum handlebars expands from .550" to .650"
- Mirrors and mounts sold each
- Made in the U.S.A.

NOTE: Each assembly is universal and works on either left or right side of handlebars.

DS-302062	Convex glass mirrors	199.99

**SCYTHE II MIRRORS**

- Mirror head resembles a serrated combat knife
- Stems evoke the look of a sickle staff
- Mirror head measures 3 3/4" x 2 1/16"
- Mirror adjustment uses a smooth-operating ball-and-socket mechanism
- Beautiful chrome finish
- Includes installation hardware for almost any H-D application
- Sold in pairs

NOTE: Not recommended for Buckhorn handlebars.

PART #	DESCRIPTION	SUG. RETAIL
0640-0477	Scythe II mirrors	\$149.99

0640-0437**SCYTHE MIRRORS**

- Mirror stem evokes the look of a sickle
- Mirror head resembles a survival knife
- Stem and mirror head are joined by a smooth-operating ball and socket joint mechanism for easy adjustment
- Mirror head measures 3 3/4" x 2 1/16"
- Cast aluminum construction
- Sold in pairs

PART #	DESCRIPTION	SUG. RETAIL
0640-0437	Chrome	\$149.99
0640-0660	Gloss black	149.99

**MALTESE CROSS MIRRORS**

- Mirrors for the chopper lifestyle
- Flat glass lens surrounded by a heavy, protruding bezel that is accented by a knurled edge for the complete outlaw look
- Mirror head measures 3 1/4" diameter with a 5 1/2" stem
- Scalloped mirror arms are capped with a stiletto end cap
- Bezel is easily removed to adjust the mirror tension mechanism if required
- Include mounting hardware to fit a variety of H-D applications (not recommended for Buckhorn handlebars)
- Sold in pairs

PART #	DESCRIPTION	SUG. RETAIL
0640-0119	Maltese Cross mirrors	\$109.99

**SKULL MIRRORS**

- Chrome mirror head measures 3" x 4"
- Stem is smoothly arched and positions mirror center approximately 4 3/8" above and 5 1/2" outboard of the mounting point
- Mirror adjustment mechanism is a swivel ball between two opposing pins
- Pins are threaded to allow quick, easy tension adjustment
- Hardware for a variety of H-D mounting applications included
- Sold in pairs

PART #	DESCRIPTION	SUG. RETAIL
0640-0216	Skull mirrors	\$149.99

**DS-302020****0641-0109****PINGEL**
Since 1967**FAIRING MIRROR DROP BRACKETS**

- Unique design drops the OEM fairing mount mirrors for that cool Bagger look on models with tail bars
- Provide the same clear image with the OEM mirrors as compared to the shaky-blurred image when using handlebar-mounted mirrors
- Designed specifically for FLHX models, but will also fit FLHT models by drilling small holes in the inner fairing
- Billet aluminum with a black finish
- Mounting hardware and instructions included
- Sold in pairs
- Made in the U.S.A.

NOTE: Not for use with stock handlebars; rider will not see past arms.

FAIRING MIRROR HOLE PLUGS

- The perfect plug for covering the unsightly hole left behind in your fairing when relocating the stock mirrors
- Seamlessly blends with your stock fairing, looking like your bike was meant to come that way yet still adds a minor flare to an otherwise dull spot
- Available in chrome as a more showy accent piece, or black to blend in more with your fairing
- Sold in pairs
- Made in the U.S.A.
