MEMPHIS SLIM

- Slimmed-down version of Memphis Fats is 18" wide
- Eight gradient translucent colors as well as clear and solar (a light tint with 72% visible light transmission)
- Available in 15" and 17" heights
- Fits standard headlight size (5³/₄" – 7")
- Made of Lucite® for excellent optics and durability
- Windshield straps are available in polished stainless steel with CNC-machined billet aluminum fittings and stainless steel socket-head screws or the "Night Shades" black version which is a gradient black windshield with black E-coated stainless steel straps, fittings and hardware for a black-on-black sinister look
- No-Tool detachable Trigger-Lock mounting hardware must be ordered separately; available in polished or "Night Shades" black, see pages 16-18
- Optional Lowers available for additional windshield coverage; see page 13
- Made in the U.S.A.

DROP TOP™ MEMPHIS FATS

- A revolutionary concept - a short windshield that offers all the performance of a tall one
- The windshield is low and out of your line of sight, but the smooth air goes over your head with no turbulence or buffeting
- Contoured concave Venturi Wing boosts the airflow 3" higher than a traditional windshield design
- Fine tunable toolless adjustable height with a range of 1 1/4"
- Height can be adjusted to find the sweet spot of optimal wind protection and comfort in varying conditions or weather, and have the option to "Drop Top" around town
- 22" W with three adjustable heights to choose from: 13"-16", 15"-18" and 17"-20"
- Windshield straps are available in polished stainless steel with CNC-machined billet aluminum fittings and stainless steel socket-head screws or the "Night Shades" black version which is a gradient black windshield with black E-coated stainless steel straps, fittings and hardware for a black-on-black sinister look
- Fit standard headlight size (5 3/4"-7")
- Engineered using CFD (Computational Fluid Dynamics) software, and proven in countless miles of on-the-road testing
- No-Tool detachable Trigger-Lock mounting kits must be ordered separately; available in polished or "Night Shades" black; see pages 16-18
- Optional lowers available for additional coverage; see page 13
- Made in the U.S.A.

DROP TOP MEMPHIS FATS WINDSHIELD SIZING PROCEDURE

- Using a Memphis Shades sizing guide held about "one finger" above the headlight, slanted back about the same angle of the forks, sight level through the sizing guide to the tip of the rider's nose
- The closest height shown on the sizing guide is the rider's normal windshield height
- For Drop Top sizing, subtract 2" from the rider's normal windshield height and find the Drop Top range into which the shorter height fits (For example, if you measure 19" on the sizing guide, subtract 2" to get 17"; your Drop Top Memphis Fats size is 15"-18")

¹ FLHRS/FLHRSI require FLHR OEM windshield docking hardware.

All part numbers in **BLUE** are new for 2017.

SIDE WINGS

- Expands comfort pocket, channeling air outward while "cleaning" the flow
- Adjusts to suit rider preference
- Can be installed/removed with windshield intact – Santoprene pads grip the windshield but do not mar the surface
- "Ghost" shade – a neutral tint with 85% light transmission barely noticeable, with just enough tint to make the edges disappear
- Fats Side Wings (Part #2350-0142) attach to any Memphis Fats windshield using CNC machined billet aluminum clamps – black E-coated (can be mounted along with Booster Wing)
- Side Wings (Part #2350-0200) fit Road King, Fat Boy, Heritage and Memphis Fats windshield using injection molded glass filled nylon clamps in place of the billet aluminum clamps (can be mounted along with Hot Wing)

PART #	DESCRIPTION	SUG. RETAIL
2350-0200	Side Wings	\$99.95

HOT WING

- Boost airstream upward – Venturi action speeds up the airstream while smoothing the flow – without buffeting
- Allows the use of a shorter shield; now you can easily look over your shield
- Made with "Ghost" shade – a neutral tint with 85% light transmission; barely noticeable, with just enough tint to make the edges disappear
- Uses lightweight, economical injection-molded glass-filled nylon clamps; fits Memphis Fats windshields or similar windshields that measure 3mm or 4.5mm thick (includes inserts for both sizes)
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
2350-0199	Memphis Hot Wing	\$79.95

NO-TOOL TRIGGER-LOCK MOUNT KITS FOR MEMPHIS SHADES FATS/SLIM AND SPORTSHIELD WINDSHIELDS

- Gone are the days of fumbling with tools to remove your windshield
- The revolutionary No-Tool Trigger-Lock hardware features an innovative system that allows you to quickly and easily remove your windshields without the use of any tools
- A pair of latches lock the windshield down until the spring loaded "trigger locks" are intentionally disengaged, allowing the rider to remove the windshield
- Hardware is fully adjustable to achieve just the right windshield angle
- Kits are available in a combination of CNC-machined aluminum plates, stainless steel bolts and aluminum anchors, or black E-coated plates, bolts and anchors
- Kits are custom-fit to each style of bike for a truly no-hassle installation
- Made in the U.S.A.

PLATES-ONLY KITS

- Allow changing from Fats/Slim to Sportshield or from Sportshield to Fats/Slim without purchasing the entire mounting hardware

INDEPENDENT LOWERS KITS

- Mounts Memphis Shades Lowers to most motorcycles
- Each kit contains two fork clamp/mounting assemblies and all necessary hardware to mount Lowers plastic
- Kits can be used with select Memphis Shades windshields and several OEM windshields
- Sold in pairs; must order Lowers plastic separately

HELL CAT

- Sculpted full-body shape
- Measures 20" W x approximately 18" H above headlight
- Fits most round headlights
- Made of Lucite® for excellent optics and durability
- Available in seven gradient translucent colors and solar (a light tint with 72% visible light transmission)
- Included two-point mounting hardware consists of polished billet aluminum handlebar clamp that fits 1" and 7/8" handlebars (with sizing band), aluminum rake plates and bushings, stainless steel support rods and socket-head screws
- Optional 1 1/4" handlebar clamps sold separately (PART #MEM9950)
- Made in the U.S.A.

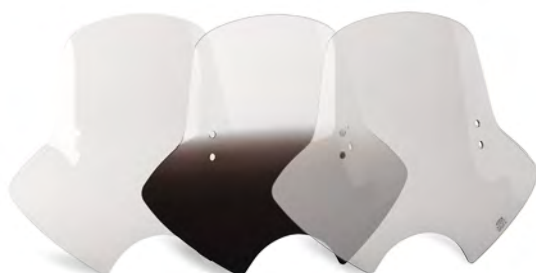

NOTE: To remove, simply loosen two socket-head screws, leaving clamps on bars for perfect reattachment of shield.

SPOILER REPLACEMENT WINDSHIELDS FOR OEM FAIRINGS

- Designed to be looked over, the spoiler windshield diffuses the air stream effectively slowing the flow, without buffeting
- Made of aircraft-grade Lucite® for excellent optics and durability
- Available in smoke (a medium bronze tint with 30% visible light transmission), ghost (a light black tint with 85% visible light transmission) and solar (a light bronze tint with 72% visible light transmission) for a custom style and adapting to any riding conditions
- Uses OEM hardware for a perfect fit
- Made in the U.S.A.

DROP TOP™ REPLACEMENT PLASTIC FOR ROAD KING WINDSHIELD

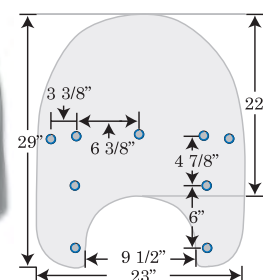

- Revolutionary concept; the windshield is out of your line of sight, but the air goes over your head, so no buffeting
- Now riders can replace their OEM windshield and upgrade to the latest in wind management technology
- Adjustable, available in two colors and three height ranges
- Engineered using CFD (Computational Fluid Dynamics) Software
- Contoured concave Venturi Wing™ boosts the airflow up an additional 3", through the full range of adjustment
- Fine-tune final toolless adjustment 1 1/4" for a perfect fit, or "drop top" around town
- Perfect fit with OEM hardware
- Holes are not drilled but are machined to accept snap-in nylon inserts that prevent stress fractures and star cracks commonly seen around holes – an exclusive feature of Memphis Shades replacement plastic
- Made in the U.S.A.

REPLACEMENT PLASTIC FOR HARLEY-DAVIDSON® WINDSHIELDS

- Now riders can replace their OEM windshield with the size and color of their choice
- Seven gradient translucent colors as well as clear and solar (a light tint with 72% visible light transmission)
- Made of Lucite® for excellent optics and durability
- Available for five models in up to four different heights – pick a size that's right for you
- Perfect fit with OEM hardware
- Holes are not drilled but rather machined to accept snap-in nylon inserts that prevent stress fractures and star cracks commonly seen around holes – an exclusive feature of Memphis Shades replacement plastic
- Made in the U.S.A.

Due to variations in OEM mounting hardware, these windshields may not fit all models; be sure to check measurements before ordering.

VERTICAL STRAPS

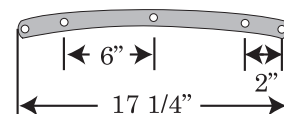

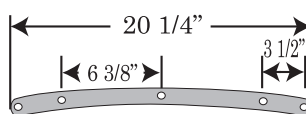

There is a right and left strap, although they measure the same.

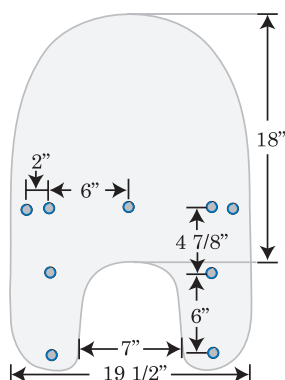

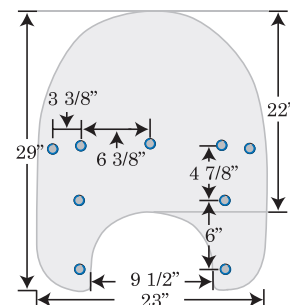

HORIZONTAL STRAPS

The windshield should have one of the two straps illustrated. Straps shown for reference only.

NOTE: Measurements are approximate and measured center to center of holes on the outside of windshield.

REPLACEMENT PLASTIC FOR MEMPHIS SHADES WINDSHIELDS

- Replacement plastic is a low-cost alternative to replace worn or damaged Memphis Shades
- Seven gradient translucent colors as well as clear and solar (a light tint with 72% visible light transmission)
- Made of Lucite® for excellent optics and durability
- Available for standard headlight size of 5 3/4" – 7" and 9" headlights
- Replacement plastic does not include any hardware
- Sportshield replacement plastic has same part numbers as found on pages 14-15
- Made in the U.S.A.

WINDSHIELD/FAIRING STORAGE BAG

- Constructed of 600-denier "tool bag" material and lined with faux Sherpa to ensure a mar-free surface
- Safe way to carry or store Memphis Shades windshields or small fairings
- Convenient handle to carry windshield/fairing or hang out of harm's way
- Will hold one Memphis Fats/Slim, Sportshield or fairing (Bullet, Gauntlet, Cafe) with or without mounting plates installed
- Also fits most OEM HD windshields, including Road King windshield

All part numbers in **BLUE** are new for 2017.

FLARE™
WINDSHIELD

FLARE™ WINDSHIELDS

- Wind tunnel designed and tested, the "hips" provide added downforce while the flip at the tip directs air over the rider to help eliminate the swirl of air found in front of the rider on standard windshields
- Lexan® Polycarbonate with FMR hard coating is used to create these custom-molded designs with unmatched durability
- All are predrilled for easy mounting using stock windshield hardware
- Made in the U.S.A.

NOTE: The black version may not be suitable for shorter riders as it's an opaque material.

The Klock Werks Flare™ Windshields are protected under United States Patents: D632235S, D586274S, D586275S, D633017S, D626046S, D633018S And also under International Patents: 324093, 324094, 325192.

FLARE™ WINDSHIELDS

- Now available in two new styles
- The Pro-Touring Flare™ is a wider, more full-coverage option for riders and passengers that prefer an even greater amount of wind protection for the long haul and is stylish enough to use around town
- The Sport Flare™ option is more streamlined and offers radical curves and a sportier stance, it complements the lines of the new fairing with a more aggressive profile and adds stability and handling with improved air management
- The patented design features "hips" at the sides that re-route the wind away from riders while adding downforce to the front-end of the motorcycle to improve stability vs. riding with the stock windshield
- The flip at the top of the Flare™ redirects air back as clean, less turbulent air for rider and passenger
- Wind tunnel designed and tested
- Lexan® Polycarbonate with FMR hard coating is used to create these custom-molded designs with unmatched durability
- All are predrilled for easy mounting using stock windshield hardware
- Made in the U.S.A.

NOTE: The black version may not be suitable for shorter riders as it's an opaque material.

The Klock Werks Flare™ Windshields are protected under United States Patents: D632235S, D586274S, D586275S, D633017S, D626046S, D633018S. And also under International Patents: 324093, 324094, 325192.

FLARE™ BILLBOARD WINDSHIELDS

Modeled after the original Flare™ windshield for Baggers, now almost every rider can get all of the same performance and style with bolt-on ease

With patented Klock Werks "hips" on the side and a flip at the top, shields have been wind tunnel designed and tested to produce the same amount of additional down force as original

Real world testing and computer simulation also produced multiple heights that will work for most riders; heights listed are measured from headlight opening to top of shield

All are predrilled for easy mounting using stock or Klock Werks windshield mounting kits

For the following applications "Detachable" refers to the old-style H-D grommet/hinge style mechanism; "Quick Release" refers to the new, 4-finger clamp-on style mechanism

Made in the U.S.A.

NOTE: All measurements given are approximate.

The Klock Werks Flare™ Windshields are protected under United States Patents: D632235S, D586274S, D586275S, D633017S, D626046S, D633018S and also under International Patents: 324093, 324094, 325192.

- Aerodynamically engineered to create a smooth flow of air
- Dramatically reduces buffeting
- Adjustable up-draft vent can be opened or closed
- Super tough polycarbonate construction with hardcoat to greatly reduce scratching
- Ciro vented panoramic design adds style and protection
- Curved top lip helps deflect air more efficiently over the rider and passenger

**AIRMASTER® THEME WINDSHIELDS**

- Made from premium quality, hard-coated polycarbonate
- Graphics are screen printed with proprietary inks making the images unbelievably sharp and durable at the same time
- Windshields are 7" tall

NOTE: Windshields are opaque; rider must maintain a clear line of sight over the windshield. The windshield should not obstruct your vision in any way.

REPLACEMENT WINDSCREENS

- Made from DOT-compliant shatterproof Acrylic; scratch-coat treated to resist marring
- Unique flip design creates smooth airflow 3" - 4" taller than while looking over the windshield
- Uses OEM hardware
- Light smoke is about 95% transparent; dark smoke is about 90% transparent
- Made in the U.S.A.

SR SERIES AND DOUBLE BUBBLE WINDSCREENS

- All Zero Gravity windscreens offer superior optical quality, strength plus flexibility, exceptional fit and finish, plus race-proven performance
- Made in the U.S.A.

SR SERIES

- Shaped like the original OEM screens that come stock from the factory, SR Series screens feature the best optical quality, fit and finish of any in the world
- Predrilled and designed to precisely fit your OEM fairing using your stock mounting fasteners

DOUBLE BUBBLE™

- Developed by Zero Gravity R&D in 1995 for Team ZG's race bikes, the Double Bubble is now seen on racetracks around the world
- Formed with a wedge-shaped bubble in the center of the windshield, the Double Bubble was originally designed to provide superior aerodynamics for a rider tucked in behind the windshield
- Adds a sleek aerodynamic look

SPORT TOURING WINDSCREENS

- Designed to reduce windblast on the sport touring rider and provide more comfort while in the upright riding position
- Raise the point where wind hits the rider by several inches to significantly reduce windblast
- Buffeting and other aerodynamic considerations will vary according to the rider's physical dimensions
- Made to the highest Zero Gravity standards, each Sport Touring screen is designed to enhance the look of the bike as well as provide better rider comfort
- Made in the U.S.A.

2330-0017 shown on a '03 FLHRC w/ optional 5" windshield

2330-0075 shown on a '12 FXDWG w/ optional 12" windshield and Ellipse fairing trim

Batwing fairing shown w/ optional 5" windshield, wind deflectors and Hogtunes Speaker System 4405-0218

2330-0092 shown on a '12 FXDF w/ optional 7" windshield and Ellipse fairing trim

MEMPHIS SHADES BATWING FAIRING

- The clean aerodynamic shape and innovative mounting system easily enhances the style and comfort of your ride
- The fairing body of PART #2330-0017 measures 36 1/2" wide and 17" tall; fairing body of PART #2330-0075 measures 33 1/2" wide and 17" tall (excluding windshield and wind deflectors)
- Inner fairing structure is black textured ABS
- Fairing outer shell is opaque black Lucite® with a class A finish that looks great as is or can easily be painted
- No-Tool Trigger-Lock mount kits are CNC machined and are available with E-coated polished or black aluminum and stainless steel hardware for a clean appearance that's built to last
- Trigger-Lock kits are available in a combination of CNC-machined aluminum plates, stainless steel bolts and aluminum anchors or black E-coated plates, bolts and anchors for a clean appearance that's built to last
- Fairing is predrilled and fitted with push-out hole plugs for easy wind deflector installation
- Windshields are available in four heights and seven translucent colors and clear and solar (a light tint with 72% visible light transmission); see next page
- Optional wind deflectors for increased downward air flow, windshield tri-pouch for storage and fairing trims for style are also available; see next page
- Now you can add an optional sound system to the Batwing Fairing with Hogtunes' speaker systems; see AUDIO & VIDEO section for more details
- Made in the U.S.A.

NOTE: Batwing Fairing is not compatible with any other fairing windshields, wind deflectors or accessories.

NOTE: Softail models listed that already have a Memphis Fats or Slims windshield installed can use their existing Trigger-Lock mount kit to install a Batwing Fairing, or purchase a plate-only kit (black or polished aluminum) and switch back-and-forth from Fats, Slim or Sportshield windshield to Batwing Fairing.

WHAT TO ORDER

1. BATWING FAIRING

2. TRIGGER-LOCK MOUNT KIT SPECIFIC TO BIKE MODEL; SOME SOFTAIL MODELS MAY REQUIRE A TURN SIGNAL RELOCATION KIT

3. WINDSHIELD OF YOUR PREFERENCE; HEIGHT AND COLOR OPTIONS ARE SHOWN ON NEXT PAGE

SPOILER WINDSHIELDS FOR MEMPHIS SHADES BATWING FAIRING

- Designed to be looked over, the spoiler windshield diffuses the air stream effectively slowing the flow, without buffeting
- Made of aircraft-grade Lucite® for excellent optics and durability
- Available in smoke (a medium tint with 30% visible light transmission), ghost (a light black tint with 85% visible light transmission) and solar (a light bronze tint with 72% visible light transmission) for a custom style and adapting to any riding conditions; vertical portion of ghost and solar shields is optically correct with the lower portion gradient black
- Mounts with existing hardware
- Made in the U.S.A.

**MEMPHIS SHADES BULLET FAIRING**

- Bold aerodynamic shape adds custom style and increases rider comfort
- Looks like a two-piece but is actually a strong, one-piece fairing constructed of high-impact aircraft-grade Lucite
- Provides full torso coverage to virtually eliminate wind fatigue, while allowing an unobstructed view of the countryside
- "Factory" finish looks great as is or can easily be painted to really achieve the next level of custom
- Custom fit, model-specific mounting kits feature Memphis Shades exclusive Trigger-Lock mounting system – on and off without tools; or if you already have a Memphis Fats/Slim windshield, Sportshield or Gauntlet Fairing, simply purchase a plate-only mount kit to mount the fairing

Trigger-Lock mounts let you remove your bullet fairing in a moment's time or quickly change to your Memphis Shades Fats/Slim or Sportshield windshield to instantly change the look of your bike.

BULLET BOOSTER WING

- Virtually eliminates buffeting, generating "clean" air, a boon for passengers as well as the driver
- "Ghost" shade – a neutral tint with 85% light transmission; barely noticeable, with just enough tint to make the edges disappear
- Santoprene pads grip the windshield but do not mar the surface
- Bullet Booster Wing attaches to the Bullet Fairing using glass filled nylon biplane clamps

MEMPHIS SHADES CAFE FAIRINGS

- The new California styling Cafe fairing is now available; one piece construction-machined groove outlines windshield, with lower section matte black inside, Class-A black outside
- Made of aircraft-grade Lucite with a "factory finish" that looks great as is or can be easily painted
- Custom-fit, model-specific mounting kits feature Memphis Shades exclusive Trigger-Lock mounting system, on and off without tools, or if you already have a Memphis Fats/Slim windshields, Sportshields or Batwing Fairing simply purchase a plate-only mount kit to mount the fairing

STRONG ARM INNER FAIRING SUPPORT BRACKETS

- Made from super-strong lightweight injection-molded high-impact nylon
- Pocketed ribbed design provides superior strength over stock metal type brackets, as well as being lighter than stock brackets
- Help reduce fairing vibration; bigger, heavier aftermarket speakers and amps are not a problem anymore
- Replaces OEM #58478-96B (left) and #58479-96B (right)
- Sold in pairs
- Made in the U.S.A.

PART #	DESCRIPTION	SUG. RETAIL
2330-0102	For 96-13 FLHT/FLHX (w/ OEM-style fairing)	\$96.95

HEAVY-DUTY INNER FAIRING SUPPORT BRACKETS

- Made with thick 13 gauge steel for increased strength
- Zinc-plated for superior rust resistance
- Ideal for use on bikes with upgraded speakers and/or amps
- Sold as a set

PART #	DESCRIPTION	SUG. RETAIL
2330-0144	For 96-13 FLHT/FLHX; repl. OEM #s 58938-96C, 58939-96C	\$39.95

MONKEY FAIRING SUPPORT BARS

- A remodeled version of the Bagger Nation standard engine guard eliminator (fairing support bar)
- Feature the highly popular Monkey Bars styling
- Chrome plated or gloss black powdercoat finish available
- Direct bolt-on application
- Made in the U.S.A.
