EZ Glide I Pouch

Backrest Adjustable:
fore/aft**FORWARD-POSITIONING LOW-PROFILE
DOUBLE BUCKET SEATS WITH EZ GLIDE I™
BACKREST SYSTEM**

- Solar-reflective leather in the seating area and automotive-grade vinyl on the sides; patented process reduces surface temperature by as much as 25°F for a cooler seat, higher durability and longer life over conventional leather or vinyl
- Molded flexible urethane foam interior for maximum comfort
- ³/₁₆" ABS thermoformed base for a perfect fit
- Carpeted bottom with rubber bumpers to protect paint
- Advanced styling and improved shape for added comfort
- Move rider forward approximately 2" and lowers rider ³/₄" in comparison to stock seat (may vary depending on model)
- Feature driver and passenger backrest capabilities; includes one EZ Glide I™ backrest that can be used in either position (additional backrests sold separately)
- Seats' internal EZ Glide systems feature virtually no metal-to-metal contact with the backrest detent bars; bars are securely suspended in place using synthetic composites that virtually eliminate corrosion and wear
- Seats' detent tab is a rust-free advanced polymer and is what allows for the smooth operation of the EZ Glide systems; passenger backrest position on seats features a locking screw for additional security over detent tab
- Backrests feature a detent bar with multiple detents on lower portion for adjustability up and down within the seat and chrome plated hardware that allows up to 2" of forward-rearward adjustment
- EZ Glide I backrests include a backrest pouch on rear; "The Convertible" EZ Glide I backrest includes a rain cover that pulls out of the pouch on the backside of the pad and covers the entire seat
- Include mounting hardware
- Made in the U.S.A.

**"The Convertible"
EZ Glide I
backrest rain cover**

NOTE: 97-07 FLHR/FLHX seats will fit 97-07 FLT/FLHT/FLTR models when used with lower dash extension PART #2202-0070.

LOW-PROFILE SOLO SEATS

- Select styles feature solar-reflective leather in the seating area and automotive-grade vinyl on the sides; patented process reduces surface temperature by as much as 25°F for a cooler seat, higher durability and longer life over conventional leather or vinyl
- Flexible urethane foam interior for maximum comfort
- ³/₁₆" ABS thermoformed seat base with carpeted bottom and rubber bumpers to protect paint
- New EZ Mount system requires no tools for taking seat on and off
- Seat geometry places rider 2" further back and up to 1" lower (depending on model) than stock seat
- Lower position creates better rider position with improved styling
- Seat covers the two seat fender studs for a low, clean look
- Includes mounting hardware
- Made in the U.S.A.

NOTE: Seats do not accept pillion pads.

NOTE: 97-07 FLHR/FLHX seats will also fit 97-07 FLT/FLHT/FLTR models when used with lower dash extension PART # 2202-0070.

LOW-PROFILE SOLO SEATS WITH FORWARD POSITIONING

- Select styles feature solar-reflective leather in the seating area and automotive-grade vinyl on the sides; patented process reduces surface temperature by as much as 25°F for a cooler seat, higher durability and longer life over conventional leather or vinyl
- Flexible urethane foam interior for maximum comfort
- ³/₁₆" ABS thermoformed seat base with carpeted bottom to protect paint
- New EZ Mount system requires no tools for taking seat on and off
- Seat geometry moves rider forward 3" compared to standard Low-Profile Solo; moves rider forward 1" compared to a stock Street Glide or Road Glide seat
- Lowers rider up to 1" than stock seat depending on model
- Lower position creates better rider position with improved styling
- Seat covers the two seat fender studs for a low, clean look
- Include mounting hardware
- Made in the U.S.A.

NOTE: 97-07 FLHR/FLHX will also fit 97-07 FLT/FLTR/FLTR models when used with lower dash extension PART #2202-0070.

DOMINATOR SEATS AND PILLION PADS WITH BACKREST OPTION

- Hybrid seat design combines SaddleGel™ interior, progressive-density foam and a Gel Channel™-design cover to provide Harley-Davidson riders with unparalleled comfort, control and a modern style
- Seats using Saddlemen's Gel Channel (GC) technology have a center channel that relieves seating pressure on the perineal area, increasing blood flow, thus keeping the rider comfortable in the saddle for longer time
- In addition to pressure relief, the GC-style center of the seat provides an air-flow passage
- The rugged carbon-fiber weave and smooth vinyl cover holds up to hard use and still retains its good looks
- Every cover is constructed with durable, marine-grade vinyl that resists water and cold-cracking
- Using a very large GEL pad for additional foam support and vibration damping, these GC-style seats offer the comfort levels normally found in larger touring seats
- Marine-grade fiberglass pans and chrome brackets make sure the seat is durable for decades of riding
- Easy to install; some seats and pillion pads include additional mounting hardware as needed
- The matching optional driver's backrest installs in seconds without using tools and can be adjusted both horizontally and vertically to the rider's back and is removable for a sleek appearance
- The matching optional pillion pads also feature GEL and the same GC-design plus a shape fuller than conventional pillion pads for longer rides in great comfort
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Dominator detachable pillion pads.

NOTE: See page 397 for matching Saddlemen Dominator sissy bar pads.

LARIAT SOLO SEAT AND PILLION PAD WITH BACKREST OPTION

- The Lariat solo seat is covered in genuine distressed brown leather so it is as close to having a true western horse saddle as you can get
- Genuine cowhide is tanned and cut to produce unique leather covers; no two seats are the same
- Each seat will break-in to be supple with a distinctive appearance, further enhancing the unique appeal of the free-range leather
- The seat pans are engineered from Saddlemen's award-winning Heel's Down Renegade solo seat family so the fit is perfect
- Like a Heel's Down, each Lariat seat is specially designed to position the rider lower and forward for better control and riding comfort
- Each solo saddle is low, wide and contoured to allow the rider to securely plant feet when stopped
- Progressive density foam and SaddleGel™ technology eases tailbone pressure for better circulation and comfort
- Each seat contains the internal hardware to accept an optional matching driver's backrest; backrest is sold separately
- Covered with the same special leather as the seats, the optional driver's backrest adds superb lumbar support with position adjustment for excellent riding comfort
- The optional driver's backrest installs in seconds without using tools
- Matching, optional leather covered pillion pads also feature GEL to aid in passenger comfort; pillion pads are sold separately
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Lariat detachable pillion pads.

NOTE: See page 397 for matching Saddlemen Lariat sissy bar pads.

FOR DRESSER/TOURING

RENEGADE SOLO SEATS AND PILLION PADS WITH BACKREST OPTION

- Comfortable touring-style solo seats are wide and low for superior style and comfort
- Supple leather-grade SaddleHyde™ offers a combination of comfort, glove-soft leathery feel and weather-resistant, no-maintenance good looks
- This stitch-top cover provides initial pushiness and a custom appearance while the progressive density foam and SaddleGel™ foundation offers supportive comfort for hours on end
- Some available with a row of chrome studs that follow the seats contour for an added splash of style
- The nose area of the seat was sculpted so it works well with the varied dash styles used on Touring models
- The seat interacts properly with the fuel tank, regardless of the length or width H-D dash mounted to the tank
- Some models offer removable/adjustable driver's backrest; vertical adjustments made via spring detent in backrest bar and horizontal adjustments (fore-aft) made with a thumbscrew
- Solo seats and pillions feature SaddleGel™ for additional comfort
- Two pillion styles: narrow and low Sport profile or wide Touring to match passenger or styling preferences
- Matching optional driver's backrest to complete custom look (available as noted) mounts in seconds, no tools necessary
- The driver's backrest can be adjusted both horizontally and vertically to the rider's back and is removable for a sleek appearance
- Made in the U.S.A.

NOTE: See page 397 for matching Saddlemen Renegade sissy bar pads.

S3 SUPER SLAMMED SOLO SEATS

- Really low to create a stylish saddle so thin it barely covers the bike's battery
- The perfect seat choice for the rider alone, no passenger pillion
- The sculpting of the seat not only creates a smart style, but it gives riders a short leg reach to the ground for confident stops
- Choose either a leather-grain SaddleHyde™ seat cover or the new WP-Suede cover for a rich, custom look
- Both cover types offer excellent comfort with a classic feel and are weather-resistant for low-maintenance ownership
- The progressive density foam with a top layer of SaddleGel™ offers a surprising amount of supportive comfort for a slammed solo seat
- Gel-coated, marine grade fiberglass pans and chrome brackets make sure the seat is durable for decades of riding
- Easy to install, just like the bike's original seat; includes additional mounting hardware as needed
- Designed and made in the U.S.A.

NOTE: See page 376 for matching Saddlemen S3 detachable pillion pads.

AIRHAWK LONGHAUL 2-UP XL SEAT WITH DRIVER'S BACKREST CAPABILITY

- Designed with wider seating surfaces and generous back support, this seat was made for the long haul
- Driver and passenger portion of seat each have two inflatable air cells
- The Airhawk's Comfort Seating System is now integrated into the seat
- The result is the custom design and production capabilities of Danny Gray with Airhawk's clinician-approved Dry Floatation® technology
- Airhawk's patented system eliminates painful pressure points and is fully customizable to each rider's contour
- Now, riders can enjoy the same benefits they've always known of Airhawk but have it built into a revolutionary seat
- With this patent-pending design, riders can also appreciate continuous airflow through the seat, reducing heat build-up and keeping them cool and dry; no hot seat
- An integrated pump and relief valve makes it possible to adjust the air pressure while seated
- Each seat is embroidered with the exclusive Drag Specialties Custom Stitch Pattern using Charcoal Gray Thread
- Optional backrests (sold separately) provide additional comfort for any length ride
- Small backrests measure 9" W x 5" T; large backrests measure 10" W x 8" T
- Made in the U.S.A.

AIR HAWK™
COMFORT SEATING SYSTEM

AIRHAWK BIGSEAT™ AND BIGSEAT™ BACKREST SOLO

- This is the next generation of the renowned Danny Gray Big Seat
- Seat has two inflatable air cells in the driver's portion
- The Airhawk's Comfort Seating System is now integrated into the seat
- The result is the custom design and production capabilities of Danny Gray with Airhawk's clinician-approved Dry Floatation® technology
- Airhawk's patented system eliminates painful pressure points and is fully customizable to each rider's contour
- Now, riders can enjoy the same benefits they've always known of Airhawk but have it built into a revolutionary seat
- With this patent-pending design, riders can also appreciate continuous airflow through the seat, reducing heat build-up and keeping them cool and dry; no hot seat
- An integrated pump and relief valve make it possible to adjust the air pressure while seated
- Each seat is embroidered with the exclusive Drag Specialties Custom Stitch Pattern using Charcoal Gray Thread
- Optional pillion pads and backrests (sold separately) provide additional comfort for any length ride
- Small backrests measure 9" W x 5" T; large backrests measure 10" W x 8" T
- Made in the U.S.A.

PASSENGER SEAT AND REMOVABLE BACKREST ASSEMBLY

- Passenger seat features marine-grade fiberglass baseplates with controlled density foam and expandable black vinyl cover
- Seat measures 13.5" wide; works with Mustang solo seats only
- Removable passenger backrest assembly measures 12" W x 7" H
- The chromed, knurled thumbscrew easily adjusts the tilt angle of the backrest forward or back up to 2" while you are seated
- The backrest post is notched allowing four easy "snap-in-place" height adjustment positions (approximately 3")
- The backrest folds completely flat for ease of getting on your motorcycle
- The contoured backrest pad pivots to match back angle of passenger's back
- Seat and backrest assembly are sold separately
- Made in the U.S.A.

SADDLEMEN™ FOR SOFTAIL PERFORMANCE OUTFITTER

EXPLORER™ SEATS

- Saddlemen's comfortable design is the gold-standard for touring seats
- Supple SaddleHyde offers a combination of comfort, glove-soft leathery feel and weather-resistant, no maintenance good looks
- Exclusive, split-cushion design separates the seating surface from the lumbar support, reducing tailbone and back pressure for maximum long-range comfort
- Gel Core Technology in both driver and passenger portions reduces engine vibration by 50% and dampens road shock by up to 90%
- Also available with removable driver's backrest that is adjustable for both height and fore-aft position
- Made in the U.S.A.

NOTE: Matching luggage available, see SADDLEBAGS & LUGGAGE section.

NOTE: See page 397 for matching Saddlemen Explorer sissy bar pads.

KNUCKLE 2-UP SEATS

- Audacious new custom seat family from Saddlemen, with a brash refinement that instantly transforms your bike
- Deep, aggressive ribs are carefully stitched into the brushed SaddleHyde[™] weather resistant cover while hand-crafted progressive density foam and SaddleGEL[™] foundations serve up comfort not normally present in a low profile seat
- Strong fiberglass pans with plated hardware ensure a perfect fit for a trouble-free install
- Designed and made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Knuckle detachable pillion pads.

PART #	DESCRIPTION	SUG. RETAIL
0802-0825	For 06-10 FXST, 07-17 FLSTF/FLSTFB	\$333.00
0802-0827	For 06-17 FLSTC/FLSTN (must remove fender rack and seat rail on FLSTN models)	333.00

PROFILER TTR SEATS

- Slammed two-up seat features narrow styling, a thin profile and low riding height
- Seat is designed to drop the rider down into the bike for the lowest riding position possible while still maintaining a high level of comfort and seat support
- Unique blend of variable-density seat foam and SaddleGel[™] eases tailbone pressure and improves circulation
- Authentic True Tuck-and-Roll construction, not a quick cross-stitch; seat is covered in genuine leather for a bold look
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0802-0854	For 06-10 FXST, 07-17 FLSTF/B	\$338.00
0802-0852	For 00-05 FXST/FLST (except FXSTD/FLSTN)	338.00
0802-0856 ¹	For 06-17 FLSTC/FLSTN	338.00

¹ FLSTN models require removal of seat rail and rear rack.

0802-0386

0802-0286

TATTOO[™] PROFILER SEATS

- Leather seat with a custom flame-stitch design and 3-D effect
- Narrow styling, a thin profile and low riding height
- Driver's portion features SaddleGel[™] for unsurpassed levels of comfort
- UV- and weather-resistant stitching
- Color-coordinated styling and comfort
- Made in the U.S.A.

NOTE: Perfectly match Highwayman Tattoo saddlebags and tool pouches.

SADDLEMEN™ FOR SOFTAIL

PERFORMANCE OUTFITTER

DOMINATOR SOLO SEATS AND PILLION PADS WITH BACKREST OPTION

- Hybrid seat design combines SaddleGel interior, progressive-density foam and a Gel Channel-design cover to provide Harley-Davidson riders with unparalleled comfort, control and modern style
- Seats using Saddlemen's Gel Channel (GC) technology have a center channel that relieves seating pressure on the perineal area, increasing blood flow, thus keeping the rider comfortable in the saddle for longer time
- In addition to pressure relief, the GC-style center of the seat provides an air-flow passage
- The rugged carbon-fiber weave and smooth vinyl cover holds up to hard use and still retains its good looks
- Every cover is constructed with durable, marine-grade vinyl that resists water and cold-cracking
- Gel Core technology in both driver and passenger portions reduces engine vibration by 50% and dampens road shock by up to 90%
- Marine-grade fiberglass pans and chrome brackets make sure the seat is durable for decades of riding
- Easy to install; some seats and pillion pads include additional mounting hardware as needed
- The matching optional driver's backrest installs in seconds without using tools and can be adjusted both horizontally and vertically to the rider's back and is removable for a sleek appearance
- The matching optional pillion pads also feature GEL and the same GC-design plus a shape fuller than conventional pillion pads for longer rides in great comfort
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Dominator detachable pillion pads.

NOTE: See page 397 for matching Saddlemen Dominator sissy bar pads.

¹ Retains rear fender rack, but does not allow reuse of driver seat rail.

LARIAT SOLO SEAT AND PILLION PAD WITH BACKREST OPTION

- The Lariat solo seat is covered in genuine distressed brown leather, it is as close to having a true western horse saddle you can get
- Genuine cowhide is tanned and cut to produce unique leather covers; no two seats are the same
- Each seat will break-in to be supple with a distinctive appearance, further enhancing the unique appeal of the free-range leather
- The seat pans are engineered from Saddlemen's award-winning Heel's Down Renegade solo seat family so the fit is perfect
- Like a Heel's Down, each Lariat seat is specially designed to position the rider lower and forward for better control and riding comfort
- Each solo saddle is low, wide and contoured to allow the rider to securely plant feet when stopped
- Progressive density foam and Gel Core technology reduces engine vibration by 50% and dampens road shock by up to 90%
- Each seat contains the internal hardware to accept an optional matching driver's backrest; backrest is sold separately
- Covered with the same special leather as the seats, the optional driver's backrest adds superb lumbar support with position adjustment for excellent riding comfort
- The optional driver's backrest installs in seconds without using tools (sold separately)
- Matching, optional leather covered pillion pads also feature GEL to aid in passenger comfort; pillion pads are sold separately
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Lariat detachable pillion pads.

NOTE: See page 397 for matching Saddlemen Lariat sissy bar pads.

S3 SUPER SLAMMED SOLO SEATS

- Really low to create a stylish saddle so thin it barely covers the bike's battery
- The perfect seat choice for the rider alone, no passenger pillion
- The sculpting of the seat not only creates a smart style, but it gives riders a short leg reach to the ground for confident stops
- Choose either a leather-grain SaddleHyde™ seat cover or the new brushed SaddleHyde™ cover for a rich, custom look
- Both cover types offer excellent comfort with a classic feel and are weather-resistant for low-maintenance ownership
- The progressive density foam foundation offers a surprising amount of supportive comfort for a slammed solo seat
- Marine grade fiberglass pans and chrome brackets make sure the seat is durable for decades of riding
- Easy to install, just like the bike's original seat; includes additional mounting hardware as needed
- Designed and made in the U.S.A.

NOTE: See page 376 for matching Saddlemen S3 detachable pillion pads.

AIRHAWK™
COMFORT SEATING SYSTEM
AIRHAWK WEEKDAY 2-UP XL SEAT

- The ultimate in low profile touring just got pumped up
- Driver and passenger portion of seat each have two inflatable air cells
- The Airhawk's Comfort Seating System is now integrated into the seat
- The result is the custom design and production capabilities of Danny Gray with Airhawk's clinician-approved Dry Floatation® technology
- Airhawk's patented system eliminates painful pressure points and is fully customizable to each rider's contour
- Now, riders can enjoy the same benefits they've always known of Airhawk but have it built into a revolutionary seat
- With this patent-pending design, riders can also appreciate continuous airflow through the seat, reducing heat build-up and keeping them cool and dry; no hot seat
- An integrated pump and relief valve makes it possible to adjust the air pressure while seated
- Made in the U.S.A.

SADDLEMEN™ FOR DYNA GLIDE PERFORMANCE OUTFITTER

0803-0314

89G52JS

EXPLORER™ SEATS

- Comfortable touring design
- Some models offer removable driver's backrest which is adjustable for both height and fore-aft position
- Supple SaddleHyde™ offers a combination of comfort, glove-soft leathery feel and weather-resistant, no-maintenance good looks
- Exclusive, unique split-cushion design separates the seating surface from the lumbar support, reducing tailbone and back pressure for maximum long-range comfort
- SaddleGel™ in both driver and passenger portions increases comfort even during long trips
- Made in the U.S.A.

NOTE: Matching luggage available, see SADDLEBAGS & LUGGAGE section.

NOTE: See page 397 for matching Saddlemen Explorer sissy bar pads.

SADDLEMEN™ FOR DYNA GLIDE PERFORMANCE OUTFITTER

STEP-UP SEATS

- Saddlemen has collaborated with top freestyle performers to create the new T-sport inspired step-up lattice-stich (LS) or tuck-and-roll (TR) seats
- Feature Saddlemen's ultra foam which is formulated to provide a perfect balance of rigidity and user compliance with integrated GelCore™ technology
- LS seats infuse old school lattice stitch retro styling with a modern day twist
- TR seats feature true tuck and roll styling
- High lumbar keeps the rider locked into the seat with the comforts of Gel Core technology
- Black whisper-grain saddlehyde construction
- Install easily with all necessary mounting hardware and instructions included
- Made in the U.S.A.

PROFILER BW SEATS

- Slammed two-up seat features narrow styling, a thin profile and low riding height
- Seat design drops the rider down into the bike for the lowest riding position possible, while maintaining our high standard of comfort and support
- Unique blend of variable-density foam and SaddleGel™ eases tailbone pressure and improves circulation
- Contrasting grain basket weave SaddleHyde™ cover
- Basket weave pattern on driver's seat provides more breathability and extra grip if needed
- Basket weave is sewn into the slender tail section to accent the low seat styling and profile
- Made in the U.S.A.

DOMINATOR SOLO SEAT AND PILLION PAD WITH BACKREST OPTION

- Hybrid seat design combines SaddleGel interior, progressive-density foam and a Gel Channel-design cover to provide Harley-Davidson riders with unparalleled comfort, control and modern style
- Seats using Saddlemen's Gel Channel (GC) technology have a center channel that relieves seating pressure on the perineal area, increasing blood flow, thus keeping the rider comfortable in the saddle for longer time
- In addition to pressure relief, the GC-style center of the seat provides an air-flow passage
- The rugged carbon-fiber weave and smooth vinyl cover holds up to hard use and still retains its good looks
- Every cover is constructed with durable, marine-grade vinyl that resists water and cold-cracking
- Using a very large GEL pad for additional foam support and vibration damping, these GC-style seats offer the comfort levels normally found in larger touring seats
- Marine-grade fiberglass pans and chrome brackets make sure the seat is durable for decades of riding
- Easy to install; some seats and pillion pads include additional mounting hardware as needed
- The matching optional driver's backrest installs in seconds without using tools and can be adjusted both horizontally and vertically to the rider's back and is removable for a sleek appearance
- The matching optional pillion pads also feature GEL and the same GC-design plus a shape fuller than conventional pillion pads for longer rides in great comfort
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Dominator detachable pillion pads.

NOTE: See page 397 for matching Saddlemen Dominator sissy bar pads.

SADDLEMEN™ FOR DYNA GLIDE

PERFORMANCE OUTFITTER

RENEGADE™ LARIAT SOLO SEAT WITH BACKREST OPTION AND PILLION PAD

- The Lariat solo seat is covered in genuine distressed brown leather so it is as close to having a true western horse saddle as you can get
- Genuine cowhide is tanned and cut to produce unique leather covers; no two seats are the same
- Each seat will break-in to be supple with a distinctive appearance, further enhancing the unique appeal of the free-range leather
- The seat pans are engineered from Saddlemen's award-winning Heel's Down Renegade solo seat family, so the fit is perfect
- Like a Heel's Down, each Lariat seat is specially-designed to position the rider lower and forward for better control and riding comfort
- Each solo saddle is low, wide and contoured to allow the rider to securely plant feet when stopped
- Unique blend of variable-density foam and Gel Core technology is the largest comfort advancement in motorcycle seating since the creation of suspension
- Each seat contains the internal hardware to accept an optional matching driver's backrest; backrest is sold separately
- Covered with the same special leather as the seats, the optional driver's backrest adds superb lumbar support with position adjustment for excellent riding comfort
- The optional driver's backrest installs in seconds without using tools
- Matching, optional leather covered pillion pad also features GEL to aid in passenger comfort; pillion pads is sold separately
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Lariat detachable pillion pads.

NOTE: See page 397 for matching Saddlemen Lariat sissy bar pads.

S3 SUPER SLAMMED SOLO SEATS

- Really low to create a stylish saddle so thin it barely covers the bike's battery
- The perfect seat choice for the rider alone, no passenger pillion
- The sculpting of the seat not only creates a smart style, but it gives riders a short leg reach to the ground for confident stops
- Choose either a leather-grain SaddleHyde™ seat cover or the new brushed SaddleHyde™ cover for a rich, custom look
- Both cover types offer excellent comfort with a classic feel and are weather-resistant for low-maintenance ownership
- The progressive density foam foundation offers a surprising amount of supportive comfort for a slammed solo seat
- Marine grade fiberglass pans and chrome brackets make sure the seat is durable for decades of riding
- Easy-to-install, just like the bike's original seat; includes additional mounting hardware as needed
- Designed and made in the U.S.A.

NOTE: See page 376 for matching Saddlemen S3 detachable pillion pads.

KNUCKLE SOLO SEAT

- Audacious new custom seat family from Saddlemen, with a brash refinement that instantly transforms your bike
- Deep, aggressive ribs are carefully stitched into the brushed SaddleHyde™ weather-resistant cover while hand-crafted progressive density foam and SaddleGEL™ foundations serve up comfort not normally present in a low profile seat
- Strong fiberglass pans with plated hardware ensure a perfect fit for a trouble-free install
- Designed and made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Knuckle detachable pillion pads.

SADDLEMEN™
PERFORMANCE OUTFITTER

FOR FXR

**EXPLORER™ SEAT**

- Comfortable touring design
- Supple SaddleHyde™ offers a combination of comfort, glove-soft leathery feel and weather-resistant, no-maintenance good looks
- Exclusive, unique split-cushion design separates the seating surface from the lumbar support, reducing tailbone and back pressure for maximum long-range comfort
- Unique blend of variable-density foam and Gel Core technology is the largest comfort advancement in motorcycle seating since the creation of suspension
- Increases comfort during long trips
- Made in the U.S.A.

NOTE: Matching luggage available, see SADDLEBAGS & LUGGAGE section.

NOTE: See page 397 for matching Saddlemen Explorer sissy bar pads.

PART #	DESCRIPTION	SUG. RETAIL

LOW-PROFILE TOURING SEAT WITH OPTIONAL EZ GLIDE BACKREST SYSTEMS

- Solar-reflective leather in the seating area and automotive-grade vinyl on the sides; patented process reduces surface temperature by as much as 25°F for a cooler seat, higher durability and longer life over conventional leather or vinyl
- Low-profile design with molded flexible urethane foam interior for improved seating position and maximum comfort
- 3/16" ABS thermoformed seat base for a perfect fit, and fully carpeted bottom with rubber bumpers to protect paint
- Features backrest capability for both driver and passenger
- Seats' internal EZ Glide systems feature virtually no metal-to-metal contact with the backrest detent bars; bars are securely suspended in place using synthetic composites that virtually eliminate corrosion and wear
- Seats' detent tab is a rust-free advanced polymer and is what allows for the smooth operation of the EZ Glide systems; passenger backrest position on seats features a locking screw for additional security over detent tab
- Optional backrests feature solar-reflective leather cover and multiple detents with virtually no metal-to-metal contact for vertical and fore/aft pad adjustment
- EZ Glide II™ small backrest measures 9" W x 5¹/₄" H and does not include a pouch; EZ Glide II™ large backrest measures 10" W x 7¹/₂" H and includes a pouch on the backside of the pad
- "The Convertible" EZ Glide II large backrest includes a rain cover that pulls out of a pouch on the backside of the pad and covers the entire seat
- All backrests can be used in either position
- Made in the U.S.A.

SADDLEMEN™ FOR XL

PERFORMANCE OUTFITTER

0804-0345

0804-0311

EXPLORER™ SEATS

- Comfortable touring design
- Some models offer removable driver's backrest, which is adjustable for both height and fore-aft position
- Supple SaddleHyde™ offers a combination of comfort, glove-soft leathery feel and weatherproof, no-maintenance good looks
- Exclusive, unique split-cushion design separates the seating surface from the lumbar support, reducing tailbone and back pressure for maximum long-range comfort
- SaddleGel™ in both driver and passenger portions creates a unique blend of variable-density foam and Gel Core technology that is the largest comfort advancement in motorcycling seating since the creation of suspension
- Made in the U.S.A.

NOTE: Matching luggage available, see SADDLEBAGS & LUGGAGE section.

NOTE: See page 397 for matching Saddlemen Explorer sissy bar pads.

DOMINATOR SEAT AND PILLION PAD WITH BACKREST OPTION

FOR XL

- Hybrid seat design combines SaddleGel™ interior, progressive-density foam and a GEL Channel-design cover to provide Harley-Davidson riders with unparalleled comfort, control and modern style
- Seats using Saddlemen's GEL Channel (GC) technology have a center channel that relieves seating pressure on the perineal area, increasing blood flow, thus keeping the rider comfortable in the saddle for longer time
- In addition to pressure relief, the GC-style center of the seat provides an air-flow passage
- The rugged carbon-fiber weave and smooth vinyl cover holds up to hard use and still retains its good looks
- Every cover is constructed with durable, marine-grade vinyl that resists water and cold-cracking
- Using a very large GEL pad for additional foam support and vibration damping, these GC-style seats offer the comfort levels normally found in larger touring seats
- Marine-grade fiberglass pans and chrome brackets make sure the seat is durable for decades of riding
- Easy to install; some seats and pillion pads include additional mounting hardware as needed
- The matching optional driver's backrest installs in seconds without using tools and can be adjusted both horizontally and vertically to the rider's back and is removable for a sleek appearance
- The matching optional pillion pads also feature GEL and the same GC-design plus a shape fuller than conventional pillion pads for longer rides in great comfort
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Dominator detachable pillion pads.

NOTE: See page 397 for matching Saddlemen Dominator sissy bar pads.

RENEGADE™ LARIAT SOLO SEAT WITH BACKREST OPTION AND PILLION PAD

- The Lariat solo seat is covered in genuine distressed brown leather so it is as close to having a true western horse saddle as you can get
- Genuine cowhide is tanned and cut to produce unique leather covers; no two seats are the same
- Each seat will break-in to be supple with a distinctive appearance, further enhancing the unique appeal of the free-range leather
- The seat pans are engineered from Saddlemen's award-winning Heel's Down Renegade solo seat family so the fit is perfect
- Like a Heel's Down, each Lariat seat is specially designed to position the rider lower and forward for better control and riding comfort
- Each solo saddle is low, wide and contoured to allow the rider to securely plant feet when stopped
- Solo seat and pillion pad each feature a unique blend of variable-density foam and GelCore™ technology that is the largest comfort advancement in motorcycle seating since the creation of suspension
- Each seat contains the internal hardware to accept an optional matching driver's backrest; backrest is sold separately
- Covered with the same special leather as the seats, the optional driver's backrest adds superb lumbar support with position adjustment for excellent riding comfort
- The driver's backrest installs in seconds without using tools
- Matching, optional leather covered pillion pads also feature GEL to aid in passenger comfort; pillion pads are sold separately
- Available with either a 3.3 or 4.5 gallon fuel tank option
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen Lariat detachable pillion pads.

NOTE: See page 397 for matching Saddlemen Lariat sissy bar pads.

**S3 SUPER SLAMMED SOLO SEATS**

- Really low to create a stylish saddle so thin it barely covers the bike's battery
- The perfect seat choice for the rider alone, no passenger pillion
- The sculpting of the seat not only creates a smart style, but it gives riders a short leg reach to the ground for confident stops
- Choose either a leather-grain SaddleHyde™ seat cover or the new brushed SaddleHyde™ cover for a rich, custom look
- Both cover types offer excellent comfort with a classic feel and are weather-resistant for low-maintenance ownership
- The progressive density foam foundation offers a surprising amount of supportive comfort for a slammed solo seat
- Marine grade fiberglass pans and chrome brackets make sure the seat is durable for decades of riding
- Easy to install, just like the bike's original seat; includes additional mounting hardware as needed
- Made in the U.S.A.

NOTE: See page 376 for matching Saddlemen S3 detachable pillion pads.

WIDE SOLO SEATS WITH REMOVABLE
BACKREST AND REAR SEATS

- Solo seat is trimmed with a functional skirt that comes down over the frame and fender for a clean, uninterrupted look
- Studded Naugahyde cover is trimmed with conchos tied with leather
- Steel base with support wings holds up the full width of the foam bucket
- Matching pillion pad features a recess in the front of pad to accommodate the backrest
- Backrest has four height adjustments from 13.5" to 15.5" above seat bucket, and measures 7" high by 12" wide
- Backrest is easily removed and installed without tools; folds forward for easy mounting of bike
- Made in the U.S.A.

SLIMLINE SOLO SEATS

- Same features and construction as Solo seats with a deeper side profile contour for bikes with steep backbones
- Heavy-gauge stamped steel pan with gently sloping rear kick for added support
- Stamped-in ridges on the pan increase stiffness and give the pan a clean, classic look with a matte black electroplated finish
- Covers are hand-stitched, heavy-duty black vinyl
- Foam is molded polyurethane, approximately 1" thick
- Uncovered seat also available to allow riders to customize to their liking
- A unique carriage bolt system on the underside of the seat pan allows builders to fine tune the location of the seat hinge and both springs
- Measure 13" L x 10" W

SOLO 2 SEATS

- 1/8" thick stamped steel pan with welded carriage bolts on nose and tail for spring and hinge mounting
- Stamped-in ridges on the pan increase stiffness and give the pan a clean, classic look with a matte black electroplated finish
- Covers are made of hand-stitched heavy-duty black vinyl and are available in four styles: tuck n' roll, smooth, diamond and uncovered
- Foam is molded polyurethane, approximately 1" thick
- Compared to the original Solo seat, the new Solo 2 has a shorter overall length and two more inches of kick in the tail to deepen the seating area and improve its visual flow on bikes with steep backbones
- Uncovered seat also available to allow riders to customize to their liking

PART #	DESCRIPTION	SUG. RETAIL

DRIVER BACKREST KIT FOR OEM DRESSER/TOURING SEATS

- Specially designed to work with 88-17 Dresser/Touring models (except H-D FL Trike) with OEM slotted seat
- EZ Glide receiver mechanism allows you to easily mount your choice of pad assembly (receiver mechanism and pads sold separately)
- Pad assembly includes high-quality polished and chrome-plated 7.25" (short) or 9.75" (tall) detent bar with a design that provides 2" of fore and aft adjustment
- All pads fold forward for ease of getting on and off bike
- Pad assembly options include a vinyl pillow-style to match tall pillow-style seats, and solar-reflective leather styles that match both lower profile and tall seats; solar-reflective reduces surface temperature by as much as 25°F for a cooler contact, higher durability and longer life over conventional leather or vinyl
- All large pad assemblies also include a pouch
- Made in the U.S.A.

NOTE: Short bar is for Street Glide, Road King and Road Glide-style low-profile seats. Tall bar is for Ultra-style tall-profile seats.

"THE CONVERTIBLE" BACKREST ASSEMBLY WITH BUILT-IN SEAT RAIN COVER

DRAG
Specialties
seats

- Pad features solar-reflective leather on contact area; pouch and pad sides are high-quality automotive-grade vinyl
- Complete backrest assembly has a seat rain cover that pulls out of the pouch on the backside of the pad and covers the entire seat
- Rain cover is secured in the pouch by two snaps and can be removed for cleaning or to use the oversized pouch for additional storage
- Rain-resistant black cover is 300 x 300 denier polyester fabric with a urethane coating and WRMR (water-resistant, mildew-resistant) finish
- Easy use: simply lay backrest forward, unzip pouch, remove rain cover and pull around the perimeter of the seat to secure
- Backrest assembly can be used in driver or passenger position
- All exposed hardware is polished with a chrome finish; internal base is 14 gauge steel
- Pad measures 10" W x 7 1/2" tall, pivots to the angle of your back and adjusts fore and aft up to 2"

PART #	DESCRIPTION	SUG. RETAIL

GENERAL**PHANTOM PADS**

- The Phantom Pad® is the finest, most comfortable low profile removable pad on the market
- Each pad is engineered with a sturdy plastic foundation
- High resilient foam combined with memory foam maximizes the motorcycle's suspension by conforming to the rider's body shape
- Rugged, but compliant PhantomHyde™ covers achieve longer riding times
- No other removable seat delivers the look and comfort as Phantom Pad®
- Designs come in 6", 7", and 9" models
- Each pad is 2" thick (except Phantom Gel pads which are 2½" thick)
- Made in the U.S.A.

NOTE: Not for passenger use; for cosmetic use only.**NOTE:** Pads should be installed dry; do not wet either fender or suction cups during installation.**NOTE:** Not for use in hot, wet or rough conditions.

GENERAL**DETACHABLE PILLIONS**

- One of the most comfortable, lowest profile and best looking pillions on the market
- The unique blend of variable-density foam and Gel Core technology is the largest comfort advancement in motorcycle seating since the creation of suspension
- The rugged, but compliant, cover works to keep riders and passengers comfortable for long stretches of highway time
- Each pad attaches easily and securely with its limited-lifetime warranted, unique dry-installation, dual-cavity suction cup and can be removed just as easily using the built-in quick release pull tab
- The pads' non-abrasive liner also ensures your expensive rear fender paint job is protected during attachment or removal
- Available in three sizes: 6" (1³/₄" H x 6" W x 10" L), 7" (1³/₄" H x 7" W x 10" L) and 9" Contoured (1³/₄", 9" W x 10" L) in four styles
- Made in the U.S.A.
- Dominator combines leading-edge styling with comfort enhancing Gel Channel technology for a truly unique seat that looks and feels great
- Knuckle is engineered to brashly transform your bike with its deep, aggressive ribs that are carefully stitched into element-resistant distressed Saddlehyde™ cover
- Lariat is covered in genuine distressed brown leather; it's as close to having a true western horse saddle as you can get
- The S3's fit and finish matches its street-smart looks with two cover options to choose from: Standard Saddlehyde™ and element-resistant distressed Saddlehyde™ cover

NOTE: Not for passenger use; for cosmetic use only.

NOTE: Pads should be installed dry; do not wet either fender or suction cups during installation.

NOTE: Not for use in hot, wet or rough conditions.

**AIRHAWK R SEAT PADS**

- Center cut-out area runs from the front to the back of the cushion, creating strategic points of no contact
- Back cutaway allows for tailbone and prostate relief and has a tapered transition for increased comfort
- Re-designed cell geometry improves airflow under the rider to keep pad and rider cool
- Include a nonskid cover and straps for securing it to the bike's seat
- Cover is constructed from a breathable space mesh with red vinyl accents
- Automatically adjusts to the shape of the rider
- Made in the U.S.A.

**AIRHAWK 2 SEAT PADS**

- Unique inflatable, multiple-cell design for the ultimate in comfortable seating and vibration absorption
- Made from polyurethane and features a breathable, stretchable outer cover and a nonskid urethane base to protect your seat
- Feature open-mesh side panel to allow air circulation through individual air cells, creating extra ventilation to reduce heat buildup
- Patented Shape Fitting Technology eliminates painful pressure points and promotes consistent blood flow for a longer, more comfortable ride
- Automatically adjusts to the shape of the rider
- Raises ride-height only slightly
- Securely fastens via double strap system running under seat or pillion
- Will not scratch or disfigure existing seat or pillion
- Valve for inflation, adjustment and deflation
- Made in the U.S.A.

DS-490045	Seat mount nut; or as a repl. OEM #59768-97 (5-pk.)	\$3.95 (ea.)
DS490044	Repl. "E" clip (10-pk.)	1.25 (ea.)

BACKREST PAD ADJUSTMENT KNOB

- Fits all Drag Specialties seats backrest pads
- Polished stainless steel
- Unique six-shooter design
- Measures 5/16" x 3/4 L

DRAG
Specialties
seats

PART #	DESCRIPTION	SUG. RETAIL
0822-0222	Backrest pad adjustment knob	\$15.95

All part numbers in **BLUE** are new for 2017.

**HINGED MOUNTING BRACKET**

- Heavy duty steel construction
- Black finish
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0820-0080	For Drag Specialties spring solo seats or custom applications	\$12.95

SEAT MOUNTING BRACKET

- Lets you convert any FXR model's hinged seat to a one-piece seat that does not hinge (same as the FXR Super Glide models)
- A beautiful reproduction of the OEM bracket found on Super Glide models
- Can also be used on Softail and various XL models for custom seat mounting
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
DS-490017	Tank/front seat bracket for 86-91 FXR Super Glide (ea.); repl. OEM #52107-86	\$7.95

REPLACEMENT SEAT MOUNTING BRACKET KIT FOR D.S. SEAT

- Replacements for the seat mounting brackets found on our Drag Specialties seat for the model listed
- Can also be used for custom seat mounting applications
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
DS-490049	For 85-95 XL D.S. seats w/ aluminum seat base	\$11.95

**UNIVERSAL SEAT HINGE BRACKETS**

- Chromed brackets permit seat to flip over gas tank for easy access to engine components
- Square style fits custom rigid and FXST/FLST frames
- Round style may be used on most custom rigid and Softail frames
- Sold individually

NOTE: Width given is the width of the front mount.

PART #	DESCRIPTION	SUG. RETAIL
DS-902012	Round end 7 1/2" L x 1 7/8" W	\$8.95
DS-902013	Square end 7" L x 1 3/4" W	10.95

CAST STAINLESS-STEEL SEAT HINGE

- Investment-cast stainless steel seat hinge is rugged and beautiful
- Raw cast chromoly bung welds to the backbone of the bike's frame to create a hinge for mounting solo seats on custom choppers
- Stainless steel seat bracket bolts securely to the weld-on bung with a recessed shoulder bolt to form a hinge on finished assembly
- Hand-polished finish

PART #	DESCRIPTION	SUG. RETAIL
0820-0046	Cast stainless-steel solo seat hinge	\$79.95

SEAT MOUNT BRACKET FOR DYNA GLIDE

- Includes bracket and mounting hardware
- Required to mount Enzo, Boss and Avenger solo seats to FXDF 08-17 models
- Made in U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0820-0047	Mount bracket	\$9.95

**SEAT REAR MOUNTING BRACKET**

- Bracket can be used with new- and old-style fender nuts
- Can be used on all motorcycles with the mount-nut and E-clip-style (OEM #59768-97 and PART #DS-490045) on 1997 and later H-D models
- Comes with a plastic step washer that reduces the hole to a 1/4" I.D. for early models with factory weld-in fender nuts
- Bracket replaces OEM #s 51651-79 early and 51652-83B later style
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0820-0027	Seat rear mount bracket	\$10.95

REAR SEAT BRACKETS WITH RETAINED SCREW

- Chrome-plated steel bracket features a retained mounting screw that stays attached with the bracket
- Mounting screw has a knurled edge for finger tightening and a hex socket for wrench tightening
- 1/4"-28 UNF screw with nylon washer
- Sold each

PART #	DESCRIPTION	SUG. RETAIL
DS-490018	For 84-10 FXST, 91-17 Dyna Glides, 83-03 XL, 86-94 FXR Super Glides and a wide variety of custom applications	\$29.95

**FENDER-MOUNT SEAT BRACKET**

- Mounts Mustang Regal Touring seats to 77 and earlier FLH models without a handrail
- Seats for 78 and later FLH models mount to the stock handrail bracket
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
DS-900399	Fender mount seat bracket	\$20.00

**SEAT HINGE**

- Stainless steel solo seat hinge
- Includes steel weld-on tab
- Raw finish, ready for polishing or powdercoat
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
0820-0043	Solo seat hinge w/ weld-on tab	\$59.95

**MACHO NEGRO SEAT HINGE**

- The evolution of Biltwell's original 4130 chromoly seat hinge
- Second-generation welded seat bracket now features an even tougher investment-cast steel pivot head
- Retrofits to both the original welded and newer cast hinge bung so upgrades are easy
- Black electroplated finish

PART #	DESCRIPTION	SUG. RETAIL
0820-0045	Steel solo seat hinge	\$49.95

SEAT HINGE BUNG

- Made from investment-cast chromoly steel
- Fits 1.5" o.d. backbone tubes on stock and custom motorcycle frames, and makes an ideal hinge point for any solo seat hinge
- Also works great as a mount for headlight brackets, muffler hangers and other custom parts
- Raw finish makes welding and painting a breeze

PART #	DESCRIPTION	SUG. RETAIL
0820-0061	Seat hinge	\$6.95

PERFORMANCE PRODUCTS

QUICK-DETACH PASSENGER BACKRESTS AND MOUNTING KITS

- Two convenient ways to order: buy universal backrests and bike-specific mounting kits separately for an inventory-friendly system or get a complete backrest and mount kit in a ready-to-go package
- Backrest is constructed of billet or steel with a chrome finish
- Feature quick-detach docking hardware for easy installation or removal; no tools needed
- Choice of short billet (11 1/2" mounted height), tall billet (15 1/2" mounted height), short steel (11 1/2" mounted height) or mini steel (9" mounted height) universal backrest; complete kits also available with touring steel and touring billet backrests (15" mounted height)
- Short billet backrest also available in wide-pad version with swivel action
- Backrest pad has smooth black vinyl covering
- Billet racks work alone or with backrest (unless noted)
- Order a complete kit or one mounting kit and one backrest (or rack)
- Made in the U.S.A.

SQUARE SISSY BARS AND SIDE PLATES

- Bars are constructed from 9/16" solid steel
- Side plates feature raised accent on select applications
- Easy, bolt-on design – no drilling required
- Bars are measured from first bend on leg to the top of the bar
- Bars and side plates are sold separately
- Available in black or chrome
- Made in the U.S.A.

NOTE: 90-93 XL models will require longer turn signal stalks when reinstalling stock turn signals; use PART #DS-264005.

NOTE: Sissy bars do not accept luggage rack.

ROUND SISSY BARS AND SIDE PLATES

- All sissy bars are constructed from $\frac{9}{16}$ " solid steel
- Side plates are a bolt-on design – no drilling required
- Bars are measured from the first bend to the top of the bar
- Bars and side plates sold separately
- Available in chrome or with a gloss black finish
- Made in the U.S.A.
