| 2401-0893 | For 84-99 Evolution Big Twin; 99-17 Twin Cam, 86-17 XL | \$69.95     |
| 0930-0023 | For 88"/95"/100"/106"/107"/110"/111" motors            | \$99.95     |

**HEAD BOLT KIT**

- Quality hex-head, hardened stainless steel bolts with a "show" corrosion-resistant finish
- Tensile strength rated @ 180,000 psi; superior and stronger than OEM and grade 8 fasteners
- Precision j-form threads for optimum engagement, to prevent galling and promote more consistent torque loading
- Wide underhead flange bolts and hardened chamfered washers provide even load distribution for optimum sealing of surfaces to prevent leaks
- Eliminates thread problems associated with chromed and soft stainless steel hardware
- Manufactured by ARP® to Feuling's exact specifications
- Made in the U.S.A.

| PART #    | DESCRIPTION  | SUG. RETAIL |
|-----------|--|-------------|
| 2401-0825 | For 99-17 Twin Cam, 85-99 Evo Big Twin, 92-17 Sportster, 00-09 Buell | \$239.95    |

DS-189953

### CYLINDER STUDS

- Made of U.S. milled-and-certified aircraft-quality materials
- Stud body is the same size as the major diameter of the stud thread, allowing for a stronger stud and stronger body
- The complete surface has been ground to remove all the imperfections of standard rough-milled material, which also removes notch sensitivity
- Threads are rolled under hydraulic force, creating the strongest possible thread
- A radius is ground on the last thread to reduce the potential of the stud failing at that point
- Sold in a matched set of eight
- Made in the U.S.A.

| PART #           | DESCRIPTION                              | SUG. RETAIL     |

## DRESS UP FASTENER KITS

- Feuling® Dress-up fastener kits for Twin Cam® engines
- Quality 12-point hardened stainless steel bolts with a "SHOW" corrosion-resistant finish
- Feature precision-rolled threads for optimum engagement, to prevent galling and promote more consistent torque loading
- Wide underhead flange design provides even load distribution for optimum sealing of surfaces – preventing leaks
- Top engine builders demand quality fasteners! Secure your engine with complete confidence
- Eliminates thread problems associated with chromed hardware
- Tensile strength rated @ 170,000 psi; superior and stronger than OEM and stronger than grade 8 fasteners
- Manufactured by ARP® to Feuling's® exact specifications
- Kits include moly assembly lubricant for installation
- Made in the U.S.A.

## 12-POINT POLISHED STAINLESS ENGINE BOLT KITS

- Polished to a mirror finish
- Custom 450 stainless steel
- Groove kits contain recessed flange washers
- 12-Point bolts have 180,000 psi tensile, which is 20% stronger than Grade 8
- UNJ3A rolled threads
- Made in the U.S.A.

## 12-POINT, SOCKET HEAD AND OEM-STYLE POLISHED STAINLESS INDIVIDUAL BRAKE AND PULLEY BOLT KITS

- Polished to a mirror finish
- Custom 450 stainless steel
- 12-Point bolts have 180,000 psi tensile, which is 20% stronger than Grade 8
- UNJ3A rolled threads
- Belt/sprocket kits are ideal for high-performance applications; Race Proof® belt/sprocket bolts can withstand as much horsepower as you can throw at them – many Harley Top Fuel racers use these same bolts without fail for over a decade
- Made in the U.S.A.

## 12-POINT POLISHED STAINLESS STEEL COARSE THREAD BOLT ASSORTMENTS

- PART #2402-0096 includes 29 sizes – 145 pieces – five of each size of 1/4"-20 x 1/2" through 2 1/2", 5/16"-18 x 1/2" through 2 1/2" and 3/8"-16 x 1/2" through 2 1/2"
- Custom 450 stainless steel, polished to a mirror finish
- 180,000 psi tensile
- 20% stronger than Grade 8
- UNJ3A rolled threads
- Includes a 32-compartment labeled tray
- Refill packs are sold in 5-packs or 10-packs
- Made in the U.S.A.

## POLISHED STAINLESS STEEL FLANGE WASHER SYSTEM

- This system cleans up the stamped flat edge and stepped look of standard flat washers when used with Race Proof™ 12 Point flange bolt
- Every washer is specifically engineered for each size bolt with several key design features
- A precision counterbored hole is CNC-machined for the bolt to sit down inside of the washer – when the bolt is installed in the washer the two flanges meet for an almost seamless look
- All washers also feature a tight tolerance hole with an i.d. chamfer to clear the large under-head radius on Race Proof™ bolts
- To achieve a highly reflective finish a large radius is machined on the edge of each washer – a radius will "shine" and reflect more light than a square edge
- Finally each washer is polished, by hand, to a perfect mirror finish
- Washers are available for the entire range of bolt sizes from 1/4" through 7/16" in a variety of diameters; conveniently packaged two or four to a pack with 7/16" x 1.062" washers also packaged in a 5-pack for belt sprocket applications
- Made in the U.S.A.

### GUARDIAN® EZ ZIP MOTORCYCLE COVER

- Eliminates hassles associated with putting a cover on a bike or removing it
- A zipper located at the rear of the cover makes installation and removal fast, easy and convenient
- Constructed of heavy-duty polyester material for long-lasting durability
- ClimaShield™ Plus fabric coatings ensure water repellency and UV stability and retard the growth of mildew
- Exclusive Moisture-Guard™ venting system prevents the accumulation of unwanted moisture under the cover
- Scorch-resistant aluminized heat shield panel allows the cover to be put on the bike before the pipes have cooled
- Unique locking grommets facilitate the use of a cable lock to secure your motorcycle
- Elastic cord sewn into the hem of the cover ensures a snug fit
- Special soft cover liner in the area of the motorcycle windshield protects against possible scratching
- EZ On and EZ Off zipper makes installation and removal of the cover hassle-free
- Includes convenient storage bag
- See Dowco application chart on page 1787

## GEARS

## PREMIUM MOTORCYCLE COVERS

- Heavy-duty 600-denier polyester construction with polyurethane coating for UV-protection and water-resistance
- Vent guard system allows cover to breathe, reducing moisture buildup
- Aluminum-coated heat shields allow cover to be used on hot pipes
- Windshield area is made of non-abrasive material to prevent scratching
- Elastic hems and web tie-down
- X-large features hook-and-loop slot in the rear for easy access to luggage and accommodation of dual antennas

| PART #    | DESCRIPTION   | SUG. RETAIL |
|-----------|---|-------------|
| 4001-0097 | Medium (up to 95"), for small cruisers and 400cc-600cc sportbikes         | \$64.95     |
| 4001-0098 | Large (up to 100"), for cruisers, sport touring and over 600cc sportbikes | 64.95       |
| 4001-0099 | X-large (up to 104"), for large touring and large cruisers                | 69.95       |

## READY-FIT MOTORCYCLE COVERS

- Covers give a custom-tailored fit, excellent protection and have a rich, deep color that resists fading
- Waterproof, dustproof urethane-coated polyester fabrics reflect heat and protect from the sun, dust, bird and tree droppings, industrial pollutants and even salt air
- Heat-shield aluminized inner lining protects cover from hot pipes and engine
- Windshields and rear fenders are protected from scratches by a soft fabric inner lining
- Screened air vent lets condensation and heat escape to further protect bike
- Overlapped, double-stitched seams for strength and water resistance
- Cover tucks into sewn-in bag for easy storage and transportation
- Theft-resistant, hardened-steel cable reinforced grommets
- Elastic in front and rear hems to hold cover in place
- Great packaging with features and benefits right on the box

## RIDE SmartLINK

- The ultimate add-on for your Harley-Davidson factory security system
- Designed to fit your Harley-Davidson factory security system, the SmartLINK is a GPS-enabled device that will send cellular notifications directly to your smartphone for any alert generated by the Harley-Davidson security system
- Installation is simple with the included harness that will connect directly to the factory alarm siren plug (prior to installation, a factory Harley-Davidson security system is required)
- Always-on GPS, telematics and security in one: simply connect to your Harley-Davidson Factory Alarm plug using the supplied connector
- Employs a cloud-based server-to-device architecture so that you can securely access your rides and data from any device, anywhere
- Records rides, access previous ride stats, and monitors your bike remotely (available on Android, iOS and PC)
- Cellular notifications: All notifications are sent directly to your phone via the Ride app, SMS or email, giving you virtually unlimited monitoring range
- Real-Time GPS Tracking: Monitor and track your bike's rides and location at all times
- Power Interruption Sensor and Backup Battery: Receive an alert when the power has been cut to the security device
- Emergency Mode: Allow law enforcement to temporarily access your stolen bike's location
- Anti-theft Geofencing Sensors: Receive an alert when the bike leaves a specific geographic location
- Ride Segments: Easily access and analyze your ride segments. Segments capture the elapsed time, speed and route
- Ride Playback: Relive your favorite rides by activating your 3D Ride Playback through Google Earth
- Share with friends: Add photos to your segments, and share your rides via social media

| PART #    | DESCRIPTION    | SUG. RETAIL |

| 4020-0088 | Ride SmartLINK | \$449.95    |

## SR-I900R RFID MOTORCYCLE SECURITY SYSTEM

- The SR-I900R is a latest-generation two-way FM security system offering hands-free RFID technology
- Simply walk towards or away from your bike, and the remote transceiver will automatically communicate an arm or disarm command using its proximity recognition system
- This unique auto-arm and hands-free disarm operation provides the highest standard of security and convenience
- Standard features include:
  - RF-ID for hands-free operation
  - Programmable auto or manual arming and disarming
- Long-range FM transceiver (up to a 1/2 mile)
- Range and signal status display
- Compact design (3 11/16" x 2 5/4" x 7/8")
- Dual-axis accelerometer for detecting impact/inclination
- Built-in 120 dB multi-tone siren with soft chirp
- Sensor violation display
- Audible/vibrating alert
- Remote motorcycle finder/panic alarm
- Programmable perimeter sensor with warn away that detects motion around the bike, protecting saddlebags, luggage and accessories
- Built-in battery backup system allows the pager to operate even if wires are cut or circumvented
- Ignition disable feature allows the user to remotely cut off the engine in case of hijack
- Includes charging cord for remote receiver
- Factory connector kits allow the alarm system to be integrated into the OEM-style harness without any cutting or splicing (sold separately; see page 1790)

**NOTE:** Includes module, mounting kit and hardware kit (not shown).

## SR-i900 RFID/TWO-WAY FM SECURITY SYSTEM

- SR-i900 provides the convenience of hands-free operation combined with a compact two-way FM paging security system designed specifically for the motorcycle industry
- Standard features include two-way FM remote transceiver
- RFID for hands-free operation
- Auto or manual arming and disarming
- Ignition circuit sensor
- Long-range FM transceiver (up to a 1/2 mile)
- Range and signal status display
- Compact design (3 1/16" x 2 3/4" x 7/8")
- Dual-axis accelerometer for detecting impact/inclination
- Built-in 120 dB multi-tone siren with soft chirp
- Sensor violation display
- Audible/vibrating alert
- Smart Battery Safeguard with sleep mode
- Motorcycle battery voltage display
- Remote motorcycle finder/panic alarm
- Includes charging cord for remote receiver
- Optional programmable multi-stage perimeter sensor detects motion around the motorcycle (sold separately; PART #SN-4)
- Optional ignition disable/anti-hijack allows disabling of the motorcycle's electrical system and prevents "hot wiring" (sold separately; PART #4020-0007)
- Optional Factory Connector Kits: The SR-i900 system is universal and will install on any motorcycle; optional OEM-compatible factory connector kits are model-specific and plug directly into the factory harness making installation fast, clean and easy (sold separately; see below)

|-----------|---|-------------|
| 4020-0077 | SR-i900 RFID/two-way FM security system | \$329.95    |

## SR-i800S RFID MOTORCYCLE SECURITY SYSTEM

- Easy-to-use system provides the convenience of hands-free operation and the security of shock, tilt and ignition sensors
- RFID hands-free technology eliminates reaching for the remote to protect the motorcycle
- Standard features include single-button, waterproof remote transceiver
- RFID for hands-free operation
- Auto or manual arming and disarming
- Soft chirp arming
- Flashing lights with trigger memory display
- Ignition circuit sensor
- Compact design (3 1/16" x 2 3/4" x 7/8")
- Dual-axis accelerometer for detecting impact/inclination
- Built-in 120 dB multi-tone siren with soft chirp
- Sensor violation display
- Smart Battery Safeguard with sleep mode
- Remote motorcycle finder/panic alarm
- Built-in battery backup system allows the siren to operate even if wires are cut or circumvented
- Optional programmable multi-stage perimeter sensor detects motion around the motorcycle (sold separately; PART #SN-4)
- Optional ignition disable allows disabling of the motorcycle's electrical system and prevents "hot wiring" (sold separately; PART #4020-0007)
- Optional Factory Connector Kits: The SR-i800S is universal and will install on any motorcycle; optional OEM-compatible factory connector kits are model-specific and plug directly into the factory harness, making installation fast, clean and easy (sold separately; see below)

**ROADRUNNER DRINK HOLDERS**

- All Leader hardware is machined aluminum and chrome-plated; available in chrome finish or black
- Leader hardware features a patented slot-and-lug design that makes all parts interchangeable
- Ring features faceted lug to allow six different angles
- "Cup" kits include newly redesigned mug that will not spill and keeps drinks hot or cold
- "Insert" Kits include canvas "Ultra-Snap" insert with special gripping bands for cans, water bottles, coffee cups, etc.
- Universal versions or for left side or right side of all 96-17 Harley-Davidson handlebar controls with 1 1/2" screw spacing
- Made in the U.S.A.

0636-0069

0636-0070

**STAINLESS STEEL MUG**

- Stainless steel for that classic look
- Insulated to keep drinks hot/cold
- Holds 16 ounces
- Won't spill
- Shatter resistant
- Easy open with one hand/ one click
- Leak-proof lid
- Made in the U.S.A.

- Designed specifically for Street Glides/Road Glides that have the "lay-down" style license plate
- Won't ever rust or tarnish and will last a lifetime
- Won't bend or flex, easily mounts to all license plate holders while remaining sturdy at highway speeds
- Made from stainless steel and hand-polished to a brilliant finish
- The two poles are topped with chrome finials, will accommodate 6" x 9" flags and include clips to keep flags in place at the top of the poles
- Flag not included
- Made in the U.S.A.

| PART #    | DESCRIPTION                 | SUG. RETAIL |
|-----------|-----------------------------|-------------|
| 2030-0810 | For 10-17 FLHX/FLTRX models | \$59.95     |

**HARD BAG MOUNTED SINGLE FLAG HOLDER KIT**

- This high-quality flag holder has a polished stainless steel pole and is chrome-plated
- Made to be mounted on Harley style hard bags without interfering with the Tour Pak, and features a more upright pole angle from the base and finial
- Superstrong adhesive stick-on design, with optional through-bag stud, guaranteed to stay put
- Remains sturdy at highway speeds
- Accommodates 6" x 9" flags and includes clips to keep flag in place (flag not included)

| PART #    | DESCRIPTION                             | SUG. RETAIL |
|-----------|---|-------------|
| 0521-1174 | Fits Harley models with hard saddlebags | \$44.95     |

**LICENSE PLATE MOUNTED DOUBLE FLAG HOLDER**

- High-quality flag holder and poles made from stainless steel that has been hand-polished to a brilliant shine; will never rust or tarnish
- Easily mounts to all license plate holders and will remain sturdy even at highway speeds
- Accommodates 6" x 9" flags (not included)
- Includes clips to keep flags in place at pole tops
- Made in the U.S.A.

| PART #    | DESCRIPTION                              | SUG. RETAIL |
|-----------|--|-------------|
| 2030-0515 | License plate mounted double flag holder | \$49.95     |

**TELESCOPING FLAG POLE AND ACCESSORIES**

- Telescoping flag pole extends from 18" to 6 feet tall in seconds
- Uses positive twist-locks in each section
- Collapses small enough to fit in most saddlebags
- The bottom section is 1 1/4" in diameter and slides snugly into all of Rivco's parade flag holders
- Made from lightweight and strong aircraft aluminum tubing
- Silver anodized finish, quick-release flag mounting clips, topped off with gold-tone finial

NOTE: Meant for parade use only, maximum speed of 25 mph.

**OPTIONAL TRIPLE CHROME-PLATED ADD-ON FLAG HOLDER SOCKET**

- Bolts on optional Tri Glide flag holder mounting plates (PART #0521-1171)
- Sockets hold up to 1 1/4" poles, are machined at a 15° angle to their bases, and can be rotated and tightened to display flags - angled to the rear, sides, diagonally or any combination
- Accents Rivco Harley® Tri Glide bumper
- Sold each (can use one or two with set of Rivco Tri Glide flag holder mounting plates (PART #0521-1171))
- Compatible with Telescoping flag pole (PART #0521-1173)

**OPTIONAL FLAG MOUNTING BUMPER PLATES**

- Optional plate set for flag mounting
- Bolt on to Rivco's H-D Tri Glide bumper, PART #0530-1327; see page 1638
- Triple-chrome-plated billet aluminum
- Work with PART #0521-1172
- Sold as pair, can use one or both

**LED TAIL AND BRAKE LIGHT SET**

- LED tail and brake light set for the Rivco Harley tri-glide bumper
- Extremely bright LED tail and brake lights provide additional safety
- Each light contains 16 LEDs in triple-chrome-plated waterproof housings with polished stainless steel brackets
- Includes wiring and easy to follow instructions
- Bolts to provided holes on Rivco tri-glide bumper (PART #0530-1327)
- Factory bumper requires drilling
