SADDLEBAG CHAPS AND STORAGE BAGS

- Saddlebag chaps protect bagger's saddlebag lids; soft backside is gentle on paint, and the durable, weather-resistant exterior protects against road debris, boot scuffs and other dangers to the expensive hard bags
- Lid storage bags add more luggage capacity for day trips, are expandable, and will not interfere with saddlebag operation; black SaddleTuff™ 1200-denier ballistic nylon construction blends seamlessly into any bike's design
- Chaps and bags are easy to install, with no drilling or bike modification necessary
- Attach securely; easy on, easy off

**SADDLEBAG PACKING CUBE LINER SET**

- Four-piece liner set includes one full-size liner bag matched perfectly to the shape of FLD-style hard saddlebag plus one vertically oriented half-size liner used in conjunction with two quarter-sized horizontally oriented liner bags that stack neatly together in your other saddlebag
- Unique design permits efficient organization of your belongings – separate your laundry or keep rider and passenger gear divided while maximizing the capacity of your saddlebags
- Top sections of the quarter-sized liner bags are transparent with double-pull zippers so you can see the contents and get to them quickly – perfect for items you need to grab when you're on the road
- Made from light, but durable PVC lined 150-denier polyester with sturdy zippers that permit over-packing but keep the elements away from your cargo
- Great for trips, overnights, organizing your tools or cleaning supplies; simply lift your liners out of the saddlebags to move your cargo easily into the hotel, campground or to unload fast once home
- Complete set measures: 16" x 5 1/4" x 9 1/2" (large liner), 7 1/2" x 5 1/2" x 10 1/2" (medium liner); 7 1/2" x 5 1/2" x 4 1/2" (small liner)

S4 RIGID-MOUNT QUICK-DETACH SLANT SADDLEBAGS

•A truly portable luggage system, handles included; available in Drifter and Desperado styles

•Designed for heavier loads and maximum durability

•Specially built to fit bike perfectly; molded plastic frame slips over posts directly mounted to the fender struts

•Remove saddlebags easily by releasing two QTL (Quarter Turn Locking) pins found inside each bag

•Lockable, quick-release hidden buckles under each strap are easy to use; protect contents and prevent unauthorized removal of bags from bike

•Includes a chromed metal support that fits behind each bag for extra strength and security (also easily removed when bags are not to be used for an extended period)

•Inner stiffeners and rigid back maintain bag shape, even when empty

•Drifter features smooth, clean and uncluttered styling with three leather straps and buckles

•Desperado features chrome studs and three leather straps with buckles

•All necessary hardware, including turn signal relocators if needed, and instructions are included

•Made of water-resistant materials; cleans easily with a damp cloth, or for best results use Saddlemen's saddlebag cleaner and conditioner, available separately

•Custom-designed to fit exact models; bolt directly to motorcycle using saddlebag quick-disconnect mounting system

NOTE: Turn signal relocation required on some Harley applications; universal relocation kit included as required.

S4 QUICK-DISCONNECT SADDLEBAG MOUNTING KITS

- Designed to attach/detach all Saddlemen saddlebags and any rigid-back aftermarket and OEM saddlebags with a twist of the QTL (Quarter Turn Locking) fasteners
- Complete kit includes docking posts and fasteners, turn signal relocater and support bracket
- For specific applications, components are also sold individually; see descriptions below
- Docking posts and fasteners replace fender strut bolts and allow you to put on or take off saddlebags with a quick twist of the QTL (Quarter Turn Locking) fasteners; includes four docking posts with fasteners, spacers, saddlebag grommets, support clips, nuts/bolts/fasteners needed and instructions
- Docking post kit should be used in conjunction with Saddlemen saddlebag support bracket; can be used to mount OEM H-D and H-D accessory saddlebags (except 1200S bags) without purchase of additional bracket
- Support bracket kit includes two chrome-plated steel saddlebag supports and comes with an assortment of 5/16" and 3/8" fasteners in lengths to fit the most popular H-D models and aftermarket accessories
- Two types of turn signal relocation kits available: universal kit moves rear turn signals to the license plate mount and specific-fit kits relocate stock turn signals further back by extending the chrome fender rail

SADDLEBAG SUPPORT KIT

- Complete the installation of your accessory saddlebags with an All American Rider support kit
- Can be used to support throw-over style saddlebags or you can mount saddlebags in a permanent fashion
- Double jointed supports help hold your saddlebags in place so they won't interfere with the rear wheel or other chassis components
- The pair of chrome supports adjust to practically any motorcycle's fender stay mounting points
- Also included are durable rubbers, mounting grommets and washer, retention clips plus a selection of SAE and metric bolts (unique hardware can be sourced from your dealer)

SUG. RETAIL **\$52.00** PART # 3501-0881

QUICK-DETACH EZ BAG MOUNTS

- Allows removal of your strut mounted saddlebag and brackets without removing fender bolts
- Once hardware is installed, brackets can easily be removed without removing hardware through struts and fenders
- Made from high-quality materials
- Made in the U.S.A.
